

application of those requirements would be inconsistent with the CAA; and

- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a

report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by December 5, 2022. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action, which pertains to the reduction of VOC emissions from cold solvent cleaning operations in Delaware, may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Implementing Kari’s Law and RAY BAUM’S Act; Inquiry Concerning 911 Access, Routing, and Location in Enterprise Communications Systems; Amending the Definition of Interconnected VoIP Service; Correction

AGENCY: Federal Communications Commission.

ACTION: Correcting amendments.

SUMMARY: On December 5, 2019, the Federal Communications Commission

revised Commission rules. That document incorrectly listed a cross-reference. This document corrects the final regulations.

DATES: Effective October 4, 2022.

FOR FURTHER INFORMATION CONTACT: For additional information, contact Jill Coogan, Attorney Advisor, Policy and Licensing Division, Public Safety and Homeland Security Bureau, (202) 418-1499 or via email at *Jill.Coogan@fcc.gov*.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission’s Second Erratum, in PS Docket Nos. 18-261, 17-239; GN Docket No. 11-117; DA 22-952, released on September 13, 2022. This document corrects the Commission’s final rules document, published December 5, 2019 (84 FR 66716). This is the second set of corrections. The first

set of corrections was published in the **Federal Register** on February 19, 2020 (85 FR 9390).

On September 13, 2022, the Federal Communications Commission's Office of Managing Director and Public Safety and Homeland Security Bureau published a Second Erratum to correct an erroneous cross-reference in the final rules appendix of FCC 19–76, published in the **Federal Register** on December 5, 2019 (84 FR 66716).

Because this change is editorial and non-substantive, we find good cause to conclude that notice and comment are unnecessary for its adoption. Because this rule change does not require notice and comment, the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.*, does not apply. *See id.* section 601(2).

This Second Erratum does not contain new or modified information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104–13. In addition, therefore, it does not contain any new or modified information collection burden for small business concerns with fewer than 25 employees, pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107–198; *see* 44 U.S.C. 3506(c)(4).

The Commission has determined, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget, concurs that this rule is “non-major” under the Congressional Review Act, 5 U.S.C. 804(2). The Commission will send a copy of the Order to Congress and the Government Accountability Office pursuant to 5 U.S.C. 801(a)(1)(A).

Accordingly, *it is ordered* that, effective on the date of publication of this Second Erratum in the **Federal Register**, § 9.17(a)(1) of the rules *is amended* as set forth herein, pursuant to the authority contained in sections 4(i) and 303(r) of the Communications Act of 1934, as amended, 47 U.S.C. 154(i), 303(r), and in sections 553(b)(3)(B) and 553(d)(3) of the Administrative Procedure Act, 5 U.S.C. 553(b)(3)(B), 553(d)(3).

List of Subjects in 47 CFR Part 9

Communications, Communications common carriers, Communications equipment, Internet, Radio, Reporting and recordkeeping requirements, Satellites, Security measures, Telecommunications, Telephone.

Accordingly, 47 CFR part 9 is corrected by making the following correcting amendments:

PART 9—911 REQUIREMENTS

- 1. The authority citation for part 9 continues to read as follows:

Authority: 47 U.S.C. 151–154, 152(a), 155(c), 157, 160, 201, 202, 208, 210, 214, 218, 219, 222, 225, 251(e), 255, 301, 302, 303, 307, 308, 309, 310, 316, 319, 332, 403, 405, 605, 610, 615, 615 note, 615a, 615b, 615c, 615a–1, 616, 620, 621, 623, 623 note, 721, and 1471, and Section 902 of Title IX, Division FF, Pub. L. 116–260, 134 Stat. 1182, unless otherwise noted.

- 2. Amend § 9.17 by revising paragraph (a)(1) to read as follows:

§ 9.17 Enforcement, compliance date, State law.

(a) * * *

(1) Sections 9.16(a)(1) and (b)(1) and (2) shall be enforced under title V of the Communications Act of 1934, as amended, 47 U.S.C. 501 *et seq.*, except that section 501 applies only to the extent that such section provides for the punishment of a fine.

Fisheries Off West Coast States; Modification of the West Coast Salmon Fisheries; Inseason Actions #37 Through #45

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Inseason modification of 2022 management measures.

SUMMARY: NMFS announces nine inseason actions in the 2022 ocean salmon fisheries. These inseason actions modify the recreational and commercial salmon fisheries in the area from the U.S./Canada border to the Oregon/California border.

DATES: The effective dates for the inseason actions are set out in this document under the heading Inseason Actions and the actions remain in effect until superseded or modified.

FOR FURTHER INFORMATION CONTACT: Shannon Penna at 562–980–4239, Email: *Shannon.Penna@noaa.gov*.

SUPPLEMENTARY INFORMATION:

Background

The 2022 annual management measures for ocean salmon fisheries (87 FR 29690, May 16, 2022), announced management measures for the commercial and recreational fisheries in the area from the U.S./Canada border to the U.S./Mexico border, effective from 0001 hours Pacific Daylight Time (PDT), May 16, 2022, until the effective date of the 2023 management measures, as published in the **Federal Register**. NMFS is authorized to implement inseason management actions to modify fishing seasons and quotas as necessary to provide fishing opportunity while meeting management objectives for the affected species (50 CFR 660.409). Inseason actions in the salmon fishery may be taken directly by NMFS (50 CFR 660.409(a)—Fixed inseason management provisions) or upon consultation with the Chairman of the Pacific Fishery Management Council (Council), and the appropriate State Directors (50 CFR 660.409(b)—Flexible inseason management provisions).

Management of the salmon fisheries is divided into two geographic areas: north of Cape Falcon (NOF) (U.S./Canada border to Cape Falcon, OR), and south of Cape Falcon (SOF) (Cape Falcon, OR, to the U.S./Mexico border). The actions described in this document affect the NOF commercial and recreational salmon fisheries, as set out under the heading Inseason Action below.

Consultations with the Council Chairperson on these inseason actions occurred on August 17, 2022, August 22, 2022, August 25, 2022, and August 30, 2022. Representatives from NMFS, Washington Department of Fish and Wildlife (WDFW), Oregon Department of Fish and Wildlife (ODFW), California Department of Fish and Wildlife (CDFW) and Council staff participated in these consultations. Members of the Salmon Advisory Subpanel and Salmon Technical Team (STT) were also present on the calls.

These inseason actions were announced on NMFS' telephone hotline and U.S. Coast Guard radio broadcast on the date of the consultations (50 CFR 660.411(a)(2)).
