[Docket No. NHTSA-2021-0091; Notice 1]

Navistar, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Navistar, Inc., (Navistar), has determined that certain model year (MY) 2022-2023 IC Bus school and commercial buses do not fully comply

FOR FURTHER INFORMATION CONTACT: Jack Chern, General Engineer, NHTSA, Office of Vehicle Safety Compliance, (202) 366-0661.

SUPPLEMENTARY INFORMATION:

I. Overview: Navistar determined that side window glazing supplied by Custom Glass Solutions and installed on certain MY 2022-2023 IC Bus school and commercial buses do not fully comply with paragraph S6.2 of FMVSS No. 205, *Glazing Materials* (49 CFR 571.205).

Navistar filed an original noncompliance report dated November 17, 2021, pursuant to 49 CFR part 573, *Defect and Noncompliance Responsibility and Reports*. Navistar petitioned NHTSA on December 16, 2021, for an exemption from the notification and remedy requirements of 49 U.S.C. Chapter 301 on the basis that they believe this noncompliance is inconsequential as it relates to motor vehicle safety, pursuant to 49 U.S.C. 30118(d) and 30120(h) and 49 CFR part 556, *Exemption for Inconsequential Defect or Noncompliance*.

This notice of receipt of Navistar's petition is published under 49 U.S.C. 30118 and 30120 and does not represent any agency decision or another exercise of judgment concerning the merits of the petition.

II. Vehicles Involved: Approximately 1,289 MY 2022-2023 IC Bus CE and EV school buses, manufactured between July 26, 2021, and October 7, 2021, and approximately 4 MY 2022 IC Bus CE commercial buses manufactured between August 26, 2021, and September 14, 2021, are potentially involved.

III. Noncompliance: Navistar explains that noncompliance is that the two side pieces of the flat three-piece windshield installed in the subject vehicles was incorrectly marked as "AS2" when it should have been marked as "AS1" and therefore, does not comply with paragraph S6.2 of FMVSS No. 205.

IV. Rule Requirements: Paragraph S6.2 of FMVSS No. 205 includes the requirements relevant to this petition. A prime glazing manufacturer marks its glazing with the AS number required by section 7 of ANSI/SAE Z26.1–1996 (incorporated by reference, see § 571.5).

V. Summary of Navistar's Petition: The following views and arguments presented in this section, “V. Summary of Navistar’s Petition,” are the views and arguments provided by Navistar. They have not been evaluated by the Agency and do not reflect the views of the Agency. Navistar describes the subject noncompliance and contends that the noncompliance is inconsequential as it relates to motor vehicle safety.

Navistar explains that there is “no potential safety consequence” because the side window glass supplied by Custom Glass Solutions (CGS) in the subject vehicles meets the AS1 requirements as specified by FMVSS No. 205 even though it was incorrectly marked as AS2. Navistar says that other than the incorrect marking, “the material itself is fully compliant to the standard.” Navistar included with its petition the test report confirming that the glazing material itself is actually meeting the requirements of AS1 glazing, and that just the labeling was incorrect.

Navistar says that despite the incorrect marking, “the correct part was sold and shipped to Navistar for use as windshields.” According to Navistar, the subject noncompliance “could not result in the wrong replacement part ordered” because the part is ordered using “its unique part number and not the ‘M number’ (which corresponds to the glass construction from which the part is fabricated.”

Navistar concludes by stating its belief that the subject noncompliance is inconsequential as it relates to motor vehicle safety and its petition to be exempted from providing notification of the noncompliance, as required by 49 U.S.C. 30118, and a remedy for the noncompliance, as required by 49 U.S.C. 30120, should be granted.

NHTSA notes that the statutory provisions (49 U.S.C. 30118(d) and 30120(h)) that permit manufacturers to file petitions for a determination of inconsequentiality allow NHTSA to exempt manufacturers only from the duties found in sections 30118 and 30120, respectively, to notify owners, purchasers, and dealers of a defect or noncompliance and to remedy the defect or noncompliance. Therefore, any decision on this petition only applies to the subject vehicles that Navistar no longer controlled at the time it

determined that the noncompliance existed. However, any decision on this petition does not relieve vehicle distributors and dealers of the prohibitions on the sale, offer for sale, or introduction or delivery for introduction into interstate commerce of the noncompliant vehicles under their control.

SUPPLEMENTARY INFORMATION: The Independent Offices Appropriations Act of 1952 (IOAA), codified at 31 U.S.C. 9701, authorizes Federal agencies to establish fees for a service or thing of value provided by the agency to members of the public.
