[RTID 0648-XC543]

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Groundfish Advisory Panel via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Thursday, December 1, 2022, beginning at 12:30 p.m. Webinar registration URL information: <https://attendeegotowebinar.com/register/3900671858064240652>.

ADDRESSES:

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Advisory Panel will discuss Framework Adjustment 65/ Specifications & Management Measures which include draft alternatives and draft impacts analysis, and make recommendations to the Groundfish Committee for final action to include: status determination criteria, rebuilding plan for Gulf of Maine (GOM) cod, FY2023-FY2024 US/CA total allowable catches, FY2023-FY2024 specifications:

Georges Bank (GB) yellowtail flounder and GB cod (including a catch target for the recreational fishery), FY2023-FY2025 specifications for 14 stocks, additional measures to promote stock rebuilding for GB cod and GOM cod, and revised acceptable biological catch (ABC) control rules, in consultation with the Scientific and Statistical Committee.

The panel will discuss the development of a draft white paper on potential approaches to allocate "Georges Bank cod" to the recreational fishery delivered in 2022 to inform the 2023 priorities discussion and make recommendations to the Groundfish Committee. They will also discuss other business as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465-0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: November 9, 2022.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Public Meeting of the Science Advisory Board

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of public meeting.

SUMMARY: This notice sets forth the schedule and proposed agenda for the meeting of the Science Advisory Board (SAB). The members will discuss issues outlined in the section on Matters to be Considered.

DATES: The meeting is scheduled for Wednesday, November 30, 2022, 10 a.m.–5 p.m. eastern standard time (EST) and Thursday, December 1, 2022, 8:30 a.m.–12:30 p.m. eastern standard time (EST). The time and the agenda topics described below are subject to change. For the latest agenda, please refer to the SAB website: <https://sab.noaa.gov/index.php/current-meetings/>.

ADDRESSES: The November 30–December 1, 2022 meeting will be held at the DoubleTree by Hilton Silver Spring Washington, DC North, 8777 Georgia Ave., Silver Spring, MD. The link for the webinar registration for the November 30–December 1, 2022 meeting may be found here: <https://sab.noaa.gov/index.php/current-meetings/>.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, SSMC3, Room 11230, 1315 East-West Hwy., Silver Spring, MD 20910; Phone Number: 202-936-5847; Email: Cynthia.Decker@noaa.gov; or visit the SAB website at <https://sab.noaa.gov/index.php/current-meetings/>.

SUPPLEMENTARY INFORMATION: The NOAA Science Advisory Board (SAB) was established by a Decision Memorandum dated September 25, 1997, and is the only Federal Advisory Committee with responsibility to advise the Under Secretary of Commerce for Oceans and Atmosphere on strategies for research, education, and application of science to operations and information services. SAB activities and advice provide necessary input to ensure that National Oceanic and Atmospheric Administration (NOAA) science programs are of the highest quality and provide optimal support to resource management.

Status: The November 30–December 1, 2022 meeting will be open to public participation with a 15-minute public comment period at 4:45 p.m. eastern standard time (EST) on Wednesday, November 30, 2022. The SAB expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of three minutes. Written comments for the November 30–December 1, 2022 meeting should be received in the SAB Executive Director's Office by November 15, 2022 to provide sufficient time for

SAB review. Written comments received by the SAB Executive Director after this date will be distributed to the SAB, but may not be reviewed prior to the meeting date.

Special Accommodations: This meeting is physically accessible to people with disabilities. Requests for special accommodations may be directed to the Executive Director no later than 12 p.m. on November 15, 2022.

Matters to be Considered: The meeting on November 30–December 1, 2022 will include the (1) NOAA Update; (2) NOAA Science Update; (3) NOAA Response to the SAB Priorities for Weather Research Report; (4) SAB Data Archiving and Access Requirements Working Group (DAARWG) Report on the NESDIS Common Cloud Framework (NCCF); (5) NOAA Response to the Quadrennial Report from the Tsunami Science and Technology Advisory Panel (TSTAP); (6) SAB Ecosystem and Sciences Management Working Group (ESMWG) Report on the Rapidly Changing Marine Environment; (7) SAB Report on Open Science and Open Data; (8) Updates on SAB Work Plan; (9) SAB Working Group Updates. Meeting materials, including work products, will be made available on the SAB website: <https://sab.noaa.gov/index.php/current-meetings/>

David Holst,

Chief Financial Officer and Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.

