Certain Cold-Rolled Steel Flat Products and Certain Corrosion-Resistant Steel Products From the Republic of Korea: Final Results of Antidumping and Countervailing Duty Changed Circumstances Reviews

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On August 30, 2022, the U.S. Department of Commerce (Commerce) published the notice of initiation and preliminary results of changed circumstances reviews (CCR) of the antidumping duty (AD) and countervailing duty (CVD) orders on certain cold-rolled steel flat products (cold-rolled steel) and certain corrosion-resistant steel products (CORE) from the Republic of Korea (Korea). For these final results, Commerce continues to find that KG Steel Corporation (dba KG Dongbu Steel Co., Ltd.) (KG Steel) is the successor-in-interest to KG Dongbu Steel Co., Ltd. (KG Dongbu Steel) in the context of the AD and CVD orders on cold-rolled steel and CORE from Korea. Furthermore, KG Steel is entitled to KG Dongbu Steel's AD and CVD cash deposit rates with respect to entries of subject merchandise in each of the above-referenced proceedings.

DATES: Applicable October 21, 2022.

FOR FURTHER INFORMATION CONTACT: Natasia Harrison, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1240.

SUPPLEMENTARY INFORMATION:

Background

On August 30, 2022, Commerce published the *Initiation and Preliminary*

Results, finding that KG Steel is the successor-in-interest to KG Dongbu Steel, and should be assigned the same AD and CVD cash deposit rates assigned to KG Dongbu Steel in each of the above-referenced proceedings.¹ In the *Initiation and Preliminary Results*, interested parties were provided an opportunity to comment and request a public hearing regarding our preliminary findings. KG Steel submitted comments agreeing with our preliminary findings, and we received no other comments from interested parties.² Additionally, we received no requests for a public hearing from interested parties.

Scope of the Orders

The products covered by these CCRs are cold-rolled steel and CORE from Korea. For full descriptions of the scope of each of the respective orders, *see the Initiation and Preliminary Results* and accompanying Preliminary Decision Memorandum.³

Final Results of the Changed Circumstances Reviews

For the reasons stated in the *Initiation and Preliminary Results*, and because we received no comments from interested parties to the contrary, Commerce continues to find that KG Steel is the successor-in-interest to KG Dongbu Steel for AD and CVD purposes. As a result of this determination, KG Steel is entitled to the same AD and CVD cash deposit rates as KG Dongbu Steel with respect to entries of subject merchandise in the above-noted proceedings.⁴

Commerce will instruct U.S. Customs and Border Protection to suspend liquidation of all shipments of subject merchandise produced or exported by KG Steel and entered, or withdrawn from warehouse, for consumption on or after the publication date of this notice in the **Federal Register** at the current AD and CVD cash deposit rates on cold-

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NIST Diversity, Equity, Inclusion and Accessibility Information Collections

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before December 20, 2022.

ADDRESSES: Interested persons are invited to submit written comments by mail to Elizabeth Reinhart, Management Analyst, National Institute of Standards and Technology, *PRAComments@doc.gov*. Please reference OMB Control Number 0693–xxxx in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NIST mission and vision is rooted in driving innovation and industry through measurement science and standards to improve quality of life. NIST recognizes that to improve quality of life, it must cultivate a culture that is diverse, equitable, inclusive, and accessible. One of NIST's core values is inclusivity, which captures a commitment to work collaboratively to harness the diversity of people and ideas, both inside and outside of NIST, to attain the best solutions to multidisciplinary challenges. Under Executive Orders 14035 and 13985, the Federal Government is tasked with advancing equity within the Federal Government workforce (E.O. 14035) and advancing racial equity and support for underserved communities through the Federal Government (E.O. 13985).

In support of this core value, and in recognition that the NIST workforce is its most critical asset, the *FY20–FY25 NIST Strategic Plan* embraced a strategic goal to build a “One NIST” culture where everyone feels engaged and empowered. In addition, the recently released *NIST Diversity, Equity, Inclusion, and Accessibility (DEIA) Strategic Plan, FY22–FY24*, outlines the tactical steps needed for NIST to harness the diverse lived experiences of its workforce and customers in bringing a One NIST culture to reality.

Data collection is a key element of the *NIST DEIA Strategic Plan, FY22–FY24*, as NIST is taking a quantitative approach to measuring and tracking progress on plan implementation. This approach is supported by the June 25, 2021, Executive Order 14035 on “Diversity, Equity, Inclusion, and Accessibility in the Federal Workforce,” which calls for a whole-of-government approach to cultivating DEIA across the Federal Government. Additionally, Executive Order 13985 on “Advancing Racial Equity and Support for Underserved Communities Through the Federal Government,” released on January 25, 2021, tasked agencies with advancing equitable service delivery through expanded outreach and data collection. Moreover, the *FY22 Government-Wide Strategic Plan to Advance DEIA in the Federal Workforce*, released November 23, 2021,

outlines a set of priorities for advancing and embedding DEIA throughout the Federal Government that includes data collection as critical to integrating DEIA in all ways of working.

The purpose of this generic clearance is to allow for easily deployable, repeated DEIA climate surveys and focus groups to capture periodic snapshots of NIST's progress toward building a One NIST culture through the various lived experiences of the NIST workforce and its stakeholders. Importantly, NIST is unique in that about half of the NIST workforce is non-Federal, including guest researchers, contractors, and other external collaborators. In fact, some organizational units within NIST consider non-Federal collaborators to be their mission. It is therefore imperative to capture the full range of experiences within NIST.

While initial collections will be conducted across the organization by the NIST Diversity, Equity, and Inclusivity Office (DEIO), organizational units and managers across NIST will be able to quickly deploy their own DEIA data collections under this generic. DEIO provides NIST-wide consultation on the integration of DEIA across all aspects of NIST mission delivery. The office serves as the focal point for all NIST-wide DEIA-related efforts, including the implementation of the *NIST DEIA Strategic Plan, FY22–FY24*. The office conducts NIST-wide assessments and audits to evaluate the advancement of DEIA-related goals. The ability to collect climate data through the lens of DEIA in this generic will be critical for establishing baselines on the current climate and tracking progress on advancing DEIA in support of building a welcoming, inclusive culture at NIST.

II. Method of Collection

NIST will collect this information electronically and through interviews. Electronic data collection methods will be conducted on NIST-approved software with appropriate protections for the data being collected. In addition, NIST will collect data by mail, fax, telephone, technical discussions, and in-person interviews, where feasible and appropriate. NIST may also utilize observational techniques to collect this information. Data storage will comply with NIST policies for storing sensitive and non-sensitive data, as applicable.

III. Data

OMB Control Number: New collection.

Form Number(s): None.

Type of Review: Regular submission; new collection.

Affected Public: Individuals or households; private sector; Federal Government.

Estimated Number of Respondents: 30,000.

Estimated Time per Response: Varies, dependent upon the data collection method.

Estimated Total Annual Burden Hours: 15,000.

Estimated Total Annual Cost to Public: \$0.

Respondent's Obligation: Voluntary.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
