

SURFACE TRANSPORTATION BOARD**[Docket No. FD 36644]****Mid-Atlantic Gateway LLC—Lease and Operation Exemption—Certain Rail Line Assets of J.P. Rail, Inc. d/b/a Southern RR Company of New Jersey**

Mid-Atlantic Gateway LLC (MAG), a noncarrier, has filed a verified notice of exemption under 49 CFR 1150.31 to acquire by lease and operate over approximately 0.12 miles (634 linear feet) of track, located between mileposts 56.99 and 56.87 on the Pleasantville Branch Line in Atlantic County, N.J. (the Line).

According to MAG, the Line is currently owned by J. P. Rail, Inc. d/b/a a Southern RR Company of New Jersey (J.P. Rail), a Class III carrier. MAG states that it has reached an agreement in principle with J.P. Rail under which MAG will acquire by lease and operate over the Line. The verified notice states that MAG will hold itself out to provide common carrier rail freight service pursuant to its agreement with J.P. Rail.

MAG certifies that its projected annual revenues from this transaction will not result in its becoming a Class I or Class II rail carrier and will not exceed \$5 million. MAG also certifies that the proposed transaction does not include an interchange commitment.

The transaction may be consummated on or after November 27, 2022, the effective date of the exemption (30 days after the verified notice was filed).

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions for stay must be filed no later than November 18, 2022 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36644, must be filed with the Surface Transportation Board either via e-filing on the Board's website or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on MAG's representative, Robert McGurk, CEO, Mid-Atlantic Gateway LLC, 34 Millrace Lane, Rockland, DE 19732.

According to MAG, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic preservation reporting requirements under 49 CFR 1105.8(b).

SUPPLEMENTARY INFORMATION: According to the application, WeDriveU is a California corporation headquartered in Burlingame, Cal. (Appl. 2.) WeDriveU is indirectly and wholly owned and controlled by National Express Group, PLC (NEG), a publicly held British

corporation listed on the London Stock Exchange since 1992.¹ NEG does not have interstate carrier authority. (*Id.*) NEG owns and controls all equity and voting interest in the following interstate motor carriers (collectively, the Affiliate Regulated Carriers) that hold interstate passenger motor carrier authority:²

¹ More information about NEG's corporate structure and ownership can be found in the application. (*See* Appl. at 2, 8, Ex. B.)

² Further information about these motor carriers, including U.S. Department of Transportation (USDOT) numbers, motor carrier numbers, and USDOT safety fitness ratings, can be found in the application. (*See id.* at 2-7, Ex. A.)

Paratransit Services and primarily provides non-regulated student school bus transportation, paratransit, and limited charter services in Westchester County, N.Y.; and

- Wise Coaches, Inc., which provides intrastate passenger charter and shuttle services in Tennessee and interstate passenger charter services in Tennessee and surrounding states.

According to the application, NEG also has operating subsidiaries that provide transportation services not involving regulated interstate transportation or requiring interstate passenger authority in the United States (together with the Affiliate Regulated Carriers, the Applicant Subsidiaries). (*Id.* at 2.)

The application explains that TCS, the motor carrier being acquired, is a Massachusetts corporation that provides fixed-route commuter, municipal shuttle bus, and on-demand transportation services for employees of businesses and communities in Massachusetts, as well as minibus, van, and limousine charter services.³ (*Id.* at 7.) TCS utilizes approximately 103 passenger vehicles and employs approximately 89 drivers. (*Id.*) TCS holds interstate operating authority under FMCSA Docket No. MC-522885 and has a USDOT Safety Rating of “Satisfactory.”⁴ According to the application, TCS is solely owned by Seller, who does not directly or indirectly own or control any other interstate passenger motor carrier. (*Id.*) WeDriveU says that it will acquire all issued and outstanding equity stock interest of TCS as a result of this transaction, which will place TCS under WeDriveU and NEG’s control. (*Id.* at 8.)

