Food and Nutrition Service

Title: Supplemental Nutrition Assistance Program Employment and Training Program Performance Measurement, Monitoring and Reporting Requirements.

OMB Control Number: 0584–0614.

Summary of Collection: This is an extension, without change, of a currently approved collection. In accordance with Section 16(h)(5) of the Food and Nutrition Act (FNA), as amended by section 4022 of the Agriculture Act of 2014, and 7 CFR 273.7(c)(17) the Department requires that State agencies report outcome data for the Supplemental Nutrition Assistance Program (SNAP) Employment and Training (E&T) programs. In order for FNS to monitor the effectiveness of E&T programs State agencies are required to report outcome data on five separate reporting measures: (1) the number and percentage of E&T participants who retain employment 2 quarters and 4 quarters after completing E&T; (2) the median wages for participants with earnings 2 quarters after completion of E&T; (3) the number and percentage of participants that completed a training, education, work experience or on-the-job training component; (4) certain unique characteristics of SNAP E&T participants; and (5) additional reporting requirements for State agencies that pledge to serve all at-risk Able-bodied Adults without Dependents (ABAWDs). State agencies are also required to identify appropriate reporting measures for each proposed component that serves a threshold number of participants of at least 100 a year. State agencies identify the reporting measures for these components in State agencies' E&T plans and report the outcome data to the Food and Nutrition Service (FNS) through State agencies' annual reports. State agencies are required to report outcome data annually.

Need and Use of the Information: With this information, FNS is able to identify more, and less, successful E&T practices and provide technical assistance to State agencies to improve their E&T programs.

Description of Respondents: State, Local, or Tribal Governments.

Number of Respondents: 53.

Frequency of Responses: Reporting; annually.

Total Burden Hours: 9,459.

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are required regarding: whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by December 19, 2022 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Farm Service Agency

Title: Emergency Relief Program (ERP) Phase 1.

OMB Control Number: 0560–0309.

Summary of Collection: The Extending Government Funding and Delivering Emergency Assistance Act,

(Division B, Title I, Pub. L. 117–43) provided \$10,000,000,000 for necessary expenses related to losses of crops (including milk, on-farm stored commodities, crops prevented from planting in 2020 and 2021, and harvested adulterated wine grapes), trees, bushes, and vines, as a consequence of droughts, wildfires, hurricanes, floods, derechos, excessive heat, winter storms, freeze, including a polar vortex, smoke exposure, quality losses of crops, and excessive moisture occurring in calendar years 2020 and 2021. USDA has directed FSA to use part of this funding to provide assistance to producers of eligible crop, tree, bush, and vine losses through ERP.

ERP Phase 1 will use a streamlined application process for losses for which data is already on file with FSA and RMA. Producers will certify on the application that the loss was due, in whole or in part, to a qualifying disaster event and indicate that they agree to obtain crop insurance or NAP coverage for the next two available crop years, which is a statutory requirement for payment eligibility.

Need and Use of the Information: The information submitted by respondents will be used by FSA to determine eligibility and issue payments to eligible applicants under ERP.

Applicants complete the following forms to apply for ERP payments:

FSA–520, Emergency Relief Program (ERP) Phase 1 Application;

AD–2047, Customer Data Worksheet;

CCC–901, Member Information for Legal Entities;

CCC–902, Farm Operating Plan;

AD–1026 Highly Erodible Land Conservation (HEL) and Wetland Conservation (WC) Certification PRA for any FSA programs but is included in the burden hours for information;

Form CCC–860, Socially Disadvantaged, Limited Resource, Beginning and Veteran Farmer or Rancher Certification; and

Form FSA–510, Request for an Exception to the \$125,000 Payment Limitation for Certain Programs.

Failure to solicit applications will result in failure to provide payments to eligible applicants as intended by the Extending Government Funding and Delivering Emergency Assistance Act.

Description of Respondents: Farms.

Number of Respondents: 305,000.

