

obtain information specifically tailored to the Federal Reserve's operational and fiscal agency responsibilities. The Payment Systems Surveys family of surveys is currently comprised of the following: Ad Hoc Payment Systems Surveys (FR 3054a), Currency Quality Sampling Survey (FR 3054b), Currency Quality Survey (FR 3054c), Currency Functionality and Perception Survey (FR 3054d), and Currency Education Usability Survey (FR 3045e).

Proposed revisions: The Board proposes to increase the estimated respondents for the FR 3054b from 300 to 500, increase the estimated frequency for the FR 3054d from four times a year to five times a year, and increase the estimated frequency from five times a year to ten times a year and decrease the estimated number of respondents from 500 to 250 for the FR 3054e. The increase in the frequency of surveys allows the Federal Reserve System flexibility to respond to diverse needs for data by surveying groups of respondents multiple times throughout a year. Increasing the number of estimated respondents of the FR 3054b will help ensure statistical significance of the sample pool and decreasing the estimated number of respondents while increasing the frequency of the FR 3054e will facilitate more survey agility. Additionally, the FR 3054c has not changed since 2018 and no changes are anticipated during the current clearance cycle. The FR 3054c is therefore being transitioned from an ad hoc to an established collection.

Legal authorization and confidentiality: Section 11(d)¹ of the Federal Reserve Act ("FRA") authorizes the Board to "supervise and regulate through the Secretary of the Treasury the issue and retirement of Federal reserve notes, except for the cancellation and destruction, and accounting with respect to such cancellation and destruction, of notes unfit for circulation, and to prescribe rules and regulations under which such notes may be delivered by the Secretary of the Treasury to the Federal reserve agents applying therefor." Section 11A² of the FRA requires the Board to put into effect a schedule of fees for Federal Reserve bank services to depository institutions based on specified principles, including that such fees be based on the direct and indirect costs actually incurred in providing these services. Section 13³ of the FRA authorizes, among other things, Federal Reserve Banks to provide a variety of

payments services. Section 16⁴ of the FRA authorizes the Board to take a variety of actions related to the issuance and management of Federal Reserve notes. The information obtained from the FR 3054 may be used in support of the Board's role in overseeing the Federal Reserve Banks' provision of financial services to depository institutions; developing policies and regulations to foster the efficiency and integrity of the U.S. payment system; working with other central banks and international organizations to improve the payment system more broadly; conducting research on payments issues; and working with other federal agencies on currency design, quality issues, and to educate the global public on the security features of Federal Reserve notes. Therefore, the FR 3054 is authorized pursuant to the Board's authority under Sections 11(d), 11A, 13, and 16 of the FRA. The FR 3054 is voluntary.

The questions asked on each survey would vary, so the ability of the Board to maintain the confidentiality of information collected would be determined on a case-by-case basis. To the extent a respondent submits nonpublic commercial or financial information, which is both customarily and actually treated as private by the respondent, the respondent may request confidential treatment pursuant to exemption 4 of the Freedom of Information Act (FOIA).⁵ In circumstances where the Board collects information related to individuals, exemption 6 to the FOIA would protect information "the disclosure of which would constitute a clearly unwarranted invasion of personal privacy."⁶ To the extent the information collected relates to examination, operating, or condition reports prepared for the use of an agency supervising financial institutions, such information may be kept confidential under exemption 8 to the FOIA.

Consultation outside the agency: The Board may consult with, collaborate with, or jointly conduct surveys with other agencies within the U.S. Currency Program to include the System banks, the United States Secret Service, Department of Treasury, and Treasury's Bureau of Engraving and Printing.

Board of Governors of the Federal Reserve System, September 8, 2022.

Michele Taylor Fennell,

Deputy Associate Secretary of the Board.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Proposed Information Collection Activity; Annual Report on State Maintenance-of-Effort (MOE) Programs—ACF–204 (Annual MOE Report) (Office of Management and Budget #: 0970–0248)

AGENCY: Office of Family Assistance, Administration for Children and

Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) is requesting a 3-year extension of the ACF–204 (Annual MOE Report; OMB #0970–0248, expiration November 30, 2022). There are no changes requested to this information collection.

DATES: *Comments due within 60 days of publication.* In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above.

ADDRESSES: You can obtain copies of the proposed collection of information and submit comments by emailing *infocollection@acf.hhs.gov*. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:
Description: The Annual MOE Report is used to collect descriptive program characteristics information on the programs operated by states and territories in association with their

Temporary Assistance for Needy Families (TANF) programs. All state and territory expenditures claimed toward states and territories MOE requirements must be appropriate, *i.e.*, meet all applicable MOE requirements. The Annual MOE Report provides the ability to learn about and to monitor the nature of state and territory expenditures used to meet states and territories MOE requirements, and it is an important source of information about the different ways that states and territories are using their resources to help families attain and maintain self-sufficiency. In addition, the report is used to obtain state and territory program characteristics for ACF’s annual report to Congress, and the report serves as a useful resource to use in Congressional hearings about how TANF programs are evolving, in assessing state and the territory MOE expenditures, and in assessing the need for legislative changes.

Respondents: The 50 States of the United States, the District of Columbia, Guam, Puerto Rico, and the Virgin Islands.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents per year	Total number of annual responses per respondent	Average burden hours per response	Annual burden hours
ACF–204; Annual MOE Report	54	1	118	6,372

Estimated Total Annual Burden Hours: 6,372.

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted within 60 days of this publication.

Authority: Section 402 of the Social Security Act (42 U.S.C. 602), as amended by Public Law 104–193, the

Personal Responsibility and Work Opportunity Reconciliation Act of 1996.
