

Notices

Federal Register

Vol. 87, No. 180

Monday, September 19, 2022

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by October 19, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

National Institute of Food and Agriculture

Title: Reporting Requirements for State Plans of Work for Agricultural Research and Extension Formula Funds.

OMB Control Number: 0524–0036.

Summary of Collection: Section 202 and 225 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) require that a plan of work must be submitted by each institution and approved by the National Institute of Food and Agriculture (NIFA) before formula funds may be provided to the 1862 and 1890 land-grant institutions. The plan of work must address critical agricultural issues in the State and describe the programs and project targeted to address these issues using the NIFA formula funds. The plan of work also must describe the institution's multistate activities as well as their integrated research and extension activities.

NIFA is requesting to continue to collect an update to the 5-Year Plan of Work which began with the Fiscal Year 2007, and as a result no longer needs to collect the initial 5-Year Plan. Also, as required by the Food Conservation and Energy Act of 2008 (FCEA) (Pub. L. 110–246, sec. 7505), NIFA is working with the university partners in extension and research to review and identify measures to streamline the submission, reporting under, and implementation of plan of work requirements.

Need and Use of the Information: Institutions are required to annually report to NIFA the following: (1) the actions taken to seek stakeholder input to encourage their participation; (2) a brief statement of the process used by the recipient institution to identify individuals or groups who are stakeholders and to collect input from them; and (3) a statement of how collected input was considered. NIFA uses the information to provide feedback to the institutions on their Plans of Work and Annual Reports of Accomplishments and Results in order for institutions to improve the conduct and the delivery of their programs.

Failure to comply with the requirements may result in the withholding of a recipient institution's formula funds and redistribution of its share of formula funds to other eligible institutions.

Description of Respondents: Not-for-profit institutions; State, Local or Tribal Government.

Number of Respondents: 75.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 24,300.

Ruth Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410–09–P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS–2022–0052]

Notice of Request for Revision to and Extension of Approval of an Information Collection; Irradiation Phytosanitary Treatment of Imported Fruits and Vegetables

AGENCY: Animal and Plant Health Inspection Service, Department of Agriculture (USDA).

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with regulations for the use of irradiation as a phytosanitary treatment of imported fruits and vegetables.

DATES: We will consider all comments that we receive on or before November 18, 2022.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <https://www.regulations.gov>. Enter APHIS–2022–0052 in the Search field. Select the Documents tab, then select the Comment button in the list of documents.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2022–0052, Regulatory Analysis and Development, PPD, APHIS, Station 3A–03.8, 4700 River Road, Unit 118, Riverdale, MD 20737–1238.

Supporting documents and any comments we receive on this docket

may be viewed at [regulations.gov](https://www.regulations.gov) or in our reading room, which is located in Room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799-7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information regarding the regulations for the use of irradiation as a phytosanitary treatment of imported fruits and vegetables, contact Mr. David Begley, National Policy Manager for Treatments, PPQ, APHIS, 4700 River Road, Room 4D-04B, Riverdale, MD 20737; (470) 426-2412; david.begley@usda.gov. For information on the information collection reporting process, contact Mr. Joseph Moxey, APHIS' Paperwork Reduction Act Coordinator, at (301) 851-2483; joseph.moxey@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Irradiation Phytosanitary Treatment of Imported Fruits and Vegetables.

OMB Control Number: 0579-0155.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Plant Protection Act (7 U.S.C. 7701 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture is authorized, among other things, to regulate the importation of plants, plant products (including fruits and vegetables), and other articles to prevent the introduction of plant pests, diseases, and noxious weeds into the United States.

Regulations governing the importation of fruits and vegetables are set out in 7 CFR part 319. In accordance with the regulations, some fruits and vegetables from certain regions of the world must be treated for insect pests in order to be eligible for entry into the United States.

The regulations in 7 CFR part 305, among other things, provide for the use of irradiation as a phytosanitary treatment for some fruits and vegetables imported into the United States.

Irradiation provides protection against all insect pests, including fruit flies, the mango seed weevil, and others. Irradiation treatment may be used as an alternative to other approved treatments for pests in fruits and vegetables, such as fumigation, cold treatment, heat treatment, and other techniques.

The regulations concerning irradiation involve the collection of information, such as a compliance

agreement, operational work plans (cooperative agreements), dosimetry agreement at the irradiation facility, request for dosimetry device approval, 30-day notification, labeling and packaging, recordkeeping, request for certification and inspection of facility, irradiation treatment workplan, facility preclearance workplan, trust fund agreement, phytosanitary certificate, and denial and withdrawal of certification.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.001 hours per response.

Respondents: National plant protection organizations of exporting countries, irradiation facility operators, and U.S. importers of fruits and vegetables.

Estimated annual number of respondents: 86.

Estimated annual number of responses per respondent: 71,334.

Estimated annual number of responses: 6,134,715.

Estimated total annual burden on respondents: 6,902 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 14th day of September 2022.

Anthony Shea,

Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Food Safety and Inspection Service

[Docket No. FSIS-2022-0023]

Notice of Request To Renew an Approved Information Collection: Modernization of Swine Slaughter Inspection

AGENCY: Food Safety and Inspection Service, Department of Agriculture (USDA).

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 and Office of Management and Budget (OMB) regulations, the Food Safety and Inspection Service (FSIS) is announcing its intention to renew the approved information collection regarding swine slaughter inspection. The approval for this information collection will expire on January 31, 2023. FSIS is making no changes to the information collection.

DATES: Submit comments on or before November 18, 2022.

ADDRESSES: FSIS invites interested persons to submit comments on this **Federal Register** notice. Comments may be submitted by one of the following methods:

- *Federal eRulemaking Portal:* This website provides commenters the ability to type short comments directly into the comment field on the web page or to attach a file for lengthier comments. Go to <https://www.regulations.gov>. Follow the on-line instructions at that site for submitting comments.

- *Mail:* Send to Docket Clerk, U.S. Department of Agriculture, Food Safety and Inspection Service, 1400 Independence Avenue SW, Mailstop 3758, Washington, DC 20250-3700.

- *Hand- or Courier-Delivered Submittals:* Deliver to 1400 Independence Avenue SW, Washington, DC 20250-3700.

Instructions: All items submitted by mail or electronic mail must include the Agency name and docket number FSIS-2022-0023. Comments received in response to this docket will be made available for public inspection and posted without change, including any personal information, to <https://www.regulations.gov>.
