

or toddler products. 15 U.S.C. 2056a(b)(1). Mandatory standards must be “substantially the same as” voluntary standards, or may be “more stringent” than voluntary standards, if the Commission determines that more stringent requirements would further reduce the risk of injury associated with the products. *Id.* Mandatory standards may be based, in whole or in part, on a voluntary standard.

Pursuant to section 104(b)(4)(B) of the CPSIA, if a voluntary standard organization revises a standard that has been adopted, in whole or in part, as a consumer product safety standard under CPSIA section 104, it must notify the Commission. The revised voluntary standard then shall be considered to be a consumer product safety standard issued by the Commission under section 9 of the Consumer Product Safety Act (15 U.S.C. 2058), effective 180 days after the date on which the organization notifies the Commission (or a later date specified by the Commission in the **Federal Register**) unless, within 90 days after receiving that notice, the Commission responds to the organization that it has determined that the proposed revision does not improve the safety of the consumer product covered by the standard, and therefore the Commission is retaining its existing mandatory consumer product safety standard. 15 U.S.C. 2056a(b)(4)(B).

Under this authority, the Commission issued a mandatory safety rule for children’s folding chairs and children’s folding stools in 2017. The rulemaking created 16 CFR part 1232, which incorporated by reference, without modification, ASTM F2613–17a, Standard Consumer Safety Specification for Children’s Chairs and Stools. Although the voluntary standard applies to children’s chairs and children’s stools, the scope of the mandatory standard is limited to children’s folding chairs and children’s folding stools. 82 FR 59505 (Dec. 15, 2017). The mandatory standard includes performance requirements and test methods, as well as requirements for warning labels and instructions, to address hazards to children associated with children’s folding chairs and children’s folding stools. After promulgation of the final rule, ASTM revised the voluntary standard in 2019 and 2021, and the Commission issued two direct final rules to update the mandatory standard for children’s folding chairs and children’s folding stools to incorporate by reference the latest version of ASTM F2613:

- On April 1, 2020, the Commission published a direct final rule to update part 1232 to reflect incorporation by

reference of ASTM F2613–19, with no modifications (85 FR 18111).

- On May 17, 2021, the Commission published a direct final rule to update part 1232 to reflect incorporation by reference of ASTM F2613–21, with no modifications (86 FR 26654).

In August 2022, ASTM published a revised version of the incorporated voluntary standard, ASTM F2613–22. On August 22, 2022, ASTM notified the Commission that it had approved and published that revised version of the voluntary standard. CPSC staff is assessing the revised voluntary standard to determine, consistent with section 104(b)(4)(B) of the CPSIA, its effect on the safety of consumer products covered by the standard. The Commission invites public comment on that question, to inform staff’s assessment and any subsequent Commission consideration of the revisions in ASTM F2613–22.¹

The incorporated voluntary standard and the revised voluntary standard are available for review in several ways. ASTM has provided on its website (at <https://www.astm.org/CPSC.htm>), at no cost, a read-only copy of ASTM F2613–22 and a red-lined version that identifies the changes made to ASTM F2613–21. Likewise, a read-only copy of the existing, incorporated standard (ASTM F2613–21) is available for viewing, at no cost, on the ASTM website at: <https://www.astm.org/READINGLIBRARY/>. Interested parties can also download copies of the standards by purchasing them from ASTM International, 100 Barr Harbor Drive, P.O. Box C700, West Conshohocken, PA 19428–2959; phone: 610–832–9585; <https://www.astm.org>. Alternatively, interested parties can schedule an appointment to inspect copies of the standards at CPSC’s Office of the Secretary, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814, telephone: 301–504–7479; email: <mailto:cpsc-os@cpsc.gov>.

Comments must be received by September 16, 2022. Because of the short statutory time frame Congress established for the Commission to consider revised voluntary standards under section 104(b)(4) of the CPSIA, CPSC will not consider comments received after this date.

Alberta E. Mills,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355–01–P

¹ The Commission voted unanimously (5–0) to approve this notice.

