

agencies on the issues of remedy, the public interest, and bonding. *See* 87 FR 33831–32 (June 3, 2022) (“Remedy Notice”). On June 10, 2022 (and as corrected on June 23, 2022), Complainants filed a submission in response to the Commission’s Remedy Notice. On the same day, respondents Flexicompuestos and Nogales also filed a submission in response to the Commission’s Remedy Notice. OUII filed a submission in response to the Commission’s Remedy Notice on June 10, 2022, and a response to the parties’ submissions on June 17, 2022.

On June 28, 2022, the Commission terminated the investigation as to the Terminated Respondents, including Flexicompuestos and Nogales, based on Complainant’s withdrawal of the complaint as to those respondents. *See* Order No. 21 (June 1, 2022), *unreviewed* by Comm’n Notice (June 28, 2022). Accordingly, only the Defaulting Respondents remain in the investigation.

When the conditions in section 337(g)(1)(A)–(E) (19 U.S.C. 1337(g)(1)(A)–(E)) have been satisfied, section 337(g)(1) and Commission Rule 210.16(c) (19 CFR 210.16(c)) direct the Commission, upon request, to issue a limited exclusion order or a cease and desist order or both against a respondent found in default, based on the allegations regarding a violation of section 337 in the Complaint, which are presumed to be true, unless after consideration of the public interest factors in section 337(g)(1), it finds that such relief should not issue.

Having examined the record of this investigation, including the parties’ submissions in response to the Remedy Notice, the Commission has determined pursuant to subsection 337(g)(1) that the appropriate remedy in this investigation is an LEO prohibiting the unlicensed entry of certain electrolyte containing beverages and labeling and packaging thereof that infringe Complainants’ Asserted Trademarks and that are imported by or on behalf of the Defaulting Respondents. The Commission has determined that the public interest factors enumerated in subsection 337(g)(1) do not preclude the issuance of the LEO. The Commission has further determined that the bond during the period of Presidential review pursuant to section 337(j) (19 U.S.C. 1337(j)) shall be in the amount of 100 percent of the entered value of the imported articles that are subject to the LEO. The investigation is terminated.

The Commission’s vote for this determination took place on November 2, 2022.

The authority for the Commission’s determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in part 210 of the Commission’s Rules of Practice and Procedure (19 CFR part 210).

While temporary remote operating procedures are in place in response to COVID–19, the Office of the Secretary is not able to serve parties that have not retained counsel or otherwise provided a point of contact for electronic service. Accordingly, pursuant to Commission Rules 201.16(a) and 210.7(a)(1) (19 CFR 201.16(a), 210.7(a)(1)), the Commission orders that the Complainant(s) complete service for any party/parties without a method of electronic service noted on the attached Certificate of Service and shall file proof of service on the Electronic Document Information System (EDIS).

By the order of the Commission.

Issued: November 2, 2022.

Katherine Hiner,

Acting Secretary to the Commission.