Notice of Availability for Public Comments of the National Sea Grant Office

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of availability for public comments.

SUMMARY: NOAA has prepared a draft programmatic environmental assessment (PEA) for NOAA’s proposal to fund aquaculture research and development projects through existing federal financial assistance award programs. We are making the programmatic environmental

assessment available to the public for review and comment.

DATES: Written comments must be submitted on or before December 18, 2022.

ADDRESSES: The Draft PEA may be downloaded or viewed at: <https://seagrant.noaa.gov/Our-Work/Aquaculture>. You are encouraged to use the comment form spreadsheet provided on the same website to submit your comments. However, comments will also be accepted in word, pdf, or email body. Please submit public comments via email to oar.sg-feedback@noaa.gov with the subject line “Public Comment on Draft PEA Aquaculture Research and Development.” No business proprietary information, copyrighted information, or personally identifiable information should be submitted in response to this request. Please be aware that comments submitted may be posted on a federal website or otherwise released publicly. Clearly indicate which section, page number, and line number, if applicable, submitted comments pertain to. All comments must be provided in English. Please note that the U.S. Government will not pay for response preparation, or for the use of any information contained in the response.

FOR FURTHER INFORMATION CONTACT: Dr. Rebecca Briggs, Scientific Program Manager, National Sea Grant Office (Phone Number: (302) 927–2351) (Email: rebecca.briggs@noaa.gov).

SUPPLEMENTARY INFORMATION: This Programmatic Environmental Assessment (PEA) serves as a framework to analyze the potential impacts on the natural and human environment from aquaculture research and development projects funded by federal financial assistance award programs in the Office of Oceanic and Atmospheric Research (OAR) and the National Marine Fisheries Service (NMFS). The overall goal of NOAA’s aquaculture research and development federal financial assistance award programs is to provide opportunities to public, private, and tribal entities to obtain scientific knowledge that will inform NOAA’s regulatory and resource management decisions and foster innovative and sustainable approaches to aquaculture that will benefit NOAA’s trust resources. NOAA proposes to further these efforts in domestic marine and freshwater aquaculture research and development in accordance with the statutory authorities described in this PEA. Existing federal financial assistance award programs for aquaculture research and development projects that are discussed in this PEA include: The National Sea Grant College

Program (Sea Grant), the Small Business Innovation Research Program (SBIR) and programs administered by the Office of Aquaculture (OAQ).

Projects analyzed as part of this PEA are broadly described as falling under one of the following five main research and development categories: outreach, education, and planning; data analysis and social science research; laboratory and rearing science and research on finfish and shellfish; field research and assessments; and, shellfish aquaculture restoration. Aquaculture research and development federal awards are needed to gain scientific knowledge and develop a trained workforce to address critical issues including: supporting a healthy coastal economy; addressing the demand for domestic seafood products; and enhancing wild stock populations (for commercial purposes). The federal financial assistance award programs described provide a unique opportunity within NOAA to partner with external researchers and institutions, engage in private sector, tribal, and public collaborations, and facilitate aquaculture research and development to meet these needs. NOAA intends for this PEA to create efficiencies by establishing a framework that can be used for “tiering” when appropriately applied to future aquaculture research and development awards. As financial assistance awards are proposed, to the extent additional NEPA analysis is required, environmental review will rely on the analysis set forth in this PEA.

This document has been prepared in compliance with the National Environmental Policy Act of 1969 (NEPA), the 1978 Council on Environmental Quality (CEQ) Regulations (40 Code of Federal Regulations [CFR] 1500–1508), and NOAA policy and procedures (NOAA Administrative Order 216–6A (NAO 216–6A and its Companion Manual (CM)).

David Holst,

Chief Financial Officer and Administrative Officer, Office of Oceanic and Atmospheric Research, National Oceanic and Atmospheric Administration.
