SUSQUEHANNA RIVER BASIN COMMISSION

Projects Approved for Minor Modifications

AGENCY: Susquehanna River Basin Commission.

ACTION: Notice.

SUMMARY: This notice lists the minor modifications approved for a previously approved project by the Susquehanna River Basin Commission during the period set forth in **DATES**.

DATES: October 1–31, 2022.

ADDRESSES: Susquehanna River Basin Commission, 4423 North Front Street, Harrisburg, PA 17110–1788.

FOR FURTHER INFORMATION CONTACT: Jason E. Oyler, General Counsel and Secretary to the Commission, telephone: (717) 238–0423, ext. 1312; fax (717) 238–2436; email: joyler@srbc.net. Regular mail inquiries may be sent to the above address.

SUPPLEMENTARY INFORMATION: This notice lists previously approved projects, receiving approval of minor modifications, described below, pursuant to 18 CFR 806.18 or to Commission Resolution Nos. 2013–11 and 2015–06 for the time period specified above.

1. Seneca Resources Company, LLC (Cowanessque River), Docket No. 20220920, Deerfield Township, Tioga County, Pa.; approval to change intake design and location; Approval Date: October 18, 2022.

2. Clearfield Municipal Authority (Moose Creek Well 3), Docket No. 20220921, Lawrence Township, Clearfield County, Pa.; approval to change monitoring requirements; Approval Date: October 26, 2022.

3. East Cocalico Township Authority (Well M), Docket No. 20220606, West Cocalico Township, Lancaster County, Pa.; correction to Special Condition 23; Correction Issue Date: October 31, 2022.

Authority: Public Law 91–575, 84 Stat. 1509 *et seq.*, 18 CFR parts 806 and 808.

Dated: November 8, 2022.

Jason E. Oyler,

General Counsel and Secretary to the Commission.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Extension to Public Comment Period—Notice of Intent To Prepare an Environmental Impact Statement, Initiate Section 106 Consultation, and Request for Scoping Comments for the Proposed Airfield, Safety, and Terminal Improvement Project at West Virginia International Yeager Airport, Charleston, Kanawha County, West Virginia

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of a 12-day extension to the public scoping comment period for the proposed Airfield, Safety, and Terminal Improvement Project at West Virginia International Yeager Airport, Charleston, Kanawha County, West Virginia.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice to advise the public that the scoping comment period for the proposed Airfield, Safety, and Terminal Improvement Project and its connected actions (Proposed Action) has been extended by 12 days. This notice announces the extension of the public comment period to solicit public comments on the scope of the environmental impact statement (EIS).

DATES: The EIS scoping comment period began on September 30, 2022, was originally scheduled to end on November 17, 2022, and has been extended to end on November 29, 2022. All comments must be received by no later than 5 p.m. Eastern Time, Tuesday, November 29, 2022.

FOR FURTHER INFORMATION CONTACT: Mr. Andrew Brooks, Environmental Program Manager, Eastern Regional Office, AEA–610, Federal Aviation Administration, 1 Aviation Plaza, Jamaica, NY 11434. Telephone: 718–553–2511.

SUPPLEMENTARY INFORMATION: The purpose of the scoping process is to receive input from the public, as well as from federal, state, and local agencies that have legal jurisdiction and/or special expertise, with respect to any potential environmental impacts associated with the Proposed Action, as well as concerns, issues, and alternatives they believe should be addressed in the EIS. During the scoping process, questions regarding the scope and EIS process will be considered. More information about the Proposed Action, the EIS process, and the scoping meetings can be found at www.yeagerairporteis.com.

The scoping process for this EIS includes a comment period for interested agencies and members of the public to submit comments with respect to any potential environmental impacts associated with the Proposed Action, or comments representing the concerns, issues, and alternatives they believe should be addressed in the EIS.

During the ongoing scoping comment period, the FAA received several requests from members of the public for an extension to the comment period. In response, the FAA has agreed to extend the scoping comment period by 12 additional days. The public comment period on the scoping phase of the EIS will now end at 5 p.m. eastern time on November 29, 2022. Comments should be addressed to the individual listed in **FOR FURTHER INFORMATION CONTACT**, or by email to comments@yeagerairporteis.com.

Issued in Beaver, West Virginia, November 7, 2022.

