

receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

Service Type: Mail and Courier Services
Mandatory for: U.S. Customs and Border Protection, Port of JFK Mailroom, Jamaica, NY and Port of New York/Newark Mailroom, Newark, NJ

Designated Source of Supply: The Corporate Source, Inc., Garden City, NY

Contracting Activity: U.S. CUSTOMS AND BORDER PROTECTION, BORDER ENFORCEMENT CTR DIV

The Commission received one (1) public comment.

The comment articulated the current contractor's concerns regarding the addition of this service to the Procurement List, stating that the current contractor is a certified Service-Disabled Veteran-Owned Small Business and that five percent of its workforce are also disabled veterans. The comments stated that 33 percent of the current contractor's employees live in HUBZones. The current contractor is not, however, a Small Business Administration certified HUBZone business, and did not state whether any of the employees who are veterans or living in a HUBZone work on the requirement proposed for Procurement List addition.

The commenter asserted that people who are blind would not be able to successfully perform the types of services required. The commenter, however, presented no credentials or experience related to determining whether workplaces are accessible to people who are blind. The recommended nonprofit agency to perform the work has demonstrated substantial experience operating mailrooms at other locations for the same customer, in which several employees have significant disabilities.

The commenter expressed concern that the Commission's second notice letter to the current contractor was delivered by the domestic package carrier to the wrong address. The Commission makes every effort to directly notify current contractors in writing, and to send follow-up notices. The Commission points out that its first notice letter was delivered to the current contractor, and its Notice of Proposed Addition in the **Federal Register** provided additional notice to the firm, resulting in direct communication, after which the Commission forwarded the second notice via email.

The purpose of the AbilityOne Program is to provide employment opportunities for individuals who are blind or have significant disabilities through the delivery of products and services by nonprofit agencies employing such individuals. The Commission applies criteria in accordance with its regulation 41 CFR 51–2.4 and determines whether products or services are suitable to be procured from nonprofit agencies employing

people with significant disabilities. In doing so, the Commission considers the employment potential, whether there is a qualified nonprofit agency employing people who are blind or have significant disabilities, whether that nonprofit agency is capable of performing the work, and whether there will be a severe adverse impact on the current contractor. In this case, the Commission found that all suitability criteria were met. The Commission determined that the proposed addition, if approved, will not have a severe adverse impact on the current contractor, based on the information made available for the Commission's review and consideration.

The Committee finds good cause to dispense with the 30-day delay in the effective date normally required by the Administrative Procedure Act. See 5 U.S.C. 553(d). This addition to the Committee's Procurement List is effectuated because of the expiration of the Customs and Border Protection, Mail and Courier Services Ports of JFK, NY and NY/Newark, NJ contract. The Federal customer contacted and has worked diligently with the AbilityOne Program to fulfill this service need under the AbilityOne Program. To avoid performance disruption, and the possibility that the Customs and Border Protection will refer its business elsewhere, this addition must be effective on September 28, 2022, ensuring timely execution for a September 29, 2022, start date while still allowing 12 days for comment. Pursuant to its own regulation 41 CFR 51–2.4, the Committee has been in contact with one of the affected parties, the incumbent of the expiring contract, since March 2022 and determined that no severe adverse impact exists. The Committee also published a notice of proposed Procurement List addition in the **Federal Register** on June 21, 2022 and did not receive any comments from any interested persons, including from the incumbent contractor. This addition will not create a public hardship and has limited effect on the public at large, but, rather, will create new jobs for other affected parties—people with significant disabilities in the AbilityOne program who otherwise face challenges locating employment. Moreover, this addition will enable Federal customer operations to continue without interruption.

AGENCY: The Corporation for National and Community Service.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Corporation for National and Community Service (operating as AmeriCorps) is proposing to renew an information collection.

DATES: Written comments must be submitted to the individual and office listed in the **ADDRESSES** section by November 15, 2022.

ADDRESSES: You may submit comments, identified by the title of the information collection activity, by any of the following methods:

(1) By mail sent to: AmeriCorps, Attention Melissa Gouge, 250 E Street SW, Washington, DC 20525.

(2) By hand delivery or by courier to the AmeriCorps mailroom at the mail address given in paragraph (1) above, between 9 a.m. and 4 p.m. eastern time, Monday through Friday, except Federal holidays.

(3) Electronically through www.regulations.gov.

Comments submitted in response to this notice may be made available to the public through [regulations.gov](http://www.regulations.gov). For this reason, please do not include in your comments information of a confidential nature, such as sensitive personal information or proprietary information. If you send an email comment, your email address will be automatically captured and included as part of the comment that is placed in the public docket and made available on the internet. Please note that responses to this public comment request containing any routine notice about the

confidentiality of the communication will be treated as public comment that may be made available to the public, notwithstanding the inclusion of the routine notice.

FOR FURTHER INFORMATION CONTACT: Melissa Gouge, 202-606-6736, or by email at mgouge@cns.gov.

SUPPLEMENTARY INFORMATION:

Title of Collection: NCCC Impact Studies.

OMB Control Number: 3045-0189.
Type of Review: Renewal.

Respondents/Affected Public: Individuals.

Total Estimated Number of Annual Responses: 300.

Total Estimated Number of Annual Burden Hours: 190.

Abstract: The purpose of the information collection is to finalize collecting data for the previously-approved National Civilian Conservation Corps (NCCC) impact studies. The studies assess the performance and impact of NCCC programs on members and communities served by the program. In particular, the studies investigate three main components of NCCC:

1. The impact of NCCC on developing leaders.
2. The impact of NCCC on strengthening communities.
3. Retention at the different phases of the program, from application to completion.

AmeriCorps also seeks to continue using the currently-approved information collection until the revised information collection is approved by OMB. The currently-approved information collection is due to expire on 12/31/2022.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to

generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information. All written comments will be available for public inspection on [regulations.gov](http://www.regulations.gov).

Mary Hyde,

Director, Office of Research and Evaluation.
