

Energy Subcommittee (Metals Market Subcommittee) under the Energy and Environmental Markets Advisory Committee (EEMAC). The EEMAC is an advisory committee established by the Dodd-Frank Wall Street Reform and Consumer Protection Act.

DATES: The deadline for submission of nominations is December 5, 2022.

ADDRESSES: Nominations should be emailed to EEMAC_Submissions@cftc.gov or sent by post to Lauren Fulks, EEMAC Secretary, Commodity Futures Trading Commission, 2600 Grand Boulevard, Suite 200, Kansas City, MO 64108. Please use the title "EEMAC Subcommittees" for any nominations you submit.

FOR FURTHER INFORMATION CONTACT:

Lauren Fulks, EEMAC Secretary, at (816) 787-6297 or email EEMAC_Submissions@cftc.gov.

SUPPLEMENTARY INFORMATION: The Infrastructure Subcommittee was established to provide a report to the EEMAC that will evaluate what is required to ensure the energy markets in the United States remain resilient despite the numerous strains on the system globally. Topics and issues this subcommittee may consider in this regard include, but are not limited to, the following:

- Given the importance of predictable supply and reliable distribution of energy to effective energy derivatives markets, identifying the state of infrastructure of various energy markets, including but not limited to, oil, natural gas, and electricity, and examining how investment in infrastructure in recent years has contributed to the current state of infrastructure;

- Examining how the current state of energy infrastructure has impacted market fundamentals, such as supply and demand, price discovery, price volatility, and market participation;

- Identifying key issues facing energy derivatives markets that are related to or a result of energy market fundamentals and dynamics; and

- Examining if and how financial regulation can address current issues in the energy derivatives markets.

The Metals Market Subcommittee was established to provide a report to the EEMAC to examine the role of critical metals in transitional energy sources and their potential impact on derivatives markets. Within this charge, this subcommittee may consider, but is not limited to, the following issues and topics:

- Identifying metals that are used as components in transitional energy sources and their related derivatives markets, or lack thereof;

- Examining how the increased demand for certain metals impact existing derivatives markets;

- Examining the issues around creating new derivatives markets for metals that will be integral in transitional energy; and

- Examining if and how financial regulation should change given the increased demand on and need for metals derivatives markets.

The subcommittees will provide their reports directly to the EEMAC and will not provide their reports directly to the Commission. The subcommittees have no authority to make decisions on behalf of the EEMAC, and no determination of fact or policy will be made by the subcommittees on behalf of the Commission.

Subcommittee members will generally serve as representatives and provide advice reflecting the views of diverse stakeholder organizations and entities within the derivatives and financial markets. The subcommittees may also include regular government employees when doing so furthers their purposes. It is anticipated that the subcommittees will hold at least three in-person or telephonic meetings. Subcommittee members serve at the pleasure of the Commission. Subcommittee members do not receive compensation or honoraria for their services, and they are not reimbursed for travel and per diem expenses.

Subcommittee members will include individuals who are Members or Associate Members of the EEMAC and/or other individuals. For these other individuals, the Commission seeks nominations of individuals from a wide range of perspectives, including from industry, academia, the government, and public interest. To advise the EEMAC effectively, subcommittee members must have a high level of expertise and experience with: the energy and/or metals markets, the Commodity Exchange Act, Commission regulations, and guidance thereunder. To the extent practicable, and consistent with these objectives, the Commission will strive to include members reflecting wide ethnic, racial, gender, and age representation.

The Commission invites the submission of nominations for membership on the subcommittees. Each nomination submission should include the proposed member's name, title, organization affiliation, address, email address, and telephone number, as well as information that supports the individual's qualifications to serve on a subcommittee. The submission should also include the name, email address, and telephone number of the person

nominating the proposed subcommittee member. Self-nominations are acceptable.

Submission of a nomination is not a guarantee of selection as a member of a subcommittee. The Commission will identify members for the subcommittees based on Commissioners' and Commission staff's professional knowledge of the energy and metals markets, consultation with knowledgeable persons outside of the CFTC, and requests received from organizations. The Commission, by vote, will authorize members to serve on the subcommittees.