Frequency of Responses: Reporting; On Occasion.

Total Burden Hours: 92,310.

Farm Service Agency

Title: Commodity Container Assistance Program (CCAP).

OMB Control Number: 0560–0310.

Summary of Collection: Applicants will receive payments under section 5(e) of the CCC Charter Act (15 U.S.C. 714c(e)) to assist owners of U.S. agricultural products with ongoing market disruptions and facilitate the recovery of shipping and other logistical services required to bring domestically produced agricultural products to their markets.

The CCAP payments continues to be issued after an applicant certifies, as applicable, the number of containers picked up or stored each month or group of months at the designated port. The applicant must certify to the total number of containers picked up or stored by January 31, 2023. If any supporting documentation is requested, the documentation must be submitted to FSA within 30 days from the request.

Need and Use of the Information: To determine whether an applicant is eligible for a CAWA payment, an applicant is required to submit:

- FSA–862, Commodity Container Assistance Program Application that includes applicant information, SAM UEL, and number of containers by port, type, and month.
- If requested by FSA, the applicant must provide supporting documentation to verify the accuracy of information provided on the application, including to substantiate the number and type of shipping containers, ownership of the commodities, or authority to act as a designated marketing agent.

If the eligible participants fail to apply, FSA will result in failure to provide payments to eligible applicants as intended.

Description of Respondents: Farms.
Number of Respondents: 200.

Frequency of Responses: Reporting; On Occasion.

Total Burden Hours: 528.

Farm Service Agency

Title: Food Safety Certification for Specialty Crops Program (FSCSC).

OMB Control Number: 0560–0311.

Summary of Collection: The Farm Service Agency (FSA) is issuing payments under the Coronavirus Aid, Relief, and Economic Stability (CARES) Act of up to \$200 million to assist eligible specialty crop operations with on-farm food safety certification and related expenses. The development, implementation, and maintenance of on-farm food safety programs resulted in unforeseen costs for many specialty crop operations who sought alternate markets for their products during the pandemic, as demand from traditional markets such as restaurants and food service diminished or disappeared.

Need and Use of the Information: In order to determine whether a producer is eligible for FSCSC and to calculate a payment, an applicant is required to submit form FSA–888, Food Safety Certification for Specialty Crops Program (FSCSC). Applicants must also have the following forms on file with FSA: AD–2047, Customer Data Worksheet, and SF–3881, ACH Vendor/Miscellaneous Payment Enrollment Form.

The information submitted by respondents are used by FSA to determine eligibility and issue payments to eligible applicants under FSCSC.

Failure to solicit applications will result in failure to provide payments to eligible applicants as intended by the CARES Act.

Description of Respondents: Farms.
Number of Respondents: 22,000.

Frequency of Responses: Reporting; On Occasion.

Total Burden Hours: 25,652.

Food Safety and Inspection Service

Title: Electronic Import Inspection.
OMB Control Number: 0583–0159.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U. S.C. 601 et. seq.), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, et. seq.), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031). These statutes mandate that FSIS protect the public by verifying that meat and poultry products are safe, wholesome, and properly labeled and packaged.

Need and Use of the Information: FSIS requires foreign governments to submit additional information when submitting both the foreign establishment certificate and the foreign inspection certificate to FSIS for foreign establishments to be permitted to import product to the United States. The information that is required with the Foreign Establishment Certificate includes: the type of operation(s) conducted at the establishment (*e.g.*, slaughter, processing, storage, exporting warehouse); the establishment's eligibility status (*e.g.*, new or relisted (if previously delisted)); and, slaughter and processing establishment certifications that address the species and type of product(s) produced at the establishment and the process category.

Additional information that is required with the Foreign Inspection Certificate includes: the species used to produce the product and the source country and foreign establishment number; whether the source materials originate from a country other than the exporting country; the product's description, including the process category, the product category, and the product group; the address of the consignor; the address of the consignee; the name and address of the exporter; the name and address of the importer;
