SUPPLEMENTARY INFORMATION: The Cedar Fields Proposed RMP Amendment would change the existing Monument RMP.

The Cedar Fields Proposed RMP Amendment/Final EIS analyzes management options for the BLM-managed portions of the Cedar Fields Project Area (Project Area) that were not evaluated in the EIS for the 1985 Monument RMP. Its purpose is to consider a range of reasonable alternatives for managing recreation use while providing cultural resource protection on BLM-managed lands and adjacent U.S. Bureau of Reclamation-managed lands in the Project Area. This will be done in a manner that maintains the values identified in the 1985 Monument RMP and the 1999 American Falls Archaeological District (AFAD) listing on the National Register of Historic Places. The five alternatives range from reducing the area available for rock climbing and off-highway vehicle use to limiting the type of rock climbing allowed in the AFAD.

The BLM initiated the land use planning process on August 23, 2011, through a Notice of Intent published in the **Federal Register** (76 FR 52687), which notified the public of a formal scoping period and solicited public participation in the planning process. The BLM held three scoping meetings in September and October 2011 in Pocatello, Burley, and American Falls, Idaho. Based on public input gathered during initial scoping and from stakeholders throughout the process, the BLM formulated the five alternatives considered and analyzed in the Cedar Fields Proposed RMP Amendment/Final EIS.

Comments received on the Cedar Fields Draft RMP Amendment/Draft EIS were considered and incorporated as appropriate into the Proposed RMP Amendment/Final EIS. Public comments resulted in the addition of clarifying text but did not significantly change proposed decisions.

Protest of the Proposed RMP Amendment

BLM planning regulations state that any person who participated in the preparation of the RMP and has an interest that will or might be adversely affected by approval of the Proposed RMP Amendment may protest its approval to the BLM. Protest on the

Proposed RMP Amendment constitutes the final opportunity for administrative review of the proposed land use planning decisions prior to the BLM adopting an approved RMP Amendment. Instructions for filing a protest with the BLM regarding the Proposed RMP Amendment may be found online (see **ADDRESSES**). All protests must be in writing and mailed to the appropriate address or submitted electronically through the BLM ePlanning project website (see **ADDRESSES**). Protests submitted electronically by any means other than the ePlanning project website or by fax will be invalid unless a hard copy of the protest is also submitted. The BLM will render a written decision on each protest. The protest decision shall be the final decision of the Department of the Interior. Responses to valid protest issues will be compiled and documented in a Protest Resolution Report made available following the protest resolution online at: <https://www.blm.gov/programs/planning-and-nepa/public-participation/protest-resolution-reports>. Upon resolution of protests, the BLM will issue a Record of Decision and Approved RMP.

Before including your phone number, email address, or other personal identifying information in your protest, you should be aware that your entire protest—including your personal identifying information—may be made publicly available at any time. While you can ask us in your protest to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.
