Federal Emergency Management Agency

[Docket ID FEMA–2022–0002]

Changes in Flood Hazard Determinations

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.
ACTION: Notice.

SUMMARY: New or modified Base (1-percent annual chance) Flood Elevations (BFEs), base flood depths, Special Flood Hazard Area (SFHA) boundaries or zone designations, and/or regulatory floodways (hereinafter referred to as flood hazard determinations) as shown on the indicated Letter of Map Revision (LOMR) for each of the communities listed in the table below are finalized. Each LOMR revises the Flood Insurance Rate Maps (FIRMs), and in some cases the Flood Insurance Study (FIS) reports, currently in effect for the listed communities.

DATES: Each LOMR was finalized as in the table below.

ADDRESSES: Each LOMR is available for inspection at both the respective Community Map Repository address

listed in the table below and online through the FEMA Map Service Center at <https://msc.fema.gov>.

FOR FURTHER INFORMATION CONTACT: Rick Sacbibit, Chief, Engineering Services Branch, Federal Insurance and Mitigation Administration, FEMA, 400 C Street SW, Washington, DC 20472, (202) 646–7659, or (email) patrick.sacbibit@fema.dhs.gov; or visit the FEMA Mapping and Insurance eXchange (FMIX) online at https://www.floodmaps.fema.gov/fhm/fmx_main.html.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA) makes the final flood hazard determinations as shown in the LOMRs for each community listed in the table below. Notice of these modified flood hazard determinations has been published in newspapers of local circulation and 90 days have elapsed since that publication. The Deputy Associate Administrator for Insurance and Mitigation has resolved any appeals resulting from this notification.

The modified flood hazard determinations are made pursuant to section 206 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4105, and are in accordance with the National Flood Insurance Act of 1968, 42 U.S.C. 4001 *et seq.*, and with 44 CFR part 65. The currently effective community number is shown and must be used for all new policies and renewals.

The new or modified flood hazard information is the basis for the

floodplain management measures that the community is required either to adopt or to show evidence of being already in effect in order to remain qualified for participation in the National Flood Insurance Program (NFIP).

This new or modified flood hazard information, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own or pursuant to policies established by other Federal, State, or regional entities.

This new or modified flood hazard determinations are used to meet the floodplain management requirements of the NFIP. The changes in flood hazard determinations are in accordance with 44 CFR 65.4.

Interested lessees and owners of real property are encouraged to review the final flood hazard information available at the address cited below for each community or online through the FEMA Map Service Center at <https://msc.fema.gov>.

[Docket No. DHS-2011-0108]

RIN 1601-ZA11

Identification of Foreign Countries Whose Nationals Are Eligible To Participate in the H-2A and H-2B Nonimmigrant Worker Programs

AGENCY: Office of the Secretary, DHS.
ACTION: Notice.

SUMMARY: Under Department of Homeland Security (DHS) regulations, U.S. Citizenship and Immigration Services (USCIS) may generally only approve petitions for H-2A and H-2B nonimmigrant status for nationals of countries that the Secretary of Homeland Security, with the concurrence of the Secretary of State, has designated by notice published in the **Federal Register**. Each such notice shall be effective for one year after its date of publication. This notice announces that the Secretary of Homeland Security, in consultation with the Secretary of State, is identifying 86 countries whose nationals are eligible to participate in the H-2A program and 87 countries whose nationals are eligible to participate in the H-2B program for the coming year.

DATES: The designations in this notice are effective from November 10, 2022 and shall be without effect on November 10, 2023.

FOR FURTHER INFORMATION CONTACT: Ihsan Gunduz, Office of Strategy, Policy, and Plans, Department of Homeland Security, Washington, DC 20528, (202) 282-9708.

SUPPLEMENTARY INFORMATION:

Background

Generally, USCIS may approve H-2A and H-2B petitions for nationals of only those countries that the Secretary of Homeland Security, with the concurrence of the Secretary of State, has designated as participating countries.¹ Such designation must be published as a notice in the **Federal Register** and expires after one year. In designating countries to include on the lists, the Secretary of Homeland Security, with the concurrence of the Secretary of State, will take into account factors including, but not limited to: (1) the country's cooperation with respect to issuance of travel documents for citizens, subjects, nationals, and residents of that country who are subject to a final order of removal; (2) the number of final and unexecuted orders of removal against citizens, subjects, nationals, and residents of that country; (3) the number of orders of removal executed against citizens, subjects, nationals, and residents of that country; and (4) such other factors as may serve the U.S. interest. See 8 CFR 214.2(h)(5)(i)(F)(1)(i) and 8 CFR 214.2(h)(6)(i)(E)(1). Examples of specific factors serving the U.S. interest that are taken into account when considering whether to designate or terminate the designation of a country include, but are not limited to: fraud (e.g., fraud in the

¹ With respect to all references to "country" or "countries" in this document, it should be noted that the Taiwan Relations Act of 1979, Public Law 96-8, Section 4(b)(1), provides that "[w]henver the laws of the United States refer or relate to foreign countries, nations, states, governments, or similar entities, such terms shall include and such laws shall apply with respect to Taiwan." 22 U.S.C. 3303(b)(1). Accordingly, all references to "country" or "countries" in the regulations governing whether nationals of a country are eligible for H-2 program participation, 8 CFR 214.2(h)(5)(i)(F)(1)(i) and 8 CFR 214.2(h)(6)(i)(E)(1), are read to include Taiwan. This is consistent with the United States' one-China policy, under which the United States has maintained unofficial relations with Taiwan since 1979.

H-2 petition or visa application process by nationals of the country, the country's level of cooperation with the U.S. government in addressing H-2 associated visa fraud, and the country's level of information sharing to combat immigration-related fraud), nonimmigrant visa overstay² rates for nationals of the country (including but not limited to H-2A and H-2B nonimmigrant visa overstay rates), and non-compliance with the terms and conditions of the H-2 visa programs by nationals of the country.

As previously indicated, see 86 FR 2689; 86 FR 62559, in evaluating the U.S. interest, the Secretary of Homeland Security, with the concurrence of the Secretary of State, will generally ascribe a negative weight to evidence that a country had a suspected in-country visa overstay rate of 10 percent or higher with a number of expected departures of 50 individuals or higher in either the H-2A or H-2B classification according to U.S. Customs and Border Protection overstay data, and generally, with the concurrence of the Secretary of State, will terminate designation of that country from the H-2A or H-2B nonimmigrant visa program, as appropriate, unless, after consideration of other relevant factors, it is

² An overstay is a nonimmigrant lawfully admitted to the United States for an authorized period, but who remained in the United States beyond his or her authorized period of admission. U.S. Customs and Border Protection (CBP) identifies two types of overstays: (1) individuals for whom no departure was recorded (Suspected In-Country Overstays), and (2) individuals whose departure was recorded after their authorized period of admission expired (Out-of-Country Overstays). For purposes of this **Federal Register** Notice, DHS uses Fiscal Year 2021 CBP nonimmigrant overstay data for the H-2A and H-2B nonimmigrant visa categories and the Fiscal Year 2020 Entry/Exit Overstay Report for all other visa categories. See: https://www.dhs.gov/sites/default/files/2021-12/CBP%20-%20FY%202020%20Entry%20Exit%20Overstay%20Report_0.pdf.
