Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Multifamily Mortgagee's Application for Insurance Benefits.

OMB Approval Number: 2502–0419.

OMB Expiration Date: August 31, 2023.

Type of Request: Extension of a currently approved collection.

Form Number: Form HUD 2747, Application for Insurance Benefits, Multifamily Mortgage.

Description of the need for the information and proposed use: A lender with an insured multifamily mortgage pays an annual insurance premium to the Department. When and if the mortgage goes into default, the lender may elect to file a claim for insurance benefits with the Department. A requirement of the claims process is the submission of an application for insurance benefits. Form HUD 2747, Mortgagee's Application for Insurance Benefits (Multifamily Mortgage), satisfies this requirement.

Respondents: Not-for-profit institutions, State, local or Tribal Government.

Estimated Number of Respondents: 110.

Estimated Number of Responses: 110.

Frequency of Response: Occasion.

Average Hours per Response: 1.

Total Estimated Burden: 110 hours.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comments in response to these questions

C. Authority

Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

[Docket No. FWS–R8–ES–2022–0073; FXES1113080000–212–FF08ENV500]

Spring Mountain Raceway and Motor Resort, Nye County, Nevada; Receipt and Availability for Public Comment: Incidental Take Permit Application, Draft Habitat Conservation Plan, and Draft NEPA Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), announce the receipt and availability of an application for an incidental take permit (ITP) under the Endangered Species Act (ESA) and an associated draft habitat conservation plan (HCP). Additionally, consistent with the requirements of the National Environmental Policy Act (NEPA), we have prepared a draft low-effect screening form and environmental action statement supporting our preliminary determination that the proposed permit action qualifies for a categorical exclusion under NEPA. The Spring Mountain Raceway and Motor Resort has applied for an ITP under the ESA for their HCP for a 56-acre go-kart project in Nye County, Nevada. The ITP would authorize the take of Mojave desert tortoise (*Gopherus agassizii*) incidental to development, construction, and operation of the project. We invite the public and local, State, Tribal, and Federal agencies to comment on the permit application, proposed low-effect HCP, and NEPA categorical exclusion determination documentation. Before issuing the requested ITP, we will take into consideration any information that we receive during the public comment period.

DATES: Written comments must be received on or before November 10, 2022.

ADDRESSES:

Obtaining Documents: The documents announced by this notice, as well as any comments and other materials that we receive, will be available for public inspection in Docket No. FWS–R8–ES–2022–0073 at <https://www.regulations.gov>.

Submitting Comments: To send written comments, please use one of the following methods and identify to which document your comments are in reference—the draft HCP or NEPA compliance documentation.

- **Internet:** Submit comments at <https://www.regulations.gov> under Docket No. FWS–R8–ES–2022–0073.

- **U.S. Mail:** Public Comments Processing, Attn: Docket No. FWS–R8–ES–2022–0073; U.S. Fish and Wildlife Service Headquarters, MS: PRB/3W; 5275 Leesburg Pike; Falls Church, VA 22041–3803.

For more information, see Public Comments and Public Availability of Comments under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Glen W. Knowles, Field Supervisor, Southern Nevada Fish and Wildlife Office, by phone at 702–515–5244. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), announce the receipt of a permit application from the Spring Mountain Raceway and Motor Resort (applicant), for a 2-year incidental take permit (ITP) under section 10(a)(1)(B) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). Application for the permit requires the preparation of a habitat conservation plan (HCP) with measures to avoid, minimize, and mitigate the impacts of incidental take of endangered, threatened, or candidate species to the maximum extent practicable. The applicant prepared a draft low-effect HCP for a 56-acre go-kart project pursuant to section 10(a)(1)(B) of the ESA.

The Service's consideration of issuing an ITP also requires evaluation of its potential impacts on the natural and human environment in accordance with the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). The Service has prepared a low-effect screening form and environmental

action statement (categorical exclusion, or CatEx documentation), pursuant to NEPA and its implementing regulations in the Code of Federal Regulations (CFR) at 40 CFR 1501.4, to preliminarily determine if the proposed HCP qualifies as a low-effect HCP, eligible for a categorical exclusion.

Background

Except for permitted exceptions, section 9 of the ESA (16 U.S.C. 1538 *et seq.*) prohibits the taking of fish and wildlife species listed as endangered under section 4 of the ESA; by regulation, take of certain species listed as threatened is also prohibited (16 U.S.C. 1533(d); 50 CFR 17.31). Regulations governing the permitted exception for allowable incidental take of endangered and threatened species are at 50 CFR 17.22 and 17.32. For more about the Federal habitat conservation HCP program, go to: <https://www.fws.gov/media/habitat-conservation-plans-under-endangered-species-act>.

National Environmental Policy Act Compliance

The proposed permit issuance triggers the need for compliance with the NEPA. The draft CatEx documentation was prepared to determine if issuance of an ITP, based on the draft HCP, would only have individually or cumulatively minor or negligible effects on the species covered in the HCP, as well as on other environmental values or resources, and would therefore qualify as a low-effect HCP not subject to further environmental analysis under NEPA.

