General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

**SUPPLEMENTARY INFORMATION:**

*Background.*—On June 6, 2022, the Commission determined that the domestic interested party group response to its notice of institution (87 FR 11478, March 1, 2022) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

*Staff report.*—A staff report containing information concerning the subject matter of the reviews has been placed in the nonpublic record, and will be made available to persons on the Administrative Protective Order service list for these reviews on September 14, 2022. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

*Written submissions.*—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,<sup>2</sup> and any party other than an interested party to the reviews may file written comments with the Secretary on what determinations the Commission should reach in the reviews. Comments are due on or before September 21, 2022 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by September 21, 2022. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on Filing Procedures*, available on the Commission's website at [https://www.usitc.gov/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf), elaborates upon the Commission's procedures with respect to filings.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

*Determination.*—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

*Authority:* These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

<sup>2</sup> The Commission has found the joint response to its notice of institution filed on behalf of Cleveland-Cliffs Inc., North American Stainless, and Outokumpu Stainless USA LLC, three U.S. producers of stainless steel sheet and strip, to be individually adequate. Comments from other interested parties will not be accepted (*see* 19 CFR 207.62(d)(2)).

Issued: September 8, 2022.

**DEPARTMENT OF JUSTICE**

**Notice of Lodging of Proposed Consent Decree Under the Clean Water Act**

On September 7, 2022, the Department of Justice lodged a proposed consent decree with the United States District Court for the District of New Hampshire, in a lawsuit entitled *United States v. State of New Hampshire and New Hampshire Fish and Game Department*, Civil Action No. 1:18–cv–00996–PB.

The United States filed this lawsuit under sections 301(a), 309(b), and 504 of the Clean Water Act ("CWA"), 33 U.S.C. 1311(a), 1319(b), 1364, against the State of New Hampshire and the New Hampshire Fish and Game Department ("NHFG"), in connection with discharges of pollutants from the Powder Mill State Fish Hatchery, in New Durham, New Hampshire (the "Hatchery"). The Hatchery is owned by the State and operated by NHFG. The Complaint asserts two claims for injunctive relief. The first claim alleges that the State and NHFG violated a National Pollutant Discharge Elimination System permit (Permit No. NH0000710; the "Permit"), issued by EPA under section 402 of the CWA, 33 U.S.C. 1342, by exceeding its narrative and numeric discharge limits for total phosphorus and pH, in violation of CWA section 309(b), 33 U.S.C. 1319(b). The second claim alleges that such discharges have caused or contributed to contamination, eutrophication, and the growth of toxic cyanobacteria in the Merrymeeting River and its impoundments, known as Marsh, Jones, and Downing Ponds, which poses an imminent and substantial endangerment to human health and welfare, in violation of CWA section 504, 33 U.S.C. 1364.

Under the proposed consent decree, NHFG must implement measures designed to bring the Hatchery into compliance with the CWA and the Permit by the end of 2025. These measures include constructing and operating new wastewater treatment systems and upgrading other aspects of the Hatchery's facilities and operations, and implementing best management practices related to flow, pH, and phosphorus, such as adding a neutralizing agent, reconfiguring facility

tanks to promote the settling of solids containing phosphorus, and increasing the frequency of removal of these solids. The proposed consent decree also requires NHF&G to perform a phosphorus assessment and remediation options study for the Merrymeeting River and its impoundments.

The United States filed its complaint as plaintiff-intervenor in a civil action initiated in 2018 by the Conservation Law Foundation (“CLF”), under the CWA’s citizen-suit provision, 33 U.S.C. 1365, entitled *Conservation Law Foundation v. Scott Mason, Executive Director of NHF&G, et al.*, Civil Action No. 1:18-cv-00996-PB. In that action, CLF asserted CWA claims arising from the same or similar circumstances as those that gave rise to the United States’ claims. In addition to resolving the United States’ claims, the proposed consent decree resolves CLF’s claims in this related action.

The publication of this notice opens a period for public comment on the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States v. State of New Hampshire and New Hampshire Fish and Game Department*, D.J. Ref. No. 90-5-1-1-12466. All comments must be submitted no later than 30 days after the publication date of this notice. ### SUPPLEMENTARY INFORMATION:

Administrative corrections are changes to temporary items on approved records schedules to address errors or oversights when the records were originally scheduled. The notice applies only to the changes described; not to other portions of a schedule. Submitting agencies cannot implement administrative corrections until the comment period ends and NARA approves the changes.

This administrative correction should be read in conjunction with the previously approved records schedule, N1-85-96-01, Department of Justice, Immigration and Naturalization Service, Immigration and Naturalization Service (INS) Service Center Receipt Files. You can find this schedule on the Records Control Schedule at [https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/department-of-justice/rg-0085/n1-085-96-001\\_sf115.pdf](https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/department-of-justice/rg-0085/n1-085-96-001_sf115.pdf).

### Proposed Change

Administrative correction to include a superseded authority citation that was not correctly identified on schedule DAA-0566-2018-0006, Department of Homeland Security, U.S. Citizenship and Immigration Services, 1-824, Application for Action on an Approved Application or Petition, available on the Records Control Schedule page at [https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/department-of-homeland-security/rg-0566/daa-0566-2018-0006\\_sf115.pdf](https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/department-of-homeland-security/rg-0566/daa-0566-2018-0006_sf115.pdf). The schedule item DAA-0566-2018-0006-0001, approved in 2019, was intended to supersede N1-85-96-01, item 1, Approved Applications for Action on an Approved Application or Petition. The supersession did not appear in the Portable Document Format (PDF) version of the schedule because of a technical error. This error created an ambiguous disposition. DAA-0566-2018-0006-0001 will now supersede N1-85-96-01, item 1. The 2019