Under 49 U.S.C. 14303(b), the Board must approve and authorize a transaction that it finds consistent with the public interest, taking into consideration at least (1) the effect of the proposed transaction on the adequacy of transportation to the public, (2) the total fixed charges resulting from the proposed transaction, and (3) the interest of affected carrier employees. WeDriveU has submitted the information required by 49 CFR 1182.2, including information demonstrating that the proposed transaction is consistent with the public interest under 49 U.S.C. 14303(b), *see* 49 CFR 1182.2(a)(7), and a jurisdictional statement under 49 U.S.C. 14303(g) that the aggregate gross operating revenues

of the involved carriers exceeded \$2 million during the 12-month period immediately preceding the filing of the application. *see* 49 CFR 1182.2(a)(5). (*See* Appl. 9–13.)

WeDriveU asserts that the proposed transaction is not expected to have a material, detrimental impact on the adequacy of transportation services available to the public. (*Id.* at 9.) WeDriveU states that TCS will continue to operate and provide its services under the same name used prior to this transaction, but that it will operate within the NEG corporate family, which is experienced in passenger transportation operations. (*Id.* at 9–10.) WeDriveU explains that the Affiliate Regulated Carriers operate in some of the same market segments already served by TCS, so this acquisition is expected to result in improved operating efficiencies, increased equipment utilization rates, and cost savings derived from economies of scale, all of which will help to ensure the provision of adequate service to the public. (*Id.* at 10.) WeDriveU also asserts that the addition of TCS to the NEG corporate family will enhance the viability of the overall NEG organization and the Applicant Subsidiaries. (*Id.*)

WeDriveU claims that neither competition nor the public interest will be adversely affected by this proposed transaction. (*See id.* at 11–13.) WeDriveU explains that the market for the transportation services provided by TCS is competitive in the area where TCS operates due to the significant number of competing local, regional, and national charter service providers operating within the same area, including A&A Metro Transportation, M & L Transit Systems, Boston Coach, Academy Bus, and Local Motion of Boston. (*Id.* at 12.) In addition, WeDriveU notes that TCS competes directly with other types of passenger service providers, including scheduled rail and bus transportation within the area. (*Id.*) Finally, WeDriveU states that the area in which TCS operates is geographically “dispersed” from the service areas of the Affiliate Regulated Carriers and that there is “very limited overlap” in the service areas and customer bases among the Affiliate Regulated Carriers and TCS. (*Id.* at 13.)

WeDriveU states that the proposed transaction will increase fixed charges in the form of interest expenses because funds will be borrowed to assist in financing the transaction, but it maintains that the increase will not impact the provision of transportation services to the public. (*Id.* at 10–11.) WeDriveU also represents that the transaction is not expected to have

substantial impacts on employees or labor conditions, and it does not anticipate a measurable reduction in force or changes in compensation levels or employment benefits. (*Id.* at 11.) However, WeDriveU acknowledges that staffing redundancies could result in limited downsizing of back-office or managerial personnel. (*Id.*)

Based on WeDriveU’s representations, the Board finds that the acquisition as proposed in the application is consistent with the public interest and should be tentatively approved and authorized. If any opposing comments are timely filed, these findings will be deemed vacated, and, unless a final decision can be made on the record as developed, a procedural schedule will be adopted to reconsider the application. *See* 49 CFR 1182.6. If no opposing comments are filed by expiration of the comment period, this notice will take effect automatically and will be the final Board action.

This action is categorically excluded from environmental review under 49 CFR 1105.6(c).

Board decisions and notices are available at www.stb.gov.

It is ordered:

1. The proposed transaction is approved and authorized, subject to the filing of opposing comments.

2. If opposing comments are timely filed, the findings made in this notice will be deemed vacated.

3. This notice will be effective December 27, 2022, unless opposing comments are filed by December 26, 2022. If any comments are filed, Applicant may file a reply by January 9, 2023.

4. A copy of this notice will be served on: (1) the U.S. Department of Transportation, Federal Motor Carrier Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590; (2) the U.S. Department of Justice, Antitrust Division, 10th Street & Pennsylvania Avenue NW, Washington, DC 20530; and (3) the U.S. Department of Transportation, Office of the General Counsel, 1200 New Jersey Avenue SE, Washington, DC 20590.

Decided: November 4, 2022.

By the Board, Board Members Fuchs, Hedlund, Oberman, Primus, and Schultz.
