Currently the licenses for the Sylvan, Little Falls, and Pillager projects expire on March 31, 2028, and the license for the Blanchard Project expires on August 24, 2043. The licensee states that aligning the expiration dates for the projects would significantly enhance process efficiencies and allow for the combining of relicensing efforts for all the projects. In addition, the licensee states that aligning the expiration dates of adjacent projects would facilitate a more comprehensive analysis of common resources.
