Commerce also determines that one mandatory respondent, did not make sales of subject merchandise at less than normal value during the POR. We invite interested parties to comment on these preliminary results.

DATES: Applicable November 1, 2022.

FOR FURTHER INFORMATION CONTACT: Christopher Williams or Thomas Schauer, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-5166 or (202) 482-0410, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 3, 2016, Commerce published in the **Federal Register** an antidumping duty order on certain hot-rolled steel flat products (hot-rolled steel) from the Republic of Korea

(Korea).¹ On October 1, 2021, we published in the **Federal Register** a notice of opportunity to request an administrative review of the *Order*.² On November 29, 2021, based on timely requests for an administrative review, Commerce initiated an administrative review of 16 companies.³ On June 2, 2022, Commerce extended the time limit for issuing the preliminary results of this review by 120 days to no later than October 31, 2022.⁴

Scope of the Order

The products covered by this *Order* are hot-rolled steel from Korea. A full description of the scope of the *Order* is contained in the Preliminary Decision Memorandum.⁵

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is attached as the appendix to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). Rates for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available.

In this review, we preliminarily calculated a weighted-average dumping margin for one of the mandatory respondents, Hyundai Steel Company (Hyundai Steel) that is not zero, *de minimis*, or determined entirely on the basis of facts available. Accordingly, because the second mandatory respondent, POSCO's⁶ margin is *de minimis*, Commerce preliminarily assigned to the companies not individually examined, listed in the chart below, a margin of 0.91 percent based on Hyundai Steel's calculated weighted-average dumping margin.

Preliminary Results of Review

We preliminarily determine that the following weighted-average dumping margins exist for the period October 1, 2020, through September 30, 2021:

⁶ We initiated this review with respect to the following companies: POSCO; POSCO Daewoo Corporation (PDW); and POSCO International Corporation. See *Initiation Notice*, 86 FR at 67688. We have previously found that POSCO International Corporation is the successor-in-interest to PDW, and we are treating POSCO and POSCO International Corporation as a single entity, hereinafter collectively referenced as POSCO. See *Certain Hot-Rolled Steel Flat Products from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2019-2020*, 86 FR 59985 (October 29, 2021), and accompanying Preliminary Decision Memorandum, at 6-13, unchanged in *Certain Hot-Rolled Steel Flat Products from the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2019-2020*, 87 FR 12660 (March 7, 2022).

Assessment Rates

Upon completion of the final results, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries. If either of the respondents’ weighted-average dumping margins is not zero or *de minimis* (i.e., less than 0.50 percent) in the final results of this review, we intend to calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer’s examined sales and the total entered value of those same sales in accordance with 19 CFR 351.212(b)(1).¹¹ If either of the respondents’ weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of review, we intend to instruct CBP not to assess duties on any entries in accordance with the *Final Modification for Reviews*.¹² The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.¹³

For entries of subject merchandise during the POR produced by either of the respondents for which they did not know that the merchandise was destined to the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies)

involved in the transaction.¹⁴ For the companies identified above that were not selected for individual examination, we will instruct CBP to liquidate entries at the rates established after the completion of the final results of review.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of hot-rolled steel from Korea entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the respondents will be equal to the weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review or the original investigation but the producer is, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 6.05 percent, the all-others rate established in the less-than-fair-value investigation.¹⁵ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement

could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).
