

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, ECO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards district Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (j) of this AD and email to: ANE-AD-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(j) Related Information

For more information about this AD, contact Alexei Marqueen, Aviation Safety Engineer, ECO Branch, FAA, 1200 District Avenue, Burlington, MA 01803; phone: (781) 238-7178; email: Alexei.T.Marqueen@faa.gov.

(k) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(i) GE GENx-1B Service Bulletin 73-0099 R00, dated February 28, 2022.

(ii) [Reserved]

(3) For service information identified in this AD, contact General Electric Company, 1 Neumann Way, Cincinnati, OH 45215; phone: (513) 552-3272; email: aviation.fleetsupport@ge.com; website: www.ge.com.

(4) You may view this service information at FAA, Airworthiness Products Section, Operational Safety Branch, 1200 District Avenue, Burlington, MA 01803. For information on the availability of this material at the FAA, call (817) 222-5110.

(5) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, email: fr.inspection@nara.gov, or go to: www.archives.gov/federal-register/cfr/ibr-locations.html.

Issued on August 17, 2022.

Christina Underwood,

Acting Director, Compliance & Airworthiness Division, Aircraft Certification Service.

BILLING CODE 4910-13-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Food and Drug Administration****21 CFR Part 73**

[Docket No. FDA-2018-C-1007]

Listing of Color Additives; of Color Additives Exempt From Certification; Antarctic Krill Meal; Confirmation of Effective Date

AGENCY: Food and Drug Administration, Department of Health and Human Services (HHS).

ACTION: Final rule; confirmation of effective date.

SUMMARY: The Food and Drug Administration (FDA or we) is confirming the effective date of June 10, 2022, for the final rule that appeared in the **Federal Register** of May 10, 2022, and that amended the color additive regulations to provide for the safe use of Antarctic krill meal, composed of the ground and dried tissue of *Euphausia superba*, with or without the lipid fraction, for use in the feed of salmonid fish, to enhance the color of their flesh.

DATES: Effective date of final rule published in the **Federal Register** of May 10, 2022 (87 FR 27931) confirmed: June 10, 2022.

ADDRESSES: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and insert the docket number found in brackets in the heading of this final rule into the “Search” box and follow the prompts, and/or go to the Dockets Management Staff, 5630 Fishers Lane, Rm. 1061, Rockville, MD 20852.

FOR FURTHER INFORMATION CONTACT: Stephen DiFranco, Center for Food Safety and Applied Nutrition, Food and Drug Administration, 5001 Campus Dr., College Park, MD 20740, 240-402-2710.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of May 10, 2022 (87 FR 27931), we amended the color additive regulations in part 73 (21 CFR part 73), “Listing of Color Additives Exempt From Certification,” to add a new § 73.32, “Antarctic krill meal.” The new regulation provides for the safe use of Antarctic krill meal, composed of the ground and dried tissue of *Euphausia superba*, with or without the lipid fraction, for use in the feed of salmonid fish, to enhance the color of their flesh.

We gave interested persons until June 10, 2022, to file objections or requests for a hearing. We received no objections or requests for a hearing on the final rule. Therefore, we find that the

effective date of the final rule that published in the **Federal Register** of May 10, 2022, should be confirmed.

List of Subjects in 21 CFR Part 73

Color additives, Cosmetics, Drugs, Foods, Medical devices.

Therefore, under the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321, 341, 342, 343, 348, 351, 352, 355, 361, 362, 371, 379e) and under authority delegated to the Commissioner of Food and Drugs, we are giving notice that no objections or requests for a hearing were filed in response to the May 10, 2022, final rule. Accordingly, the amendments issued thereby became effective June 10, 2022.

Dated: August 30, 2022.

Lauren K. Roth,

Associate Commissioner for Policy.

[FR Doc. 2022-19277 Filed 9-6-22; 8:45 am]

BILLING CODE 4164-01-P

DEPARTMENT OF HOMELAND SECURITY**Coast Guard****33 CFR Part 100**

[Docket Number USCG-2022-0467]

RIN 1625-AA08

Special Local Regulation; Atlantic Intracoastal Waterway, Morehead City, NC

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary special local regulation (SLR) for certain navigable waters of the Atlantic Intracoastal Waterway (AICW) and Beaufort Inlet in Morehead City, North Carolina. This SLR restricts vessel traffic on the AICW and Beaufort Inlet during high-speed boat races. The restriction of vessel traffic movement in the SLR is to protect participants and spectators from the hazards posed by these events. Entry of vessels or persons into this regulated area is prohibited unless specifically authorized by the Captain of the Port (COTP) North Carolina or a designated representative.

