

refuge visitors' attitudes, perceptions, and beliefs about climate-related topics.

Both the National Park System and the National Wildlife Refuge System protect places, resources, and experiences of importance to the American public. But climate change has serious implications for the protection of landscapes, ecosystems, recreational opportunities, and visitor experiences in parks and refuges. Thus, the NPS and FWS seek to better understand visitors' understanding and concerns about climate change.

Both the NPS and FWS administer high-quality programs of interpretation and education, and communication about pressing, climate-related topics is increasingly necessary. Audience analysis is important for guiding such efforts. Results of this survey will provide insight into topics, methods, and/or communications media of most interest to park and refuge visitors.

**Abstract:** The NPS administers the NRT program as authorized by section 4 of the National Trails System Act (16 U.S.C. 1243) and Secretarial Order No. 3319, which establishes National Water Trails as a class of National Recreation Trails and directs that such trails collectively be considered in a National Water Trails System.

The NPS uses forms 10–1002: *Application for Designation as National Water Trail* and 10–1003: *Application for Designation as National Recreation Trail*, to evaluate the applications for adherence to NRT requirements and criteria. NPS Approval of an application is based on (1) the sufficiency of information provided on the application form and in supporting documentation, such as photographs, maps, and written landowner consents that accompany the form, and (2) successfully meeting the NRT requirements and criteria. Successful applications are forwarded to the Secretary of the Interior for approval. Revisions to Forms 10–1002: *Application for Designation—National Water Trails System* and 10–1003: *Application for Designation—National Recreation Trail* are intended to better clarify trail attributes, provide more detailed public information, and align questions asked to establish a more unified application process.

#### **Notice of Inventory Completion Amendment: University of California, Berkeley, Berkeley, CA**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice; amendment.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of California, Berkeley, has amended a Notice of Inventory Completion published in the **Federal Register** on February 2, 2005. This notice amends both the number of associated funerary objects and the cultural affiliation of the human remains and associated funerary objects removed from Sonoma County, CA.

**DATES:** Repatriation of the human remains and associated funerary objects in this notice may occur on or after November 14, 2022.

**ADDRESSES:** Alex Lucas; University of California, Berkeley; Office of Government and Community Relations, 120 California Hall, Berkeley, CA 94720, telephone (925) 791–7231, email [nagpra-ucb@berkeley.edu](mailto:nagpra-ucb@berkeley.edu).

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of California, Berkeley. The National Park Service is not responsible for the determinations in this notice. Additional information on the amendments and determinations in this notice, including the results of consultation, can be found in the inventory or related records held by the University of California, Berkeley.

#### **Amendment**

This notice amends the determinations published in a Notice of Inventory Completion in the **Federal Register** (70 FR 5466–5467, February 2, 2005). Repatriation of the items in the original Notice of Inventory Completion has not occurred.

Following additional consultation, this notice amends both the number of associated funerary objects and the cultural affiliation of the human remains and associated funerary objects removed from site CA–Son–5 in Sonoma County, CA.

The four associated funerary objects (previously identified as three associated funerary objects) are one stone pestle, one clam shell bead, one lot of shells, and one lot of stone blades and flakes.

Site CA–Son–5 is located in a region that has been occupied by Pomo speakers since approximately 5,000 B.C. Based on geographical location, age of the burial, and information provided during consultation, the human remains are culturally affiliated with descendants of the Pomo. The modern-day representatives of the Pomo in Sonoma County are the Cloverdale Rancheria of Pomo Indians of California; Dry Creek Rancheria of Pomo Indians, California (previously listed as Dry Creek Rancheria of Pomo Indians of California); Federated Indians of Graton Rancheria, California; Guidiville Rancheria of California; Kashia Band of Pomo Indians of the Stewarts Point Rancheria, California; Lytton Rancheria of Pomo Indians of California; Middletown Rancheria of Pomo Indians of California; Pinoleville

Pomo Nation, California (previously listed as Pinoleville Rancheria of Pomo Indians of California); and the Robinson Rancheria (previously listed as Robinson Rancheria Band of Pomo Indians, California).

#### **Determinations (as Amended)**

Pursuant to NAGPRA and its implementing regulations, and after consultation with the appropriate Indian Tribes and Native Hawaiian organizations, the University of California, Berkeley has determined that:

- The human remains represent the physical remains of one individual of Native American ancestry.
- The four objects are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony.
- There is a relationship of shared group identity that can be reasonably traced between the human remains and associated funerary objects and the Cloverdale Rancheria of Pomo Indians of California; Dry Creek Rancheria of Pomo Indians, California (previously listed as Dry Creek Rancheria of Pomo Indians of California); Federated Indians of Graton Rancheria, California; Guidiville Rancheria of California; Kashia Band of Pomo Indians of the Stewarts Point Rancheria, California; Lytton Rancheria of California; Middletown Rancheria of Pomo Indians of California; Pinoleville Pomo Nation, California (previously listed as Pinoleville Rancheria of Pomo Indians of California); and the Robinson Rancheria (previously listed as Robinson Rancheria Band of Pomo Indians, California).

#### **Requests for Repatriation**

Written requests for repatriation of the human remains and associated funerary objects in this notice must be sent to the Responsible Official identified in **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.
2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the human remains and associated funerary objects in this notice to a requestor may occur on or after November 14, 2022. If competing requests for repatriation are received, the University of California, Berkeley
