Federal Emergency Management Agency

[Docket ID: FEMA-2022-0012; OMB No. 1660-0008]

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Elevation Certificate/Floodproofing Certificate

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice. 30 Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995 (PRA). In accordance with the PRA, this notice seeks comments concerning the Elevation Certificate and the Floodproofing Certificate for Non-Residential Structures.

DATES: Comments must be submitted on or before October 27, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472-3100, email address FEMA-Information-Collections-Management@fema.dhs.gov or Joycelyn Collins, Program Analyst, Federal Insurance and Mitigation Administration, Flood Insurance Directorate, at 202-701-3383 or Joycelyn.Collins@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: Communities participating in the National Flood Insurance Program (NFIP) are required to adopt a floodplain management ordinance that meets or exceeds the minimum floodplain management requirements of the NFIP. In accordance with FEMA's minimum floodplain management criteria, communities must require that all new construction and substantial

improvement of residential structures and non-residential structures have the lowest floor (including basement) elevated to above the base flood elevation subject to 44 CFR 60.3(c)(2) and (3), unless, for residential structures, the community is granted an exception by FEMA for the allowance of basements under 44 CFR 60.6(b) or (c). New construction and substantial improvement of non-residential structures can also be floodproofed. This means that, together with attendant utility and sanitation facilities, they are designed such that below the base flood level the structure is watertight, with walls substantially impermeable to the passage of water and with structural components having the capability to resist hydrostatic and hydrodynamic loads and effects of buoyancy. 44 CFR 60.3(c)(3)(ii). Use of the Elevation Certificate and Floodproofing Certificate is one convenient way for a community to document building compliance. Title 44 CFR 61.7 and 61.8 require proper investigation to estimate the risk premium rates necessary to provide flood insurance.

This proposed information collection previously published in the **Federal Register** on March 10, 2022, at 87 FR 13743, with a 60-day public comment period. FEMA received 17 public comments related to the Elevation Certificate and Floodproofing Certificate. Two of the comments were not relevant to this information collection. Two other comments only expressed approval of the changes made and provided no suggestions. Several comments provided suggestions that had already been addressed in the proposed revisions. Some comments will be considered for future iterations as improved technology capabilities allow. FEMA accepted many of the other suggestions that better clarified the information being requested and improved the instructions for use of the collection instruments. None of the comments received addressed cost and hour burden.

The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: Elevation Certificate/Floodproofing Certificate.

Type of information collection: Revision of a currently approved collection.

OMB Number: 1660-0008.

Form Titles and Numbers: FEMA Form FF-206-FY-22-152 (formerly 086-0-33), Elevation Certificate and

FEMA Form FF-206-FY-22-153 (formerly 086-0-34), Floodproofing Certificate for Non-Residential Structures.

Abstract: The Elevation Certificate and Floodproofing Certificate are used in conjunction with the Flood Insurance Application to determine a building's compliance with local floodplain management provisions and to document elevations in support of flood insurance premiums or discounts that align with the building's risk of damage from flooding. Respondents are primarily surveyors, architects, or engineers; individual property owners may opt to complete specified portions of the Elevation Certificate.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 3,517.

Estimated Number of Responses: 3,517.

Estimated Total Annual Burden Hours: 12,734.

Estimated Total Annual Respondent Cost: \$610,424.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$32,248.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

[Docket No. ICEB-2022-0011]

RIN 1653-ZA31

Employment Authorization for Burmese F-1 Nonimmigrant Students Experiencing Severe Economic Hardship as a Direct Result of the Current Crisis in Burma (Myanmar)

AGENCY: U.S. Immigration and Customs Enforcement; Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice announces that the Secretary of Homeland Security (Secretary) is suspending certain regulatory requirements for F-1 nonimmigrant students whose country of citizenship is Burma, regardless of country of birth (or individuals having no nationality who last habitually resided in Burma), and who are experiencing severe economic hardship as a direct result of the current crisis in Burma. The Secretary is taking action to provide relief to these Burmese students who are lawful F-1 nonimmigrant students so the students may request employment authorization, work an increased number of hours while school is in session, and reduce their course load while continuing to maintain their F-1 nonimmigrant student status. The U.S. Department of Homeland Security (DHS) will deem an F-1 nonimmigrant student granted employment authorization by means of this notice to be engaged in a "full course of study" for the duration of the employment authorization, if the nonimmigrant student satisfies the minimum course load requirement described in this notice.

DATES: This notice is effective November 26, 2022, through May 25, 2024.

FOR FURTHER INFORMATION CONTACT: Sharon Snyder, Unit Chief, Policy and Response Unit, Student and Exchange Visitor Program, MS 5600, U.S. Immigration and Customs Enforcement, 500 12th Street SW, Washington, DC 20536-5600; email: sevp@ice.dhs.gov, telephone: (703) 603-3400. This is not a toll-free number. Program information can be found at <https://www.ice.gov/sevis/>.

SUPPLEMENTARY INFORMATION:

What action is DHS taking under this notice?

The Secretary is exercising authority under 8 CFR 214.2(f)(9) to temporarily suspend the applicability of certain requirements governing on-campus and off-campus employment for F-1 nonimmigrant students whose country of citizenship is Burma regardless of country of birth (or individuals having no nationality who last habitually resided in Burma), who are present in the United States in lawful F-1 nonimmigrant student status on the date of publication of this notice, and who are experiencing severe economic hardship as a direct result of current crisis in Burma. Effective with this publication, suspension of the employment limitations is available through May 25, 2024, for those who are in lawful F-1 nonimmigrant status on the date of publication of this notice. DHS will deem an F-1 nonimmigrant student granted employment authorization through this notice to be engaged in a "full course of study" for the duration of the employment authorization, if the student satisfies the minimum course load set forth in this notice.¹ See 8 CFR 214.2(f)(6)(i)(F).

Who is covered by this notice?

This notice applies exclusively to F-1 nonimmigrant students who meet all of the following conditions:

- (1) Are a citizen of Burma regardless of country of birth (or an individual having no nationality who last habitually resided in Burma);
- (2) Were lawfully present in the United States in F-1 nonimmigrant status under section 101(a)(15)(F)(i) of the Immigration and Nationality Act (INA), 8 U.S.C. 1101(a)(15)(F)(i), on the date of publication of this notice;
- (3) Are enrolled in an academic institution that is Student and Exchange Visitor Program (SEVP)-certified for

¹ Because the suspension of requirements under this notice applies throughout an academic term during which the suspension is in effect, DHS considers an F-1 nonimmigrant student who engages in a reduced course load or employment (or both) after this notice is effective to be engaging in a "full course of study," see 8 CFR 214.2(f)(6), and eligible for employment authorization, through the end of any academic term for which such student is matriculated as of May 25, 2024, provided the student satisfies the minimum course load requirements in this notice. DHS also considers students who engage in online coursework pursuant to U.S. Immigration and Customs Enforcement (ICE) coronavirus disease 2019 (COVID-19) guidance for nonimmigrant students to be in compliance with regulations while such guidance remains in effect. See ICE Guidance and Frequently Asked Questions on COVID-19, Nonimmigrant Students & SEVP-Certified Schools: Frequently Asked Questions, <https://www.ice.gov/coronavirus> (last visited Aug. 5, 2022).
