Reporting injury to and/or mortalities of marine mammals incidental to commercial fishing activities is mandated under section 118 of the Marine Mammal Protection Act. This information is required to determine the impacts of commercial fishing on marine mammal populations. This information is also used to classify commercial fisheries into Categories I, II, or III on the annual Marine Mammal Protection Act List of Fisheries. Participants in the first two categories must be authorized to take marine mammals, while those in Category III are exempt from that requirement. All three categories must report injuries or mortalities to the National Marine Fisheries Service using the OMB approved form.

Minor administrative changes are being made to the form to clarify the instructions for completing the “Description of the mortality/injury incident” (DESCRIPTION OF UNKNOWN SPECIES OR CIRCUMSTANCES OF MORTALITY/INJURY INCIDENT field) and the “Coast Guard document number” (COAST GUARD DOCUMENT NO. or VESSEL’S STATE REGISTRATION NO field).
