Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 52.

Abstract: The American Rescue Plan Act of 2021 (ARP) included an unprecedented \$800 million to support the specific needs of homeless children and youth via the American Rescue Plan Elementary and Secondary School Emergency Relief—Homeless Children and Youth (ARP–HCY) Fund. State educational agencies (SEAs) and local educational agencies (LEAs) must use ARP–HCY funds to identify homeless children and youth, to provide homeless children and youth with wrap-around services to address the challenges of COVID–19, and to enable homeless children and youth to attend school and fully participate in school activities. This is a one-time grant program administered as part of the American Rescue Plan. The U.S. Department of Education (the Department) is seeking to understand how funds under this one-time grant program are being used.

Specifically, the Department is seeking to learn about the distribution of ARP–HCY funds by SEAs, the characteristics of LEAs receiving funds, and the characteristics of LEAs who chose not to participate in the distribution of funds in each state. Additionally, the Department would like to gather information on how SEAs are using the funds that were set aside at the State level under this program. Information obtained in this survey will be used to inform technical assistance and support provided by the Department and the National Center for Homeless Education (NCHE), resources developed by NCHE, and further studies.

SUPPLEMENTARY INFORMATION:

I. Authority and Purpose

Title III of the Energy Policy and Conservation Act, as amended (EPCA),¹ sets forth a variety of provisions designed to improve energy efficiency. Part A of Title III (42 U.S.C. 6291-6309) provides for the Energy Conservation Program for Consumer Products Other Than Automobiles. The National Energy Conservation Policy Act, Public Law 95-619, amended EPCA to add Part A-1 of Title III, which established an energy conservation program for certain industrial equipment. (42 U.S.C. 6311-6317) Sections 6298-6305 and 6316 of EPCA authorize DOE to enforce compliance with the energy and water conservation standards established for covered products and covered equipment. To ensure that all covered products and equipment distributed in the United States comply with DOE's energy and water conservation standards and certification requirements, DOE promulgated enforcement regulations in 10 CFR parts 429, 430, and 431 and assesses civil penalties for violations of these regulations. Section 6303(d) of EPCA provides an opportunity for an on-the-record hearing for parties issued a civil penalty notice for violations of DOE's conservation standards and certification requirements.

In this NOI, DOE gives notice of its intent to commence on-the-record hearings before ALJs in civil penalty cases pursuant to its authority in 42 U.S.C. 6303(d)(2)(A). For more information on DOE's enforcement

process, including how to request an ALJ hearing, please see 10 CFR part 429, subpart C.

II. Procedures for Administrative Adjudication of Civil Penalty Actions
