### North Dakota: Authorization of State Hazardous Waste Management Program Revisions

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA is proposing to grant authorization to the State of North Dakota for changes to its hazardous waste program under the Solid Waste Disposal Act, as amended, commonly referred to as the Resource Conservation and Recovery Act (RCRA). EPA has determined that these changes satisfy all requirements needed to qualify for final authorization and is authorizing the State's changes through a direct final action, with the exception of Revision Checklist 241.

**DATES:** Send written comments by November 18, 2022.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-R08-RCRA-2022-0485 by mail to Moye Lin, Resource Conservation and Recovery Act Branch, LCR-RC, EPA Region 8, 1595 Wynkoop Street, Denver, Colorado 80202-1129. You may also submit comments electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the Rules and Regulations section of this issue of the **Federal Register**.

**FOR FURTHER INFORMATION CONTACT:** Moye Lin at (303) 312-6667, [lin.moye@epa.gov](mailto:lin.moye@epa.gov).

**SUPPLEMENTARY INFORMATION:** In the "Rules and Regulations" section of this issue of the **Federal Register**, the EPA is authorizing changes to the North Dakota program as a direct final rule. The EPA did not make a proposal prior to the direct final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the direct final rule.

Unless the EPA receives written comments that oppose the authorization during the comment period, the direct final rule will become effective on the date it establishes, and we will not take further action on this proposal. If EPA receives comments that oppose the

authorization, we will withdraw the direct final rule and it will not take immediate effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

Dated: October 13, 2022.

### Endangered and Threatened Wildlife and Plants; 90-Day Findings for Four Species

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notification of petition findings and initiation of status reviews.

**SUMMARY:** We, the U.S. Fish and Wildlife Service (Service), announce 90-day findings on petitions to add four species to the Lists of Endangered and Threatened Wildlife and Plants under the Endangered Species Act of 1973, as amended (Act). Based on our review, we find that the petitions to list the southern population of bog turtle (*Glyptemys muhlenbergii*), Pedernales River Springs salamander (*Eurycea species 1.*), ghost orchid (*Dendrophylax lindenii*), and tall western penstemon (*Penstemon hesperius*) present substantial scientific or commercial information indicating that the petitioned actions may be warranted. Therefore, with the publication of this document, we announce that we are initiating status reviews of these species to determine whether the petitioned actions are warranted. To ensure that the status reviews are comprehensive, we request scientific and commercial data and other information regarding the species and factors that may affect their status. Based on the status reviews, we will issue 12-month petition findings, which will address whether the petitioned actions are warranted, in accordance with the Act.

**DATES:** These findings were made on October 19, 2022. As we commence our status reviews, we seek any new

information concerning the status of, or threats to, the southern population of bog turtle, Pedernales River Springs salamander, ghost orchid, or tall western penstemon, or their habitats. Any information we receive during the course of our status reviews will be considered.

**ADDRESSES:** *Supporting documents:* Summaries of the basis for each of the petition findings contained in this document are available on <https://www.regulations.gov> under the appropriate docket number (see table under **SUPPLEMENTARY INFORMATION**). In addition, this supporting information is available by contacting the appropriate person, as specified in **FOR FURTHER INFORMATION CONTACT**.

*Status reviews:* If you have new scientific or commercial data or other information concerning the status of, or threats to, the southern population of bog turtle, Pedernales River Springs salamander, ghost orchid, or tall western penstemon, or their habitats, please provide those data or information by one of the following methods:

(1) *Electronically:* Go to the Federal eRulemaking Portal: <https://www.regulations.gov>. In the Search box, enter the appropriate docket number (see table under **SUPPLEMENTARY INFORMATION**). Then, click on the "Search" button. After finding the correct document, you may submit information by clicking on "Comment." If your information will fit in the provided comment box, please use this feature of <https://www.regulations.gov>, as it is most compatible with our information review procedures. If you attach your information as a separate document, our preferred file format is Microsoft Word. If you attach multiple comments (such as form letters), our preferred format is a spreadsheet in Microsoft Excel.

(2) *By hard copy:* Submit by U.S. mail to: Public Comments Processing, Attn: [Insert appropriate docket number; see table under **SUPPLEMENTARY INFORMATION**], U.S. Fish and Wildlife Service, MS: PRB/3W, 5275 Leesburg Pike, Falls Church, VA 22041-3803.

We request that you send information only by the methods described above. We will post all information we receive on <https://www.regulations.gov>. This generally means that we will post any personal information you provide us (see Information Submitted for a Status Review, below).