DATES: This rule is effective from 10 a.m. on September 9, 2022, until 4 p.m. on September 11, 2022. The SLR will be enforced from 10 a.m. to 4 p.m. on September 9, 2022, and those same hours on September 11, 2022.

ADDRESSES: To view documents mentioned in this preamble as being

available in the docket, go to <https://www.regulations.gov>, type USCG–2022–0467 in the search box and click “Search.” Next, in the Document Type column, select “Supporting & Related Material.”

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Petty Officer Ken Farah, Waterways Management Division, U.S. Coast Guard Sector North Carolina, Wilmington, NC; telephone 910–772–2221, email ncmarineevents@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

CFR Code of Federal Regulations
DHS Department of Homeland Security
FR Federal Register
NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it would be impracticable and contrary to the public interest. The Coast Guard was unable to publish an NPRM and hold a comment period for this rulemaking due to the short time period from the event and required publication of this rule. Immediate action is needed to protect persons and vessels from the hazards associated with this event. A final rule needs to be in place by September 10, 2022, to minimize potential danger to the participants and the public during the event.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable and contrary to public interest because immediate action is needed to protect persons and vessels from the hazards associated with this event on September 9 and 11, 2022.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70041. The

COTP North Carolina has determined that potential hazards associated with the Crystal Coast Grand Prix race, scheduled for 10 a.m. through 4 p.m. on September 9, 2022, and those same hours on September 11, 2022, is a safety concern for mariners during a high speed boat race on portions of the Atlantic Intra Coastal Waterway (AICW) and Beaufort Inlet in Morehead City, North Carolina. This rule is necessary to protect safety of life from the potential hazards associated with the high-speed boat race.

IV. Discussion of the Rule

This rule establishes an SLR on a portion of the AICW and Beaufort Inlet from 10 a.m. on September 9, 2022, until 4 p.m. on September 11, 2022. The SLR will be enforced from 10 a.m. to 4 p.m. on September 9, 2022, and those same hours on September 11, 2022. The time of enforcement will be broadcast locally over VHF–FM marine radio.

The regulated area encompasses approximately 1.5 square miles and will include all navigable waters of the AICW and Beaufort Inlet, North Carolina, from approximate positions: latitude 34°42'55" N, longitude 076°43'15" W, then east to latitude 34°42'56" N, longitude 076°42'13" W, then east to latitude 34°42'57" N, longitude 076°41'41" W, then east to latitude 34°42'57" N, longitude 076°41'25" W, then south east to latitude 34°42'23" N, longitude 076°40'44" W, then south to latitude 34°41'59" N, longitude 076°40'43" W, then north west to latitude 34°42'32" N, longitude 076°42'14" W, then west to latitude 34°42'32" N, longitude 076°43'15" W, then north to its point of origin.

This SLR provides additional information about areas within the regulated area and their definitions. These areas include “Race Area,” “Spectator Area,” and “Buffer Area.”

The size of the regulated area is intended to ensure the safety of life on these navigable waters before, during, and after activities associated with the boat race, scheduled from 10 a.m. to 4 p.m. on September 9, 2022, and September 11, 2022. The COTP and the Coast Guard Event Patrol Commander (PATCOM) have authority to forbid and control the movement of all vessels and persons, including event participants, in the regulated area. When hailed or signaled by an official patrol, a vessel or person in the regulated area must immediately comply with the directions given by the COTP or Event PATCOM. If a person or vessel fails to follow such directions, the Coast Guard may compel

them from the area, issue them a citation for failure to comply, or both.