COUNCIL OF THE INSPECTORS GENERAL ON INTEGRITY AND EFFICIENCY

60-Day Notice for Request for Generic Clearance for Website Satisfaction Surveys

AGENCY: Council of the Inspectors General on Integrity and Efficiency (CIGIE).

ACTION: Notice and request for comments.

SUMMARY: CIGIE, as part of its effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on the “Generic Clearance for the Collection of Qualitative Feedback on Website Satisfaction” for approval under the Paperwork Reduction Act (PRA). This notice announces CIGIE’s intent to submit this collection to OMB for approval and solicits comments on specific aspects for the proposed information collection.

DATES: Consideration will be given to all comments received by November 1, 2022.

ADDRESSES: Submit comments identified by “CIGIE Request for Generic Clearance 2022–1” by any of the following methods:

1. *Mail:* Council of the Inspectors General on Integrity and Efficiency, 1717 H Street NW, Suite 825, Washington, DC 20006. ATTN: Atticus Reaser/CIGIE Request for Generic Clearance 2022–1.

2. *Email:* comments@cigie.gov.

FOR FURTHER INFORMATION CONTACT: Atticus Reaser, General Counsel, Council of the Inspectors General on Integrity and Efficiency, (202) 292–2600 or comments@cigie.gov.

SUPPLEMENTARY INFORMATION:

Title: Generic Clearance for the Collection of Qualitative Feedback on Website Satisfaction.

Abstract: The proposed information collection activity provides a means to garner qualitative website user and stakeholder feedback in an efficient, timely manner. By qualitative feedback CIGIE means information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into website user or stakeholder perceptions, experiences, and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training, or changes in operations might improve delivery of information. These

collections will allow for ongoing, collaborative, and actionable communications between CIGIE and its stakeholders and the public. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of information delivery, and resolution of issues. Responses will be assessed to plan and inform efforts to improve or maintain the quality of CIGIE's websites. If this information is not collected, vital feedback from users and stakeholders of CIGIE's websites will be unavailable.

CIGIE will only submit a collection for approval under this generic clearance if it meets the following conditions:

The collections are voluntary;

The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;

The collections are non-controversial and do not raise issues of concern to other Federal agencies;

Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;

Personally identifiable information (PII) is collected only to the extent necessary and is not retained;

Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency;

Information gathered will not be used for the purpose of substantially informing influential policy decisions; and

Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which

generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Current Action: Request for approval for a collection of information.

Type of Review: Initial approval.

Affected Public: Individuals, households, professionals, public/private sector.

Annual Reporting Burden:

Estimated Number of Respondents: 20,000.

Responses per Respondent: 1.

Estimated Total Annual Responses: 20,000.

Estimated Average Hours per

Response: 4 minutes.

Estimated Total Burden Hours: 666 hours.

Request for Comments: Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose, or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing

and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Dated: August 23, 2022.

Allison C. Lerner,

Chairperson of the Council of the Inspectors General on Integrity and Efficiency.

BILLING CODE P

DEPARTMENT OF DEFENSE

Office of the Secretary

[Docket ID: DoD-2022-OS-0095]

Privacy Act of 1974; System of Records

AGENCY: Department of Defense (DoD).

ACTION: Notice of a new system of records.

SUMMARY: In accordance with the Privacy Act of 1974, the Department of Defense (DoD) is establishing a new Department-wide system of records titled, "DoD Historical Records," DoD-0014. This system of records covers DoD's maintenance of records about individuals in the Department of Defense (DoD) historical system, the purpose of which is to collect, preserve, and present the history of the components within the DoD to support agency leadership and to inform the American public. Additionally, DoD is issuing a Direct Final Rule, which exempts this system of records from certain provisions of the Privacy Act, elsewhere in today's issue of the **Federal Register**.

DATES: This system of records is effective upon publication; however, comments on the Routine Uses will be accepted on or before October 3, 2022. The Routine Uses are effective at the close of the comment period.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <https://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Assistant to the Secretary of Defense for Privacy, Civil Liberties, and Transparency, Regulatory Directorate, 4800 Mark Center Drive, Attn: Mailbox
