

2. Conduct Ethics Training for members;
3. Discuss previously approved Title II projects, current funding, and outreach on potential Title II projects, and processes;
4. Schedule next meeting;

The meeting is open to the public. The agenda will include time for individuals to make oral statements of three minutes or less. Individuals wishing to make an oral statement should make a request in writing at least three days prior to the meeting date to be scheduled on the agenda.

Anyone who would like to bring related matters to the attention of the committee may file written statements with the committee staff before or after the meeting. Written comments and requests for time for oral comments must be sent to Dawn Suiter, 2946 Chestnut Street, Montgomery, Alabama, 36107; or by email to dawn.suiter@usda.gov. Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at 202-720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at 800-877-8339. Additionally, program information may be made available in languages other than English.

USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Equal opportunity practices in accordance with USDA's policies will be followed in all appointments to the Committee. To ensure that the recommendations of the Committee have taken in account the needs of the diverse groups served by USDA, membership shall include to the extent possible, individuals with demonstrated ability to represent minorities, women, and person with disabilities. USDA is an equal opportunity provider, employer, and lender.

Dated: December 1, 2022.

Cikena Reid,

USDA Committee Management Officer.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Forest Service

Nez Perce-Clearwater National Forests; Idaho; Hungry Ridge Restoration Project

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement.

SUMMARY: The USDA Forest Service is giving notice of its intent to prepare a Supplemental Environmental Impact Statement (SEIS) for the Hungry Ridge Restoration Project on the Salmon River Ranger District of the Nez Perce-Clearwater National Forests, in Idaho. The Forest Supervisor plans to prepare a SEIS to further evaluate old growth and cumulative effects under National Forest Management Act (NFMA) and National Environmental Policy Act (NEPA) consistent with Case No. 3:21-cv-00189-CWD Memorandum and Decision Order (June 24, 2022).

DATES: There is no comment period at this time. The draft SEIS will be advertised for public comment as required by 40 CFR 1503.1. The draft SEIS is anticipated to be available for public review and comment in early 2023 and will be announced in the **Federal Register**, on the Nez Perce-Clearwater National Forests' project website and other local media. The comment period for the draft SEIS will be 45 days from the date the Environmental Protection Agency publishes the notice of availability in the **Federal Register**.

ADDRESSES: Nez Perce Clearwater National Forests, 1008 Highway 64, Kamiah, Idaho 83536.

FOR FURTHER INFORMATION CONTACT:

Jennie Fischer, Interdisciplinary Team Leader, jennie.fischer@usda.gov; 208-983-4048. Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, 24 hours a day, every day of the year, including holidays.

SUPPLEMENTARY INFORMATION: The Supplemental Environmental Impact Statement will improve the Hungry Ridge Restoration final Environmental Impact Statement (FEIS) (September 2020, EIS No. 20200185) by providing an updated analysis of the environmental effects related to old growth and analysis of cumulative effects of the Hungry Ridge and End of the World projects on old growth. The Final Record of Decision was signed in March 2021. The SEIS will address the

Judge's order regarding old growth and cumulative effects.

If needed, the Forest Supervisor of the Nez Perce-Clearwater National Forests will issue a new Record of Decision (ROD) after evaluating the SEIS and public comments. If needed, an objection period for a new ROD will be provided, consistent with 36 CFR part 218.

Purpose and Need for Action

The overall purpose of the Hungry Ridge Restoration project is to manage forest vegetation to restore natural disturbance patterns; improve long-term resilience at the stand and landscape levels; reduce the potential risk to private property and structures; improve watershed conditions; and maintain/improve habitat structure, function and diversity. Timber outputs from the proposed action would be used to offset treatment costs, support the economic structure of local communities, and provide for regional and national needs.

Proposed Action

The proposed action was presented as Alternative 2 in the FEIS (September 2020). The Hungry Ridge Restoration project is located approximately 17 miles southeast of Grangeville in Idaho County, Idaho and includes the following actions: 7,164 acres of commercial timber harvest and fuels reduction; 12,372 acres of prescribed burning, and 10 acres of hand thinning around private property to reduce fuel levels. A combination of ground-based and aerial logging systems would be used. Associated road work includes up to: nine miles of permanent road construction, 23 miles of temporary road construction that would be decommissioned, two miles of road reconstruction, 34 miles of road reconditioning, road maintenance for log haul, and four miles of road long term storage. Approximately 1.8 miles of private road would be used under a road use agreement. Restoration actions to improve watershed conditions include approximately 25 miles road decommissioning, replacement of 18 culverts, improvement at two trail stream crossings, 87 acres of hardwood planting, and 75 acres of soil restoration. Monitoring and one project-specific amendment to the Nez Perce National Forest Land and Resource Management Plan (Forest Plan) are also proposed.

