

windshield assembly in accordance with step (2) or (3) of the Accomplishment Instructions in Honda SB-420-56-002, Revision B.

(i) Removal of Revisions to the AFMs and QRHs

Before further flight after replacing the windshield assemblies required by paragraph (h) of this AD, remove the AFM and QRH pages that were required by paragraph (g) of this AD.

(j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Atlanta ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (k) of this AD.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(3) AMOCs approved previously in accordance with AD 2022-05-13 are approved as AMOCs for the corresponding requirements in paragraph (g) of this AD.

(4) For service information that contains steps that are labeled as "Required for Compliance" (RC), the following provisions apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

(k) Related Information

For more information about this AD, contact Bryan Long, Aviation Safety Engineer, Atlanta ACO Branch, FAA, 1701 Columbia Avenue, College Park, GA 30337; phone: (404) 474-5578; email: 9-ASO-ATLACO-ADs@faa.gov.

(l) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(3) The following service information was approved for IBR on September 22, 2022.

(i) Honda Aircraft Company Temporary Revision TR 04A-1, dated 2020, for Airplane Flight Manual HJ1-29000-003-001 Rev E.

(ii) Honda Aircraft Company Temporary Revision TR 04A-1, dated 2020, for Airplane Flight Manual HJ1-29001-003-001 Rev C.

(iii) HondaJet Temporary Revision TR 04A-1, dated 2020, for Quick Reference Handbook HJ1-29000-007-001 Rev E.

(iv) HondaJet Temporary Revision TR 04A-1, dated 2020, for Quick Reference Handbook HJ1-29001-007-001 Rev C.

(4) The following service information was approved for IBR on April 18, 2022 (87 FR 14155, March 14, 2022).

(i) Honda Aircraft Company Alert Service Bulletin SB-420-56-002, Revision B, dated April 19, 2021.

(ii) [Reserved]

(5) For service information identified in this AD, contact Honda Aircraft Company LLC, 6430 Ballinger Road, Greensboro, NC 27410; phone: (336) 662-0246; website: hondajet.com.

(6) You may view this service information at FAA, Airworthiness Products Section, Operational Safety Branch, 901 Locust, Kansas City, MO 64106. For information on the availability of this material at the FAA, call (817) 222-5110.

(7) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, email: fr.inspection@nara.gov, or go to: archives.gov/federal-register/cfr/ibr-locations.html.

Issued on August 17, 2022.

Christina Underwood,

Acting Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2022-0545; Airspace Docket No. 22-AEA-9]

RIN 2120-AA66

Amendment of Class D and Class E Airspace; Baltimore, MD

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Class D airspace, Class E Surface airspace, and Class E Airspace Designated as an Extension to Class D airspace at Martin State Airport, Baltimore, MD. This action replaces the Baltimore Very High Frequency Omnidirectional Range Collocated Tactical Air Navigation (VORTAC) with the term Point of Origin. Also, this action removes unnecessary verbiage from the descriptor header. In addition, this action makes an editorial change

replacing the term Airport/Facility Directory with the term Chart Supplement in the legal descriptions of associated Class D and E airspace and makes the editorial change replacing the term Notice to Airmen with the term Notice to Air Missions. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area.

DATES: Effective 0901 UTC, November 3, 2022. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order JO 7400.11 and publication of conforming amendments.

ADDRESSES: FAA Order JO 7400.11F, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; Telephone: (202) 267-8783.

FOR FURTHER INFORMATION CONTACT: John Goodson, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; Telephone: (404) 305-5966.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it amends airspace in Baltimore, MD, to support IFR operations in the area.

History

The FAA published a notice of proposed rulemaking in the **Federal Register** (87 FR 32103, May 27, 2022) for Docket No. FAA-2022-0545 to amend Class D airspace, Class E Surface airspace, and Class E Airspace Designated as an Extension to Class D airspace at Baltimore, MD.