Authority: 5 U.S.C. app. II.

Dated: November 16, 2022.

Robert Sidman,

Deputy Secretary of the Commission.

BILLING CODE 6351-01-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2022-SCC-0144]

Agency Information Collection Activities; Comment Request; Student Assistance General Provisions—Subpart K—Cash Management

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing an extension without change of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before January 20, 2023.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2022-SCC-0144. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the [regulations.gov](http://www.regulations.gov) site is not available to the public for any reason, ED will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. *Please note that comments submitted by fax or email and those submitted after the comment period will*

not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Manager of the Strategic Collections and Clearance Governance and Strategy Division, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 6W203, Washington, DC 20202–8240.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Beth Grebeldinger, (202) 377–4018.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Student Assistance General Provisions—Subpart K—Cash Management.

OMB Control Number: 1845–0038.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments; Individuals or Households.

Total Estimated Number of Annual Responses: 19,605,555.

Total Estimated Number of Annual Burden Hours: 861,393.

Abstract: This request is for an extension of the current information collection 1845–0038 that is expiring. This collection pertains to the recordkeeping requirements contained in the regulations related to the

administration of the Subpart K—Cash Management section of the Student Assistance General Provisions. The regulatory language has not changed. These program regulations are designed to provide benefits to Title IV, HEA applicants, and protect the taxpayers' interest. The information collection requirements in these regulations are necessary to provide students with required information about their eligibility to receive funding under the federal student financial aid programs and to prevent fraud and abuse of program funds by allowing students to reduce or reject aid being offered as well as being made aware of when such funding can be expected to be available.

Dated: November 16, 2022.

Kun Mullan,

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

U.S. Energy Information Administration

Agency Information Collection Extension

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice.

SUMMARY: EIA submitted an information collection request for extension as required by the Paperwork Reduction Act of 1995. The information collection requests a three-year extension with changes to the Electric Power & Renewable Electricity Surveys (EPRES), OMB Control Number; 1905–0129. EPRES consists of nine surveys, including annual, monthly and one daily survey. These surveys collect data from entities involved in the production, transmission, delivery, and sale of electricity, and in maintaining the reliable operation of the power system. The data collected are the primary source of information on the nation's electric power system. The renewable energy survey collects information on the manufacture, shipment, import, and export of photovoltaic cells and modules, and is the primary national source of information on these topics.

DATES: Comments on this information collection must be received no later than December 21, 2022. Written

comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Paul McArdle, (202) 586–4445 email: Electricity2023@eia.gov. The forms and instructions are available on EIA's website at <https://www.eia.gov/survey/>.

SUPPLEMENTARY INFORMATION: This information collection request contains:

- (1) *OMB No.:* 1905–0129;
- (2) *Information Collection Request Title:* Electric Power & Renewable Electricity Surveys;
- (3) *Type of Request:* Three-year extension with changes;
- (4) *Purpose:* EIA's EPRES consists of the following nine surveys:
Form EIA–63B *Photovoltaic Module Shipments Report* tracks photovoltaic module manufacturing, shipments, technology types, revenue, and related information.

Form EIA–860 *Annual Electric Generator Report* collects data on existing and planned electric generation plants, and associated equipment including generators, boilers, cooling systems, and environmental control systems. Data are collected from all existing units and from planned units scheduled for initial commercial operation within ten years of the specified reporting period (depending on the type of power plant).

Form EIA–860M *Monthly Update to the Annual Electric Generator Report* collects data on the status of proposed new generators scheduled to begin commercial operation within the future 12-month period; and existing generators that have proposed modifications that are scheduled for completion within one month. The information is needed to ensure a complete and accurate inventory of the nation's generating fleet, for such purposes as reliability and environmental analysis.

Form EIA–861 *Annual Electric Power Industry Report* collects annual information on the retail sale, distribution, transmission, and generation of electric energy in the United States and its territories. The data include related activities such as energy efficiency and demand response programs. In combination with Form EIA–861S short form and the monthly Form EIA–861M, this annual survey provides coverage of sales to ultimate customers of electric power and related activities.