Except for Crystal Coast Grand Prix race participants and vessels already at berth, a vessel or person must get permission from the COTP or Event PATCOM to remain in the regulated area and before entering the regulated area. Vessel operators must request permission to enter and transit through the regulated area by contacting the Event PATCOM on VHF–FM channel 16. Vessel traffic will be able to safely transit the regulated area once the Event PATCOM deems it safe to do so. A vessel within the regulated area must operate at safe speed that minimizes wake. A person or vessel not registered with the event sponsor as a participant or assigned as official patrols will be considered a spectator. Official Patrols are any vessel assigned or approved by the Commander, Coast Guard Sector North Carolina with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign. Official Patrols enforcing this regulated area can be contacted on VHF–FM channel 16 and channel 22A.

If permission is granted by the COTP or Event PATCOM, a person or vessel will be allowed to enter the regulated area or pass directly through the regulated area as instructed. Vessels must operate at a safe speed that minimizes wake while within the regulated area. A spectator vessel must not loiter within the Race area, Buffer Zone, or navigable channel while within the regulated area. Official patrol vessels will direct spectators to the designated spectator area. Only participant vessels will be allowed to enter the Race Area, and the Buffer Zone, if necessary.

The duration of this SLR is intended to protect participants and spectators on the navigable waters of the AICW and Beaufort Inlet during the high-speed boat race. Vessels may request permission to pass through the SLR between race heats. No vessel or person will be permitted to enter the SLR without obtaining permission from the COTP North Carolina or a designated representative. The regulatory text appears at the end of this document.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and

benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size, location, and duration of the SLR. Vessel traffic will not be allowed to enter or transit a portion of the AICW or Beaufort Inlet during an active race event from 10 a.m. through 4 p.m. on both September 10, 2022, and September 12, 2022. The Coast Guard will transmit a Broadcast Notice to Mariners via VHF-FM marine channel 16 regarding the enforcement period of the SLR. This rule allows vessels to request permission to pass through the regulated area between race heats.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule will affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The

Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have

determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves an SLR to be enforced during active race events. It will be enforced a total of 6 hours while in effect. It is categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Memorandum for Record supporting this determination is available in the docket. For instructions on locating the docket, see the **ADDRESSES** section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

List of Subjects in 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

■ 2. Add § 100.T05–0467 to read as follows:

§ 100.T05–0467 Crystal Coast Grand Prix, Morehead City, NC.

(a) *Regulated areas.* The regulations in this section apply to the following areas:

(1) *Race area.* The race area is all navigable waters of the Atlantic Intracoastal Waterway (AICW) and Beaufort Inlet, North Carolina, from approximate positions: latitude 34°42′52″ N, longitude 076°43′16″ W, then east to latitude 34°42′52.2″ N, longitude 076°42′11.04″ W, then east to latitude 34°42′53.76″ N, longitude 076°41′38.04″ W, then southeast to latitude 34°42′10.8″ N, longitude 076°40′44.4″ W, then south to latitude 34°42′4.3″ N, longitude 076°40′48.1″ W, then northwest to latitude 34°42′47.34″ N, longitude 076°41′49″ W, then west to latitude 34°42′50″ N, longitude 076°43′16″ W, then north to the point of origin.

(2) *Spectator area.* The spectator area is all waters of the AICW, North Carolina, from approximate positions: latitude 34°42'42" N, longitude 076°43'15" W, then east to latitude 34°42'41" N, longitude 076°42'14" W, then south to latitude 34°42'32" N, longitude 076°42'14" W, then west to latitude 34°42'32" N, longitude 076°43'15" W, then north to the point of origin.

(3) *Buffer area.* The buffer area is all waters of the AICW and Beaufort Inlet, North Carolina, from approximate positions: latitude 34°42'55" N, longitude 076°43'15" W, then east to latitude 34°42'56" N, longitude 076°42'13" W, then east to latitude 34°42'57" N, longitude 076°41'41" W, then east to latitude 34°42'57" N, longitude 076°41'25" W, then south east to latitude 34°42'23" N, longitude 076°40'44" W, then south to latitude 34°41'59" N, longitude 076°40'43" W, then north west to latitude 34°42'41" N, longitude 076°42'05" W, then west to latitude 34°42'42" N, longitude 076°43'15" W, then north to its point of origin.

