SUPPLEMENTARY INFORMATION:

Background

Commerce is conducting an administrative review of the antidumping duty order on CWP from Korea, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).¹ On December 28, 2021, in accordance with 19 CFR 351.221(c)(1)(i), we initiated the administrative review² of the *Order* covering 24 producers and/or exporters, including mandatory respondents, Husteel and Nexteel.³ The remaining companies were not selected for individual examination and remain subject to this administrative review. For a complete description of the events that followed the initiation of this review, see the Preliminary Decision Memorandum.⁴

On July 14, 2022, Commerce extended the time limit for issuing the preliminary results of this review by 120 days, to no later than November 30, 2022.⁵

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Rate for Non-Selected Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally "an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely {on the basis of facts available}."

In this review, we have preliminarily calculated weighted-average dumping margins of 13.72 percent for Husteel and 0.00 percent for Nexteel. For the companies that were not selected for individual review, we preliminarily assigned a rate based on the rates for the respondents that were selected for
