SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from OMB for each collection of information that they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC

asks that OMB renew its approval of the collection in this notice.

Title: Joint Standards for Assessing the Diversity Policies and Practices of Entities Regulated by the Agencies and Diversity Self-Assessment Template for OCC-Regulated Entities.

OMB Control No.: 1557–0334.

Abstract: This information collection sets forth standards for OCC-regulated entities to voluntarily self-assess their diversity and inclusion policies and practices and includes a template to assist with the self-assessment. The template is now a PDF fillable form, which replaces the current Excel spreadsheet template. No other substantive changes were made to the template. The template (1) asks for general information about a respondent; (2) includes questions and solicits comments for certain standards about program successes and challenges; (3) asks for a description of current practices for the self-assessment standards; (4) seeks additional diversity and inclusion data; and (5) provides an opportunity for a respondent to provide other information regarding or comment on the self-assessment of its diversity and inclusion policies and practices. The OCC may use the information submitted to monitor progress and trends in the financial services industry regarding diversity and inclusion in employment and contracting activities and to identify and highlight diversity and inclusion policies and practices that have been successful. The OCC will continue to reach out to the entities it regulates and other interested parties to discuss diversity and inclusion in the financial services industry and share leading practices. Finally, if an OCC-regulated entity submits confidential commercial information that is both customarily and actually treated as private by the entity, the entity can designate the information as private, and the OCC will treat the self-assessment information as private to the extent permitted by law, including the Freedom of Information Act, 5 U.S.C. 552, *et seq.*

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Burden Estimates:

Estimated Number of Respondents: 82 (24 new respondents; 58 repeat respondents) of 327 institutions with greater than 100 employees that are requested to submit.

Frequency of Collection: Annual.

Average Annual Response Time per Respondent: 8 hours for new respondents and 4 hours for repeat respondents.

Estimated Total Annual Burden Hours: 424 hours.

Comments: On September 8, 2022, the OCC published a 60-day notice for this information collection, (87 FR 55082), in response to which the OCC received no comments. Comments continue to be solicited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) Whether the OCC has accurately estimated the information collection burden;

(c) How the OCC can enhance the quality, utility, and clarity of the information to be collected;

(d) How the OCC can minimize the burden of the collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) The respondents’ estimated capital or start-up costs, as well as the costs of operating, maintaining, and purchasing services necessary to provide the information being collected.

SUPPLEMENTARY INFORMATION: The OCC is requesting comment on the following revision to an approved information collection:

Title: Company-Run Annual Stress Test Reporting Template and Documentation for Covered Institutions with Total Consolidated Assets of \$250 Billion or More under the Dodd-Frank Wall Street Reform and Consumer Protection Act.

OMB Control No.: 1557–0319.

Abstract: Section 165(i)(2) of the Dodd-Frank Wall Street Reform and Consumer Protection Act¹ (Dodd-Frank Act) requires certain financial companies, including national banks and federal savings associations, to conduct annual stress tests² and requires the primary financial regulatory agency³ of those financial companies to issue regulations implementing the stress test requirements.⁴ Under section 165(i)(2), a covered institution is required to submit to the Board of Governors of the Federal Reserve System (Board) and to its primary financial regulatory agency a report at such time, in such form, and containing such information as the primary financial regulatory agency may require.⁵

On October 9, 2012, the OCC published in the **Federal Register** a final rule implementing the section 165(i)(2)

annual stress test requirement.⁶ This rule describes the reports and information collections required to meet the reporting requirements under section 165(i)(2). These information collections will be treated as confidential (to the extent permitted by law.⁷

In 2012, the OCC first implemented the reporting templates referenced in the final rule.⁸ The OCC uses the data collected to assess the reasonableness of the stress test results of covered institutions and to provide forward-looking information to the OCC regarding a covered institution’s capital adequacy. The OCC also may use the results of the stress tests to determine whether additional analytical techniques and exercises could be appropriate to identify, measure, and monitor risks at the covered institution. The stress test results are expected to support ongoing improvement in a covered institution’s stress testing practices with respect to its internal assessments of capital adequacy and overall capital planning.

The OCC recognizes that many covered institutions with total consolidated assets of \$250 billion or more are required to submit reports using Comprehensive Capital Analysis and Review (CCAR) reporting form FR Y–14A.⁹ The OCC also recognizes the Board has made modifications to the FR Y–14A and, to the extent practical, the OCC will keep its reporting requirements consistent with the Board’s FR Y–14A in order to minimize burden on covered institutions.¹⁰

The OCC’s proposed changes include only limited updates to reflect the changes made by the Board, and the proposed OCC reporting forms will substantially resemble the forms used by the OCC last year. Some of the changes made by the Board are inapplicable to OCC-regulated institutions, such as certain changes to the Board’s capital action assumptions. The OCC’s proposed changes include the minimal adjustments necessary to align line items with placement on the 2022 FR Y–14A. The OCC is also proposing changes to the description of covered institutions required to complete the trading and counterparty credit risk (CCR) sub-schedules under the Global Market Shock (GMS) scenario to more closely align with the Board’s description. If the Board proposes

additional changes to the FR Y–14A reporting forms after the publication of this notice, the OCC expects to make corresponding changes to the OCC reporting forms to minimize inconsistencies and reduce burden. The OCC's proposed new reporting forms and instructions are available on the OCC's website at <https://www.occ.treas.gov/publications-and-resources/forms/dodd-frank-act-stress-test/index-dodd-frank-act-stress-test.html>.

Type of Review: Revision. *Affected Public:* Businesses or other for-profit.

Estimated Number of Respondents: 4 annually and 4 biennially.

Estimated Total Annual Burden: 3,558 hours.

The OCC believes that the systems covered institutions use to prepare the FR Y–14 reporting templates to submit to the Board will also be used to prepare the reporting templates described in this notice. Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(b) The accuracy of the OCC's estimate of the burden of the collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the collection on respondents, including the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.