(b) *Definitions.* As used in this section—

Buffer area is a neutral area that surrounds the perimeter of the race area within the regulated area described by this section. The purpose of a buffer area is to minimize potential collision conflicts with marine event participants and spectator vessels or nearby transiting vessels. This area provides separation between a race area and a specified spectator area or other vessels that are operating in the vicinity of the regulated area established by the special local regulation (SLR) in this section.

Captain of the Port means the Commander, Sector North Carolina.

Designated representative means a Coast Guard Patrol Commander, including a Coast Guard commissioned, warrant, or petty officer designated by the Captain of the Port North Carolina (COTP) for the enforcement of the safety zone.

Spectator means a person or vessel not registered with the event sponsor as participants or assigned as official patrols.

Spectator area is an area described by a line bound by coordinates provided in latitude and longitude that outlines the boundary of a spectator area within the regulated area defined by paragraph (a)(2) of this section.

(c) *Regulations.* (1) Everyone other than participants are prohibited from entering, transiting through, anchoring in, or getting underway within the regulated area described in the race area in paragraph (a)(1) of this section unless

authorized by the COTP North Carolina or their designated representative.

(2) Everyone other than participants, including spectators, may be directed by a designated representative to the regulated area described in paragraph (a) of this section, where they must remain while the SLR in this section is being enforced unless otherwise authorized or directed by a designated representative.

(3) To seek permission to enter the regulated area, contact the COTP by calling the Sector North Carolina Command Center at 910-343-3882 or contact the COTP's designated representative on Marine band Radio, VHF-FM channel 16 (156.8 MHz). Those in the regulated area must comply with all lawful orders or directions given to them by the COTP or the designated representative.

(d) *Enforcement officials.* The U.S. Coast Guard may be assisted in the patrol and enforcement of the safety zone by Federal, State, and local agencies.

(e) *Enforcement.* The SLR in this section will be enforced from 10 a.m. through 4 p.m. on September 9, 2022, and those same hours on September 11, 2022.

Dated: August 30, 2022.

Matthew J. Baer,

Captain, U.S. Coast Guard, Captain of the Port North Carolina.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG-2022-0298]

Drawbridge Operation Regulation; Pascagoula River, Pascagoula, MS

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notification of temporary deviation from regulations; request for comments.

SUMMARY: The Coast Guard has issued a temporary deviation from how the CSX Transportation railroad drawbridge across the Pascagoula River, mile 1.5, Pascagoula, MS will be operated. The bridge will continue to open according to the drawbridge regulations but the bridge tender will operate this bridge from a remote location at the CSX railroad terminal in Mobile, Alabama. The Coast Guard is seeking comments

from the public regarding these proposed changes.

DATES: This deviation is effective from 7 a.m. on September 7, 2022, until March 6, 2023.

Comments and relate material must reach the Coast Guard on or before November 7, 2022.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0298 using Federal Decision Making Portal at <https://www.regulations.gov>.

See the "Public Participation and Request for Comments" portion of the **SUPPLEMENTARY INFORMATION** for instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions on this test deviation, call or email Douglas Blakemore, Eighth Coast Guard District Bridge Administration Branch Chief at (504) 671-2128 or Douglas.A.Blakemore@uscg.mil.

SUPPLEMENTARY INFORMATION:

I. Background, Purpose and Legal Basis

The CSX Transportation railroad drawbridge crosses the Pascagoula River, mile 1.5, Pascagoula, MS. The bridge will continue to open according to the drawbridge regulations but the bridge tender will operate this bridge from a remote location at the CSX railroad terminal in Mobile, Alabama. This bridge has an eight foot vertical clearance at mean high water, an unlimited vertical clearance when in the open to vessel position and a 140' horizontal clearance. The bridge operates according to 33 CFR 117.5.

CSX Transportation has requested to operate this bridge remotely from their railroad terminal in Mobile, AL. CSX has installed a remote operation system at the bridge and a remote control center, located in Mobile, AL. At the bridge, CSX has installed infrared cameras, closed circuit cameras and TVs, communication systems and information technology systems on the bridge that allow an operator from Mobile to monitor and control the bridge. This waterway is used primarily by recreational boats and small towing vessels and opens to vessels approximately 17 times per day.

The Coast Guard will evaluate the impact of this test on vessels by analyzing CSX bridge tender logs and public comments.

The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the test deviation.