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the

proposal to the FAA. One comment was received via email from Commander (CDR) Bradford Wallace, Navy Representative, Eastern Service Area, FAA (AJV-E23). CDR Wallace was concerned that the editorial change replacing the Baltimore VORTAC with the term Point of Origin in the Notice of Proposed Rulemaking (NPRM) made it sound like neither navigational aids (NAVAIDS) still exist. Emails were sent to CDR Wallace explaining that the FAA is progressing to a 'Point of Origin' where NAVAIDS currently are used to describe airspace, and the FAA feels this action will help in the future as ground based navigational aids do become decommissioned.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021. FAA Order JO 7400.11F is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11F lists Class A, B, C, D, and E airspace areas, air traffic routes, and reporting points.

The Rule

The FAA amends 14 CFR part 71 by amending Class D airspace, Class E Surface Airspace, and Class E Airspace Designated as an Extension to Class D airspace at Martin State Airport, Baltimore, MD. This action replaces the Baltimore VORTAC with the term Point of Origin. Also, this action removes unnecessary verbiage from the descriptor header. In addition, this action makes an editorial change replacing the term Airport/Facility Directory with the term Chart Supplement in the legal descriptions of associated Class D and E airspace and makes the editorial change replacing the term Notice to Airmen with the term Notice to Air Missions.

Class D and Class E airspace designations are published in Paragraphs 5000, 6002, and 6004, respectively, of FAA Order JO 7400.11F, dated August 10, 2021, and effective September 15, 2021, which is incorporated by reference in 14 CFR 71.1. The Class D and Class E airspace designations listed in this document will be published subsequently in the Order.

FAA Order JO 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order JO 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11F, Airspace Designations and Reporting Points, dated August 10, 2021, and effective September 15, 2021, is amended as follows:

Paragraph 5000 Class D Airspace.

* * * * *

AEA MD D Baltimore, MD [Amended]

Martin State Airport, MD

(Lat. 39°19'32" N, long. 76°24'50" W)

Point of Origin

(Lat. 39°10'16" N, long. 76°39'41" W)

That airspace extending upward from the surface to and including 2,500 feet MSL within a 5.2-mile radius of Martin State Airport and within 4.4 miles each side of a 14.7-mile radius arc of the Point of Origin extending clockwise from the Point of Origin's 030° radial to the Point of Origin's 046° radial, excluding that airspace within the Washington Tri-Area Class B airspace area and Restricted Areas R–4001A and R–4001B when they are in effect, and Restricted Area R–4001C, which is continuously active up to 10,000 feet MSL. This Class D airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6002 Class E Surface Airspace.

* * * * *

AEA MD E2 Baltimore, MD [Amended]

Martin State Airport, MD

(Lat. 39°19'32" N, long. 76°24'50" W)

Point of Origin

(Lat. 39°10'16" N, long. 76°39'41" W)

That airspace within a 5.2-mile radius of Martin State Airport and within 4.4 miles each side of a 14.7-mile radius arc of the Point of Origin extending clockwise from the Point of Origin's 030° radial to the Point of Origin's 046° radial, excluding that airspace within the Washington Tri-Area Class B airspace area and Restricted Areas R–4001A and R–4001B when they are in effect. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

Paragraph 6004 Class E Airspace Designated as an Extension to Class D.

* * * * *

AEA MD E4 Baltimore, MD [Amended]

Martin State Airport, MD

(Lat. 39°19'32" N, long. 76°24'50" W)

That airspace extending upward from the surface within 4 miles each side of a 134° bearing from Martin State Airport extending from the 5.2-mile radius of Martin State Airport to 9.2 miles southeast of the airport, excluding that airspace within the Washington Tri-Area Class B airspace area and Restricted Areas R–4001A and R–4001B when they are in effect. This Class E airspace area is effective during the specific dates and times established in advance by a Notice to Air Missions. The effective date and time will thereafter be continuously published in the Chart Supplement.

Issued in College Park, Georgia, on August 29, 2022.

Lisa Burrows, Manager,

Airspace & Procedures Team North, Eastern Service Center, Air Traffic Organization.
