Form	Description	Participants	Estimated minutes per participant	Total estimated burden hours per form
	Vehicle Familiarization	60
	Baseline Planned Drive	120
	L2 System Familiarization	120
	Five Weekly Planned Drives	150
	Post-Study Planned Drive	120
	Usability Questionnaire	5
	Debriefing	30

Estimated Total Annual Burden Cost: NHTSA estimates the only cost burdens to respondents beyond the time spent on data collection activities are costs related to drives above and beyond their normal driving required by the study, which impose additional fuel costs. These cost burdens are expected to be offset by the monetary compensation that will be provided to all research participants. Participants will receive \$100 after completion of the first session, \$150 after completion of the baseline naturalistic driving, and \$200 upon completion of the study. This compensation offsets both the participants time as well as the additional fuel costs, and the amount is in line with past similar efforts given the activities it requires of participants.
