

DEPARTMENT OF STATE

[Public Notice: 11909]

Request for Public Comment on the African and Diaspora Young Leaders Forum—U.S.-Africa Leaders Summit**ACTION:** Notice; request for comment.

SUMMARY: President Biden will host leaders from across the African continent from December 13–15, 2022, in Washington, DC, for the U.S.-Africa Leaders Summit. The Summit will demonstrate the United States' enduring commitment to Africa and will underscore the importance of U.S.-Africa relations and increased cooperation on shared global priorities. An important component of the Summit's three-day agenda is the African and Diaspora Young Leaders Forum, which will be held on December 13. A full agenda with speakers will be announced in the coming weeks. The Department is requesting self-nominations from the public of exceptional young leaders to participate in the event.

DATES: Nominations are due no later than 12 p.m. ET on November 8, 2022.

ADDRESSES: Please email nominations to diasporaafricasummit@state.gov.

FOR FURTHER INFORMATION CONTACT: Jennifer Goodman, 202–341–1833 in the Bureau of African Affairs at the U.S. Department of State at diasporaafricasummit@state.gov.

SUPPLEMENTARY INFORMATION: As President Biden outlined in the U.S. Strategy Toward Sub-Saharan Africa, our African diaspora is a source of strength. The African and Diaspora Young Leaders Forum will elevate our diaspora engagement to strengthen the dialogue between U.S. officials and the diaspora in the United States and provide a platform for young African and diaspora leaders to fashion innovative solutions to pressing challenges. The Forum will feature breakout sessions on higher education, the creative industries, and environmental equity, utilizing the theme “Amplifying Voices: Building Partnerships That Last.”

The African and Diaspora Young Leaders Forum will be held in person on December 13, 2022. The U.S. Department of State is seeking exceptional young leaders to participate in the event. Ideal participants will be Africans and people of African descent living outside of Africa who are between the ages of 21–35 and actively engaged on issues related to higher education, creative industries, or environmental equity. If you are interested in

participating, please send an email to the address listed in the **ADDRESSES** section above. Please include: your full name, your email address, your preferred breakout session (higher education, creative industries, or environmental equity), and any supporting documents or information that you wish to submit.

Please note that we will not be able to invite all nominated individuals to the Forum and that attendees will need to pay for their own travel and accommodations. Invited individuals will be contacted directly.

All interested parties will receive consideration without regard to race, color, sex, age, national origin, religion, disability, veteran status, sexual orientation, marital status, citizenship, or any other protected status.

[Docket No. 2022–0844]

Agency Information Collection Activities: Requests for Comments; Clearance of a Renewed Approval of Information Collection: Air Carrier Contract Maintenance Requirements**AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on July 15, 2022. The collection involves information collected which will be used by air carriers and by the FAA to adequately target its inspection resources for surveillance, and make accurate risk assessments.

DATES: Written comments should be submitted by December 1, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Jim Anderson by email at: jim.anderson@faa.gov; phone: 405–666–1001

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0766
Title: Air Carrier Contract

Maintenance Requirements

Form Numbers: There are no forms associated with this collection.

Type of Review: This is a renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period

soliciting comments on the following collection of information was published on July 15, 2022 (87 FR 42538).

Air carrier maintenance has evolved from mostly an “in-house” operation to an extended network of maintenance providers that fulfill contracts with air carriers to perform their aircraft maintenance. Any person performing maintenance for an air carrier must follow the air carrier’s maintenance manual.

The FAA has found that, although an air carrier is required to list its maintenance providers and a general description of the work to be done in its maintenance manual, these lists are not always kept up to date, are not always complete, and are not always in a format that is readily useful for FAA oversight and analysis purposes. Without accurate and complete information on the work being performed for air carriers, the FAA cannot adequately target its inspection resources for surveillance and make accurate risk assessments.

This collection of information supports regulatory requirements necessary under 14 CFR part 121 and part 135 to ensure safety of flight by requiring air carriers to provide a list that includes the name and physical (street) address, or addresses, where the work is carried out for each maintenance provider that performs work for the certificate holder, and a description of the type of maintenance, preventive maintenance, or alteration that is to be performed at each location. The list must be updated with any changes, including additions or deletions, and the updated list provided to the FAA in a format acceptable to the FAA by the last day of each calendar month.

This collection also supports the FAA’s strategic goal to provide to the next level of safety, by achieving the lowest possible accident rate and always improving safety, so all users of our aviation system can arrive safely at their destinations.

Respondents: 303 air carriers (64 Part 121 air carriers and 239 part 135 air carriers).

Frequency: Monthly.

Estimated Average Burden per Response: Eight hours.

Estimated Total Annual Burden: 2,424 hours.

Issued in Hillsboro, OR on October 27, 2022.

[Docket No. FAA–2022–0418]

Agency Information Collection Activities: Requests for Comments; Clearance a Renewed Approval of Information Collection: Notice of Landing Area Proposal

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 31, 2022. The collection involves gathering information from airport sponsors about any establishment, construction, alteration, or change to the status or use of an airport. The FAA uses this information to conduct airport airspace analyses to understand the impact of proposed actions on existing and planned operating procedures, determine potential hazardous effects, and identify any mitigating measures needed to enhance safe air navigation. Additionally, the information updates the aeronautical charts and maps of airports having emergency landing or landmark values.

DATES: Written comments should be submitted by December 1, 2022.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0036.

Title: Notice of Landing Area Proposal.

Form Numbers: FAA Form 7480–1.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on March 31, 2022 (87 FR 18853). Title 14 Code of Federal Regulations Part 157, Notice of Construction, Alteration, Activation, and Deactivation of Airports, requires that each person who intends to establish, construct, deactivate, or change the status of an airport, runway, or taxiway notify the FAA of such activity. The FAA uses the information collected to determine the effect the proposed action will have on existing airports and on the safe and efficient use of airspace by aircraft, the effects on existing airspace or contemplated traffic patterns of neighboring airports, the effects on the existing airspace structure and projected programs of the FAA, and the effects that existing or proposed manmade objects (on file with the FAA) and natural objects within the affected area will have on the airport proposal. This information also updates aeronautical charts and maps of airports having emergency landing or landmark values. The FAA collects this information via an online reporting tool available on the FAA website or via FAA Form 7480–1).

Respondents: Approximately 645 applicants.

Frequency: Information is collected on occasion.

Estimated Average Burden per Response: 1 hour.

Estimated Total Annual Burden: 645 hours.

Issued in Washington, DC, on October 27, 2022.
