[Docket No. AD22–8–000]

**Transmission Planning and Cost Management; Supplemental Notice of Technical Conference**

As announced in the Notice of Technical Conference issued in this proceeding on April 21, 2022, the Federal Energy Regulatory Commission (Commission) will convene a Commissioner-led technical conference regarding transmission planning and cost management for transmission facilities developed through local or regional transmission planning processes in the above-captioned proceeding on October 6, 2022, from approximately 9:00 a.m. to 5:00 p.m. Eastern Time.

The purpose of this conference is to explore measures to ensure sufficient transparency into and cost effectiveness of local and regional transmission planning decisions, including: (1) the role of cost management measures in ensuring the cost-effective identification of local transmission needs (e.g., planning criteria) and solutions to address identified local transmission and regional reliability-related transmission needs; and (2) cost considerations and the processes through which transmission developers recover their costs to ensure just and reasonable transmission rates. Additionally, this conference will also discuss potential approaches to providing enhanced cost management measures and greater transparency and oversight if needed to ensure just and reasonable transmission rates.

A finalized agenda for this technical conference is attached. This supplemental notice includes further details regarding the agenda and speakers for the technical conference. An additional supplemental notice will be issued following the technical conference with the opportunity for interested parties to submit post-technical conference comments.

The technical conference will be open to the public and there is no fee for attendance. Information will also be posted on the Calendar of Events on the Commission's website, [www.ferc.gov](http://www.ferc.gov), prior to the event.

The technical conference will be transcribed and webcast. Transcripts will be available for a fee from Ace Reporting (202–347–3700). A free webcast of this event is available through the Commission's website. Anyone with internet access who

desires to view this event can do so by navigating to [www.ferc.gov](http://www.ferc.gov)'s Calendar of Events and locating this event in the Calendar.
