

filing of comments or a protest with respect to the Application will not serve to make the commenter or protestant a party to the proceeding, although protests and comments received from persons who are not parties will be considered in determining the appropriate action to be taken on the Application. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by the regulations in 10 CFR part 590, including the service requirements.

As noted, DOE is only accepting electronic submissions at this time. Please email the filing to fergas@hq.doe.gov. All filings must include a reference to “Docket No. 22–110–LNG” or “NFE Altamira FLNG Application” in the title line.

Please Note: Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

The Application and any filed protests, motions to intervene, notices of interventions, and comments will also be available electronically by going to the following DOE Web address: www.energy.gov/fecm/regulation.

A decisional record on the Application will be developed through responses to this Notice by parties, including the parties’ written comments and replies thereto. Additional procedures will be used as necessary to achieve a complete understanding of the facts and issues. If an additional procedure is scheduled, notice will be provided to all parties. If no party requests additional procedures, a final Opinion and Order may be issued based on the official record, including the Application and responses filed by parties pursuant to this Notice, in accordance with 10 CFR 590.316.

Signed in Washington, DC, on September 30, 2022.

Amy Sweeney,

Director, Office of Regulation, Analysis, and Engagement, Office of Resource Sustainability.

[Project No. 1773–042]

Moon Lake Electric Association, Inc.; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission’s (Commission or FERC) regulations, 18 Code of Federal Regulations (CFR) part 380, Commission staff reviewed Moon Lake Electric Association, Inc.’s application to surrender the project license of the Yellowstone Hydroelectric Project No. 1773 and have prepared an Environmental Assessment (EA). The licensee proposes to surrender the license for the project and decommission the project facilities, which includes removing the project dam, abutments, and penstock. The licensee would also restore the reach of the Yellowstone River affected by the dam and reservoir by using sediments to rebuild the channel, and reclaim upland areas disturbed. The project is located on the Yellowstone River in Duchesne County, Utah, within the Ashley National Forest, administered by the U.S. Department of Agriculture’s Forest Service, and within the Uintah and Ouray Reservations.

The EA contains Commission staff’s analysis of the potential environmental effects of the proposed surrender of the project license, and concludes that, with appropriate environmental protective measures, it would not constitute a major federal action that would significantly affect the quality of the human environment.

The Commission provides all interested persons with an opportunity to view and/or print the EA via the internet through the Commission’s Home Page (<http://www.ferc.gov>) using the “eLibrary” link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, (202) 502–8659.

You may also register online at <https://ferconline.ferc.gov/eSubscription.aspx> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

For further information, contact Marybeth Gay at 202–502–6125 or Marybeth.Gay@ferc.gov.

Dated: September 30, 2022.

Kimberly D. Bose,

Secretary.

[Docket Nos. CP16–454–000; CP16–454–003; CP16–455–000; CP16–455–002]

Rio Grande LNG, LLC; Rio Bravo Pipeline Company, LLC; Notice Seeking Public Comment on Responses to Information Requests

On May 5, 2016, Rio Grande LNG, LLC (Rio Grande) filed an application under section 3 of the Natural Gas Act (NGA)¹ and Part 153 of the Commission’s regulations² for authorization to construct and operate a liquefied natural gas (LNG) export terminal on the north embankment of the Brownsville Ship Channel in Cameron County, Texas. At the same time, Rio Bravo Pipeline Company, LLC (Rio Bravo) filed an application under NGA section 7(c)³ and Part 157 of the Commission’s regulations⁴ for authorization to construct and operate a natural gas pipeline system that would deliver gas to the terminal for liquefaction and export. On November 22, 2019, the Commission authorized Rio Grande’s and Rio Bravo’s respective proposals, subject to conditions.⁵ On August 3, 2021, the U.S. Court of Appeals for the D.C. Circuit (D.C. Circuit) partially remanded, but did not vacate, the Commission’s authorization.⁶ On August 16, 2022, and August 31, 2022, Commission staff issued environmental information requests to Rio Grande in order to address deficiencies noted in the D.C. Circuit’s August 3, 2021 decision. Rio Grande responded to Commission staff’s information requests on August 22,
