As a result of this change, certain exemptions to licensing requirements are now available for exports, re-exports, retransfers, and temporary imports destined for or originating in the Republic of Cyprus and brokering activities involving the Republic of Cyprus, provided the conditions for use of those exemptions are met. Applications for licenses and other authorizations submitted to the Directorate of Defense Trade Controls involving the Republic of Cyprus and nationals of the Republic of Cyprus are subject to case-by-case review.

Regulatory Analysis and Notices

Administrative Procedure Act

The Department of State (the Department) is of the opinion that controlling the import and export of defense articles and services is a military or foreign affairs function of the United States Government and that rules implementing this function are exempt from sections 553 (rulemaking) and 554 (adjudications) of the Administrative Procedure Act (APA), pursuant to 5 U.S.C. 553(a)(1). Since the Department is of the opinion that this rule is exempt from 5 U.S.C 553, it is the view of the Department that the provisions of section 553 do not apply to this rulemaking.

Regulatory Flexibility Act

Since this rule is exempt from the notice-and-comment provisions of 5 U.S.C. 553(b), it does not require analysis under the Regulatory Flexibility Act.

Unfunded Mandates Reform Act of 1995

This rulemaking does not involve a mandate that will result in the expenditure by state, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more in any year and it will not significantly or uniquely affect small governments. Therefore, no actions are deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

The Department does not believe this rulemaking is a major rule within the definition of 5 U.S.C. 804.

Executive Orders 12372 and 13132

This rulemaking will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the

distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132, it is determined that this amendment does not have sufficient federalism implications to require consultations or warrant the preparation of a federalism summary impact statement. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities do not apply to this rulemaking.

Executive Orders 12866 and 13563

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributed impacts, and equity). Because the scope of this rule does not impose additional regulatory requirements or obligations, the Department believes costs associated with this rule will be minimal. This rule has been designated a "significant regulatory action" by the Office and Information and Regulatory Affairs under Executive Order 12866.

Executive Order 12988

The Department reviewed this rulemaking in light of Executive Order 12988 to eliminate ambiguity, minimize litigation, establish clear legal standards, and reduce burden.

Executive Order 13175

The Department determined that this rulemaking will not have tribal implications, will not impose substantial direct compliance costs on Indian tribal governments, and will not preempt tribal law. Accordingly, the requirements of Executive Order 13175 do not apply to this rulemaking.

Paperwork Reduction Act

This rule does not impose or revise any information collections subject to 44 U.S.C. chapter 35.

Accordingly, for the reasons set forth above, Title 22, Chapter I, Subchapter M, part 126 is amended as follows:

This policy of denial, and the status of Cyprus as a proscribed destination, is suspended from October 1, 2022, through September 30, 2023.

Safety Zone; Ohio River Mile Marker 0.3-1.5, Pittsburgh, PA

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Ohio River mile marker 0.3-1.5. This action is necessary to provide for the safety of life on these navigable waters during drilling operations from November 28, 2022 until December 3, 2022. This rulemaking would prohibit persons and vessels from being in the safety zone, create a slow speed/no wake zone and limit commercial traffic to one way passing unless authorized by the Captain of the Port Pittsburgh or a designated representative. The safety zone is needed to protect personnel and vessels from potential hazards created by working in the Ohio River channel.

DATES: This rule is effective from 6 a.m. November 28, 2022 through 11:59 p.m. on December 3, 2022.

NPRM Notice of proposed rulemaking
§ Section
U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. The safety zone must be established by November 28, 2022 and we lack sufficient time to provide a reasonable comment period and then consider those comments before issuing

this rule. The NPRM process would delay the establishment of the safety zones until after the scheduled date for the drilling operations.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. Delaying the effective date of this rule would be impracticable because this action is necessary to ensure the safety of vessels and persons during the drilling operations on November 28, 2022.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Marine Safety Unit Pittsburgh (COTP) has determined that a safety zone from mile marker 0.3 to 1.5 is needed to protect personnel, vessels, and the marine environment from potential hazards created from drilling operations starting November 28, 2022 until December 3, 2022.

IV. Discussion of the Rule

This rule establishes a safety zone on from 6 a.m. on November 28, 2022 through 11:59 p.m. on December 3, 2022. The safety zone will cover all navigable waters on the Ohio River between mile marker 0.3 and 1.5, it would create a slow speed/no wake zone and limit commercial traffic to one way passing. The duration of the safety zone is intended to protect personnel, vessels, and the marine environment from potential hazards created by drilling operations.

No vessel or person is permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. A designated representative is a commissioned, warrant, or petty officer of the U.S. Coast Guard (USCG) assigned to units under the operational control of the COTP. To seek permission to enter, contact the COTP or a designated representative via VHF-FM channel 16, or through Marine Safety Unit Pittsburgh at 412-221-0807. Persons and vessels permitted to enter the safety zone must comply with all lawful orders or directions issued by the COTP or designated representative. The COTP or a designated representative will inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs), as appropriate.
