

*Regulations.gov* allows users to submit comments by filling in a 'type comment' field, or by attaching a document using an 'upload file' field. USTR prefers that you provide comments in an attached document. If you attach a document, please identify the name of the country to which the submission pertains in the 'type comment' field, e.g., see attached comments with respect to (name of country). USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the 'type comment' field.

Filers submitting comments that do not contain business confidential information (BCI) should name their file using the name of the person or entity submitting the comment, and the name of the country or countries discussed. For any comments submitted electronically that contain BCI, the file name of the business confidential version should begin with the characters 'BCI.' Clearly mark any page containing BCI with 'BUSINESS CONFIDENTIAL' on the top of that page. Filers of submissions containing BCI also must submit a public version of their comments that USTR will place in the docket for public inspection. The file name of the public version should begin with the character 'P.' Follow the 'BCI' and 'P' with the name of the person or entity submitting the comments.

USTR will post comments in the docket for public inspection, except properly designated BCI. You can view comments on *Regulations.gov* by entering docket number USTR-2022-0013 in the search field on the home page. General information concerning USTR is available at <https://www.ustr.gov>.