Matthew Digiulian,

Manager, Beckley Airport Field Office, Airports Division, Eastern Region.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA–2022–0002–N–17]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, FRA will seek approval of the Information Collection Request (ICR) abstracted below. Before submitting this ICR to the Office of Management and Budget (OMB) for approval, FRA is soliciting public comment on specific aspects of the activities identified in the ICR.

DATES: Interested persons are invited to submit comments on or before January 13, 2023.

ADDRESSES: Written comments and recommendations for the proposed ICR should be submitted on [regulations.gov](https://www.regulations.gov) to the docket, Docket No. FRA–2022–0002–N–14. All comments received will be posted without change to the docket, including any personal information provided. Please refer to the assigned

OMB control number in any correspondence submitted. FRA will summarize comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT: Ms. Hodan Wells, Information Collection Clearance Officer, at email: Hodan.Wells@dot.gov or telephone: (202) 868–9412, or Ms. Senya Waas, Attorney Adviser, at email: Senyaann.Waas@dot.gov or telephone: (202) 875–4158.

SUPPLEMENTARY INFORMATION: The PRA, 44 U.S.C. 3501–3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to provide 60-days' notice to the public to allow comment on information collection activities before seeking OMB approval of the activities. See 44 U.S.C. 3506, 3507; 5 CFR 1320.8–1320.12. Specifically, FRA invites interested parties to comment on the following ICR regarding: (1) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the activities will have practical utility; (2) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways for FRA to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology. See 44 U.S.C. 3506(c)(2)(A); 5 CFR 1320.8(d)(1).

FRA believes that soliciting public comment may reduce the administrative and paperwork burdens associated with the collection of information that Federal statutes and regulations mandate. In summary, FRA reasons that comments received will advance three objectives: (1) reduce reporting burdens; (2) organize information collection requirements in a “user-friendly” format to improve the use of such information; and (3) accurately assess the resources expended to retrieve and produce information requested. See 44 U.S.C. 3501.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires:

Title: Positive Train Control (PTC) and Other Signal Systems.

OMB Control Number: 2130–0553.

Abstract: FRA's regulations require that both railroads and PTC vendors and

suppliers notify FRA of certain PTC system errors and malfunctions. 49 CFR 236.1023. For example, railroads must maintain a database of all safety-relevant hazards identified in their PTC Safety Plans (PTCSP) and those that had not previously been identified in their PTCSPs. 49 CFR 236.1023(e). If the frequency of a safety-relevant hazard exceeds the thresholds in a railroad's PTCSP, or such hazard has not been previously identified in a railroad's risk analysis, then the railroad must notify FRA of the failure, malfunction, or defective condition that decreased or eliminated the safety functionality of the railroad's PTC system. 49 CFR 236.1023(e)(1). In addition, FRA's regulations require PTC vendors and suppliers to notify FRA of any safety-relevant failure, defective condition, or previously unidentified hazard discovered by the vendor or supplier and the identify of each affected and notified railroad. 49 CFR 236.1023(h)(2). Currently, each railroad or PTC vendor and supplier that must submit notifications of such a failure, malfunction, or defective condition does so by emailing the information to an FRA inbox (FRAPart2361023Notification@dot.gov). The information is sent in different formats by each railroad or PTC supplier and vendor because there is currently no standardized form.

Therefore, FRA is hereby proposing to standardize the reporting process required by 49 CFR 236.1023(e)(1), (h), and (f) by creating the Errors and Malfunctions Notification Form (Form FRA F 6180.179), which is one part of the existing information collection request under OMB Control No. 2130–0553. This proposed Form FRA F 6180.179 will be in an Excel format and will make it easier for the entities to notify FRA of each applicable failure, malfunction, or defective condition, and for FRA to synthesize and act on the reported failure. The Errors and Malfunctions Notification Form would not change the requirements that each railroad or PTC supplier and vendor currently must follow to notify FRA of each reportable failure, malfunction, or defective condition. See, e.g., 49 CFR 236.1023(e), (h), and (f). The proposed Form FRA F 6180.179 would be submitted to FRAPart2361023Notification@dot.gov within the 15-day deadline under 49 CFR 236.1023(f)(1).

With the current reporting process, FRA estimated that each notification would take 8 hours to prepare. With the new standardized Form, FRA estimates that, on average, each notification will reduce to 7.5 hours to prepare if the