Proposed Action

Under the proposed action, the Service would issue a permit to the applicant for a period of 2 years for covered activities (described below) related to the construction of a 56-acre go-kart facility. Covered species include the federally threatened Mojave desert tortoise (*Gopherus agassizii*).

Habitat Conservation Plan Area

The geographic scope of this draft HCP area encompasses 56 acres in the town of Pahrump in Nye County, Nevada.

Covered Activities

The proposed section 10(a) permit would allow incidental take of the federally threatened Mojave desert tortoise (*Gopherus agassizii*) for covered activities in the proposed HCP area. The applicant is requesting incidental take authorization for covered activities pertaining to the construction of a go-

kart facility, including desert tortoise and security fence installation, desert tortoise clearance surveys and translocation, cactus and yucca transplanting, blading, vegetation removal, grading and contouring, construction of go-kart tracks and associated features, and construction of facility buildings, lighting, and parking lots. For covered activities, the applicant has outlined best management practices and other measures in the HCP to minimize and mitigate for direct impacts to the Mojave desert tortoise. The proposed actions will result in the permanent loss of 56 acres of suitable Mojave desert tortoise habitat in Nye County, Nevada.

Public Comments

We request data, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, Tribes, industry, or any other interested party on the draft HCP and associated documents. If you wish to comment, you may submit comments by either of the methods in **ADDRESSES**.

Public Availability of Comments

Any comments we receive will become part of the decision record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

Issuance of a permit is a Federal proposed action subject to compliance with NEPA and section 7 of the ESA. We will evaluate the permit application, the HCP, associated documents, and any public comments we receive during the comment period to determine whether the application meets the requirements of section 10(a) of the ESA. If we determine that those requirements are met, we will conduct an intra-Service consultation under section 7 of the ESA for the Federal action and for the potential issuance of an ITP. If the intra-Service consultation confirms that

issuance of the permit will not jeopardize the continued existence of any endangered or threatened species, or destroy or adversely modify critical habitat, we will issue a permit to the applicant for the incidental take of the covered species.

Authority

We provide this notice under section 10(c) of the ESA (16 U.S.C. 1539(c) and its implementing regulations (50 CFR 17.32) and NEPA (42 U.S.C. 4371 *et seq.*) and NEPA implementing regulations (40 CFR 1501.4).

Glen W. Knowles,

Field Supervisor, Southern Nevada Fish and Wildlife Office, U.S. Fish and Wildlife Service, Las Vegas, Nevada.

Endangered Species; Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits, permit renewals, and/or permit amendments to conduct activities intended to enhance the propagation or survival of endangered species under the Endangered Species Act. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive written data or comments on the applications by November 10, 2022.

ADDRESSES:

Reviewing Documents: Submit requests for copies of applications and other information submitted with the applications to Karen Marlowe (see **FOR FURTHER INFORMATION CONTACT**). All requests and comments should specify the applicant name and application number (*e.g.*, Mary Smith, ESPER0001234).

Submitting Comments: If you wish to comment, you may submit comments by one of the following methods:

- *Email (preferred method):* *permitsR4ES@fws.gov*. Please include your name and return address in your email message. If you do not receive a confirmation from the U.S. Fish and Wildlife Service that we have received your email message, contact us directly at the telephone number listed in **FOR FURTHER INFORMATION CONTACT**.
- *U.S. mail:* U.S. Fish and Wildlife Service Regional Office, Ecological Services, 1875 Century Boulevard, Atlanta, GA 30345 (Attn: Karen Marlowe, Permit Coordinator).

FOR FURTHER INFORMATION CONTACT: Karen Marlowe, Permit Coordinator, 404-679-7097 (telephone) or *karen_marlowe@fws.gov* (email). Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite review and comment from the public and local, State, Tribal, and Federal agencies on applications we have received for permits to conduct certain activities with endangered and threatened species under section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and our regulations in the Code of Federal Regulations (CFR) at 50 CFR part 17. Documents and

other information submitted with the applications are available for review, subject to the requirements of the Privacy Act of 1974, as amended (5 U.S.C. 552a) and the Freedom of Information Act (5 U.S.C. 552).

Background

With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes such take. The ESA's definition of "take" includes hunting, shooting, harming, wounding, or killing, and also such activities as pursuing, harassing, trapping, capturing, or collecting.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to take endangered or threatened species while engaging in activities that are conducted for scientific purposes that promote recovery of species or for enhancement of propagation or survival of species. These activities often include the capture and collection of species, which would result in prohibited take if a permit were not issued. Our regulations implementing section 10(a)(1)(A) for these permits are found at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

The ESA requires that we invite public comment before issuing these permits. Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies. Proposed activities in the following permit requests are for the recovery and enhancement of propagation or survival of the species in the wild.