Preliminary Alternatives

The additional alternative the SEIS may consider is in response to impacts to old growth. The Hungry Ridge Restoration FEIS (September 2020)

evaluated the potential effects of four alternatives, including No Action and three action alternatives. The proposed action addresses the need to: manage vegetation to provide forest products, to reduce hazardous fuels on forest lands and adjacent to private property, reduce effects to wild and scenic rivers, reduce effects to steep slopes, reduce effects to wilderness characteristics, improve watershed condition through changes to access management, treatment of road and trail stream crossings. Alternatives were developed based on the potential effects to: old growth and old growth-dependent species; watershed and fish habitat, visual resources from timber harvest, new road construction, mechanical treatment in Forest Plan Management Area 20, and landscape prescribed burning.

Expected Impacts

Preliminary significant impacts to be evaluated included: effects to old growth and cumulative effects.

Responsible Official

Cheryl F. Probert, Nez Perce—Clearwater Forest Supervisor, Nez Perce-Clearwater National Forests Supervisor's Office, 1008 Highway 64, Kamiah, Idaho 83536.

Scoping Comments and the Objection Process

A Notice of Intent was published in the **Federal Register** on February 12, 2014, and initiated the scoping period for the Hungry Ridge Restoration Project. That notice started a 45-day scoping period. In accordance with 40 CFR 1502.9(d)(3), there will be no scoping conducted for this SEIS. The court's Decision on the Hungry Ridge Restoration FEIS established the scope of this SEIS.

The Forest will be soliciting future participation via the GovDelivery email notification system, rather than postal mail. Details about the upcoming project information will be sent to you through GovDelivery. To sign up for GovDelivery and take advantage of new electronic notifications, please visit the Hungry Ridge Restoration project web page at: <https://www.fs.usda.gov/project/?project=43661>. Updates will not be sent via postal mail.

Nature of Decision To Be Made

The deciding official will review the additional information to determine whether direct, indirect and cumulative effects on old growth in the Hungry Ridge Restoration project area meet the requirements of Appendix N of the Forest Plan; if there are cumulative impacts to old growth by the Hungry

Ridge Restoration Project and the End of the World Restoration Project; and whether a new decision is needed to comply with the Forest Plan.

Dated: December 2, 2022.

Troy Heithecker,

Associate Deputy Chief, National Forest System.

BILLING CODE 3411-15-P

DEPARTMENT OF AGRICULTURE

Forest Service

Boundary Establishment for East Fork Hood River National Wild and Scenic River, Mt. Hood National Forest, Hood River County, Oregon

AGENCY: Forest Service, Agriculture (USDA).

ACTION: Notice of availability.

SUMMARY: In accordance with Section 3(b) of the Wild and Scenic Rivers Act, the USDA Forest Service, Washington Office, is transmitting the final boundary of East Fork Hood River National Wild and Scenic River to Congress. The East Fork Hood River Wild and Scenic River boundary description is available for review on <https://www.fs.usda.gov/main/mthood/landmanagement/planning>.

ADDRESSES: The East Fork Hood River Wild and Scenic River boundary is available for review at the website listed under **SUMMARY**, to view the documents in person, arrangements should be made in advance by contacting the offices listed under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: Information may be obtained by contacting John Matthews, Regional Land Surveyor, by telephone at 503-808-2420 or via email at john.matthews@usda.gov. Alternatively, contact Michelle Lombardo on the Mt. Hood National Forest at 971-303-2083 or michelle.lombardo@usda.gov.

Individuals who use Telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 800-877-8339 between 8 a.m. and 8 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The East Fork Hood River Wild and Scenic River boundary is available for review for review on the website listed under **SUMMARY**, or in person by contacting the following offices: at the following offices: USDA Forest Service, Yates Building, 14th and Independence Avenues SW, Washington, DC 20024,

phone—800-832-1355; Pacific Northwest Regional Office, 1220 SW Third Avenue, Portland, OR 97204, phone—503-808-2468; and Mt Hood National Forest Supervisor's Office, 16400 Champion Way, Sandy, OR 97055, phone—503-668-1700. Please contact the appropriate office prior to arrival.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at 202-720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at 800-877-8339. Additionally, program information may be made available in languages other than English.

The Omnibus Public Land Management Act of 2009 (Pub. L. 111-11) of March 30, 2009, designated East Fork Hood River, Oregon as a National Wild and Scenic River, to be administered by the Secretary of Agriculture. As specified by law, the boundary will not be effective until ninety days after Congress receives the transmittal.

Dated: November 22, 2022.

Troy Heithecker,

Associate Deputy Chief, National Forest System.
