

Water Act (CWA) (87 FR 32021). On June 16 and 17, 2022, the EPA Region 10 held three public hearings. Of the 186 individuals that attended the public hearings 111 provided testimony. On June 30, 2022, the EPA published in the **Federal Register** a Notice of extension of public comment period and public hearing comment period through September 6, 2022 (87 FR 39091). As of August 24, 2022, the EPA Region 10 had received 35,011 comments and expects to receive additional comments through the end of the public comment period.

EPA's regulations require that, within 30 days after the conclusion of public hearings (but not before the end of the comment period), the Regional Administrator either withdraw the 2022 Proposed Determination or prepare a Recommended Determination (40 CFR 231.5(a)). The Regional Administrator may, upon a showing of good cause, extend this time requirement (40 CFR 231.8). At the time the public comment period closes, more than 30 days will have passed since the date of the last public hearing. Accordingly, the EPA finds there is good cause to extend the time period provided in 40 CFR 231.5(a) to either withdraw the 2022 Proposed Determination or to prepare a Recommended Determination until no later than December 2, 2022, to help ensure full consideration of the extensive administrative record including all public comments.

## EXPORT-IMPORT BANK OF THE UNITED STATES

### Intent To Conduct a Detailed Economic Impact Analysis

**AGENCY:** Export-Import Bank.

**ACTION:** Notice.

**SUMMARY:** Pursuant to the Charter of the Export-Import Bank of the United States, this notice is to inform the public that the Export-Import Bank of the United States has received an application for a \$49.06 million long-term loan (or loan guarantee) to support the export of approximately \$36.34 million worth of U.S. engineering services and refining equipment. The

U.S. goods and services will be exported to Indonesia and expand production capacity of refined petroleum. Added capacity from the project is anticipated to produce an additional 100.4 thousand barrels per day of gasoline and 225 thousand metric tons per year of propylene. Produced gasoline and propylene are anticipated to be consumed in Indonesia.

**DATES:** Comments are due 14 days from publication in the **Federal Register**.

**ADDRESSES:** Interested parties may submit comments on this transaction electronically on [www.regulations.gov](http://www.regulations.gov), or by email to [economic.impact@exim.gov](mailto:economic.impact@exim.gov).

**Eric Larger,**

*Office of Policy Analysis and International Relations.*

## FEDERAL COMMUNICATIONS COMMISSION

[FR ID: 103359]

### Privacy Act of 1974; Matching Program

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice of a new matching program.

**SUMMARY:** In accordance with the Privacy Act of 1974, as amended ("Privacy Act"), this document announces a new computer matching program the Federal Communications Commission ("FCC" or "Commission" or "Agency") and the Universal Service Administrative Company (USAC) will conduct with the Missouri Department of Social Services. The purpose of this matching program is to verify the eligibility of applicants to and subscribers of Lifeline, and the Affordable Connectivity Program (ACP), both of which are administered by USAC under the direction of the FCC. More information about these programs is provided in the **SUPPLEMENTARY INFORMATION** section below.

**DATES:** Written comments are due on or before October 6, 2022. This computer matching program will commence on October 6, 2022, and will conclude 18 months after the effective date.

**ADDRESSES:** Send comments to Elliot S. Tarloff, FCC, 45 L Street NE, Washington, DC 20554, or to [Privacy@fcc.gov](mailto:Privacy@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** Elliot S. Tarloff at 202-418-0886 or [Privacy@fcc.gov](mailto:Privacy@fcc.gov).

**SUPPLEMENTARY INFORMATION:** The Lifeline program provides support for discounted broadband and voice services to low-income consumers. Lifeline is administered by the Universal Service Administrative Company (USAC) under FCC direction. Consumers qualify for Lifeline through proof of income or participation in a qualifying program, such as Medicaid, the Supplemental Nutritional Assistance Program (SNAP), Federal Public Housing Assistance, Supplemental Security Income (SSI), Veterans and Survivors Pension Benefit, or various Tribal-specific federal assistance programs.

In the Consolidated Appropriations Act, 2021, Public Law 116-260, 134 Stat. 1182, 2129-36 (2020), Congress created the Emergency Broadband Benefit Program (EBBP), and directed use of the National Verifier to determine eligibility based on various criteria, including the qualifications for Lifeline (Medicaid, SNAP, etc.). EBBP provided \$3.2 billion in monthly consumer discounts for broadband service and one-time provider reimbursement for a connected device (laptop, desktop computer, or tablet). In the Infrastructure Investment and Jobs Act, Public Law 117-58, 135 Stat. 429, 1238-44 (2021) (codified at 47 U.S.C. 1751-52), Congress modified and extended EBBP, provided an additional \$14.2 billion, and renamed it the Affordable Connectivity Program (ACP). A household may qualify for the ACP benefit under various criteria, including an individual qualifying for the FCC's Lifeline program.

In a Report and Order adopted on March 31, 2016 (81 FR 33026, May 24, 2016) (*2016 Lifeline Modernization Order*), the Commission ordered USAC to create a National Lifeline Eligibility Verifier ("National Verifier"), including the National Lifeline Eligibility Database (LED), that would match data about Lifeline applicants and subscribers with other data sources to verify the eligibility of an applicant or subscriber. The Commission found that the National Verifier would reduce compliance costs for Lifeline service providers, improve service for Lifeline subscribers, and reduce waste, fraud, and abuse in the program.

The Consolidated Appropriations Act of 2021 directs the FCC to leverage the National Verifier to verify applicants' eligibility for ACP. The purpose of this matching program is to verify the eligibility of Lifeline and ACP applicants and subscribers by determining whether they receive SNAP and Medicaid benefits administered by
