National Institutes of Health

National Heart, Lung, and Blood Institute; Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Heart, Lung, and Blood Institute Special Emphasis Panel; NHLBI Member Conflict Institutional Training T32-Awards.

Date: November 4, 2022.

Time: 11:00 a.m. to 2:00 p.m.

Agenda: To review and evaluate grant applications.

Place: National Institutes of Health, 6705 Rockledge Drive, Bethesda, MD 20817 (Virtual Meeting).

Contact Person: Fungai Chanetsa, Ph.D., MPH, Scientific Review Officer, Office of Scientific Review/DERA, National Heart, Lung, and Blood Institute, National Institutes of Health, 6705 Rockledge Drive, Room 206–B, Bethesda, MD 20817, (301) 402–9394, fungai.chanetsa@nih.gov.

This notice is being published less than 15 days prior to the meeting due to the timing limitations imposed by the review and funding cycle.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG2022–0349]

Certificate of Alternative Compliance for the Hayden Grace, O.N. 1326783

AGENCY: Coast Guard, DHS.

ACTION: Notification of issuance of a certificate of alternative compliance.

SUMMARY: The Coast Guard announces that the Chief of Prevention, Eighth Coast Guard District has issued a certificate of alternative compliance from the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), for the HAYDEN GRACE, O.N. 1326783. We are issuing this notice because its publication is required by statute. Due to the construction and placement of mast lights, stern light, and sidelights, HAYDEN GRACE cannot fully comply with the light, shape, or sound signal provisions of the 72 COLREGS without interfering with the vessel's design and construction. This notification of issuance of a certificate of alternative compliance promotes the Coast Guard's marine safety mission.

DATES: The Certificate of Alternative Compliance was issued on October 4, 2022.

FOR FURTHER INFORMATION CONTACT: For information or questions about this notice call or email Lieutenant Commander Jessica Flennoy, District Eight, Prevention Division, U.S. Coast Guard, telephone 504–671–2156, email Jessica.Flennoy@uscg.mil.

SUPPLEMENTARY INFORMATION: The United States is signatory to the International Maritime Organization's International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), as amended. The special construction or purpose of some vessels makes them unable to comply with the light, shape, or sound signal provisions of the 72 COLREGS. Under statutory law, however, specified 72 COLREGS provisions are not applicable to a vessel of special construction or purpose if the Coast Guard determines that the vessel cannot comply fully with those requirements without interfering with the special function of the vessel.¹

The owner, builder, operator, or agent of a special construction or purpose vessel may apply to the Coast Guard District Office in which the vessel is being built or operated for a determination that compliance with alternative requirements is justified,² and the Chief of the Prevention Division would then issue the applicant a certificate of alternative compliance (COAC) if he or she determines that the vessel cannot comply fully with 72 COLREGS light, shape, and sound signal provisions without interference with the vessel's special function.³ If the Coast Guard issues a COAC, it must publish notice of this action in the **Federal Register**.⁴

The Chief of Prevention Division, Eighth District, U.S. Coast Guard, certifies that the HAYDEN GRACE, O.N. 1326783 is a vessel of special construction or purpose, and that, with respect to the position of the mast lights, stern light, and sidelights, it is not possible to comply fully with the requirements of the provisions enumerated in the 72 COLREGS, without interfering with the normal operation, construction, or design of the vessel. The Chief of Prevention Division, Eighth District, U.S. Coast Guard, further finds and certifies that the mast lights, stern light, and sidelights are in the closest possible compliance with the applicable provisions of the 72 COLREGS.⁵

This notice is issued under authority of 33 U.S.C. 1605(c) and 33 CFR 81.18.

Dated: October 13, 2022.

A.H. Moore, Jr.,

Captain, U.S. Coast Guard, Chief, Prevention Division, Eighth Coast Guard District.

BILLING CODE 9110-04-P

DEPARTMENT OF HOMELAND SECURITY

Implementation of a Parole Process for Venezuelans

AGENCY: Department of Homeland Security.

ACTION: Notice.

SUMMARY: This notice describes a new effort designed to immediately address the increasing number of encounters of Venezuelan nationals along the southwest border (SWB), as the Administration continues to implement its broader, multi-pronged and regional strategy to address the challenges posed by irregular migration. Venezuelans who do not avail themselves of this process, and instead enter the United States without authorization between POEs, will be subject to expulsion or removal. As part of this effort, the Department of Homeland Security (DHS) will implement a process—modeled on the successful *Uniting for Ukraine* (U4U) parole process—for certain Venezuelan nationals to lawfully enter the United States in a safe and orderly manner. To be eligible, individuals must have a supporter in the United States who agrees to provide housing and other supports as needed; must pass national security and public safety vetting; and must agree to fly at their own expense to an interior U.S. port of entry (POE), rather than entering at a land POE. Individuals are ineligible if they have been ordered removed from the United States within the prior five years or have entered unauthorized into the United States between POEs, Mexico, or Panama after the date of this notice's publication.

DATES: DHS will begin accepting online applications for this process on October 18, 2022.

FOR FURTHER INFORMATION CONTACT: Ihsan Gunduz, Office of Strategy, Policy, and Plans, Department of Homeland Security, 2707 Martin Luther King Jr. Ave. SE, Washington, DC 20528-0445, (202) 282-9708.

SUPPLEMENTARY INFORMATION:

I. Background—Venezuela Parole Process

This notice describes the implementation of a new parole process for certain Venezuelan nationals announced by the Secretary of Homeland Security on October 12, 2022,¹ including the eligibility criteria

and filing process. The parole process is intended to enhance border security by reducing the record levels of Venezuelan nationals entering the United States between POEs, while also providing a process for certain such nationals to lawfully enter the United States in a safe and orderly manner.

The Secretary's announcement followed detailed consideration of a wide range of relevant facts and alternatives, as reflected in the Secretary's decision memorandum dated October 12, 2022.² The complete reasons for the Secretary's decision are included in that memorandum. This **Federal Register** notice is intended to provide appropriate context and guidance for the public regarding the policy and relevant procedures associated with this policy.

A. Overview

The U.S. Government is engaged in a multi-pronged, regional strategy to address the challenges posed by irregular migration. The strategy—a shared endeavor with partner countries—focuses on addressing the root causes of migration, which currently are fueling unprecedented levels of irregular migration, and creating safe and orderly processes for migration throughout the region. This strategy will reduce regional irregular migration in the mid- to long-term, but we anticipate continued substantial pressures along the southwest border over the coming months.

In light of this reality, DHS is implementing an immediate effort to address the increasing number of encounters of Venezuelan nationals at the SWB as we continue to implement the broader and long-term strategy. We anticipate that this new effort would reduce the record levels of Venezuelan nationals seeking to irregularly enter the United States between POEs along the SWB, while also providing a process for certain such nationals to lawfully enter the United States in a safe and orderly manner.

With the cooperation of the Government of Mexico (GOM), and potentially other governments, this effort is intended to serve as a deterrent to irregular migration by providing a meaningful alternative to irregular migration and by imposing immediate consequences on Venezuelan nationals who choose to not avail themselves of the new process and instead seek to irregularly enter the United States
