

assigned 1 hour acknowledging the requirement.

Section 1114.15 is an alternative format of submitting a PMTA that meets the requirements of § 1114.7 that would reduce the burden associated with the submission and review of an application. Our estimated number of 2 respondents is based on the number estimated for postmarket reports, which is 4 bundles (which is approximately 34 products). Not all applicants will resubmit modifications to previously authorized products, so we estimate 2 bundles (which is approximately 17 products). FDA estimates further that a supplemental PMTA will take 25 percent of the time it takes to do an original submission (including EA hours) for 428 hours per response. We estimate a total of 856 burden hours for this activity.

Under § 1114.17 an applicant may utilize the resubmission format for the same tobacco product for which FDA issued a marketing denial order or for a new tobacco product that results from changes necessary to address the deficiencies described in a marketing denial order. We are estimating that out of all bundles received in 2020, 2021, and 2022, that an average of three bundles are authorized. If we receive 24 amendments to bundles yearly, we estimate based on historical data, 58 percent fail at acceptance (down to 8 bundles remaining), 17 percent fail at filing (down to 7 bundles remaining), and 25 percent receive marketing orders (5 left). We also estimate that 50 percent of the applications that receive marketing denial orders will try to resubmit in a year. Thus, this number of respondents is three (rounded up). FDA

estimates that a resubmission will take 33 percent of the time it takes to complete an original submission (including EA hours) at 565 hours per response for a total of 1,695 hours.

An applicant is required to submit a PMTA and all supporting and related documents to FDA in electronic format that FDA can process, review, and archive unless an applicant requests, and FDA grants, a waiver from this requirement. FDA does not believe we will receive many waivers, so we have assigned one respondent to acknowledge the option to submit a waiver. Consistent with our other application estimates for waivers, we believe it would take .25 hours (15 minutes) per waiver for a total of .25 hours.

TABLE 2—ESTIMATED ANNUAL RECORDKEEPING BURDEN ¹

21 CFR part; activity	Number of recordkeepers	Number of records per recordkeeper	Total annual records	Average burden per recordkeeping	Total hours
1114.45; PMTA Records	39	1	39	2	78
1100.204; Pre-existing Products Records	1	1	1	2	2
1107.3; Exemptions From Substantial Equivalence (SE) Records	1	1	1	2	2
Total					82

¹ There are no capital costs or operating and maintenance costs associated with this collection of information.

Table 2 describes the annual recordkeeping burden. FDA estimates that 39 recordkeepers will maintain records at 2 hours per record. Included in this estimate are the 15 expected new recordkeepers of NTN products. Firms are also required to establish and maintain records related to SE exemption requests and pre-existing products (§ 1100.200 states that subpart C of part 1100). We expect the burden hours to be negligible for SE exemption requests. Firms would have already established the required records when submitting the SE exemption request. Similarly, we expect the hours of to be negligible for any pre-existing tobacco products that have already submitted standalone pre-existing tobacco product submissions, because firms would have established the required records when submitting the standalone pre-existing tobacco product submissions. We believe this time is usual and customary for these firms. We estimate that it would take 2 hours per record to establish the required records for a total of 4 hours.

Relative to the emergency approval by OMB our estimated burden for the information collection reflects an overall increase of 72 hours and a

corresponding increase of 117 responses/records. We attribute this adjustment to the addition of NTN product submissions.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG2022-0349]

Certificate of Alternative Compliance for the Hayden Grace, O.N. 1326783

AGENCY: Coast Guard, DHS.

ACTION: Notification of issuance of a certificate of alternative compliance.

SUMMARY: The Coast Guard announces that the Chief of Prevention, Eighth Coast Guard District has issued a certificate of alternative compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), for the HAYDEN GRACE, O.N. 1326783. We are issuing this notice because its publication is required by statute. Due to the construction and placement of mast lights, stern light, and sidelights, HAYDEN GRACE cannot fully comply with the light, shape, or sound signal provisions of the 72 COLREGS without interfering with the vessel's design and construction. This notification of issuance of a certificate of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: The Certificate of Alternative Compliance was issued on October 4, 2022.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email Lieutenant Commander Jessica Flennoy, District Eight, Prevention Division, U.S. Coast Guard, telephone 504-671-2156, email Jessica.Flennoy@uscg.mil.
