II. Background, Purpose, and Legal Basis

The Coast Guard is proposing to amend 33 CFR 100.1101 by adding a new reoccurring marine event to Table 1 of Section § 100.1101 for a boat parade in San Diego Bay, CA.

The San Diego Fleet Week Foundation notified the Coast Guard that it will be hosting the San Diego Fleet Week Veterans Day Boat Parade annually on a single day during the month of November. The regulated area would cover all navigable waters of San Diego Bay, beginning at Shelter Island, proceeding northeast to Harbor Island, proceeding southeast along the shoreline to Tenth Avenue Marine Terminal, crossing the Federal navigable channel prior to the Coronado Bridge, then northwest along the shoreline of Coronado Island to the Coronado Ferry Landing.

The proposed annually reoccurring special local regulation is necessary to provide for the safety of life on navigable waters during the event. Based on the nature of this marine event, the large number of participants, and event location, the COTP has determined that the event listed in this proposed rule could pose a risk to participants or waterways users if the normal vessel traffic were to interfere with the event. Possible hazards include risks of injury or death from near or actual contact among participants and mariners traversing through the regulated area. In order to protect the safety of all waterway users, including event participants and spectators, this proposed rule would establish a special local regulation for the time and location of the marine event. Vessels would not be permitted to enter the regulated areas unless authorized by the COTP or a designated representative. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041.

III. Discussion of Proposed Rule

The Coast Guard proposes to add one new recurring special local regulation in Table 1 to § 100.1101 for the San Diego Fleet Week Veterans Day Boat Parade. The event and special local regulation would occur on one day in November. The duration of the regulated area is intended to ensure the safety of the public during the parade. Non-participant vessels are not permitted to enter, transit through, anchor in, or remain within the regulated area without obtaining permission from the Captain of the Port San Diego or a designated representative. Annually before the event, the Coast Guard would
