

culvert has been removed and is now daylighted, requiring impacts analysis.

- There has been an increase in the proposed usable square feet (USF) for overall building space needed from 42,282 to 80,611, based on the addition of a maintenance building and expansion in the sizes of all other buildings per updated agency requirements.
- Stormwater management would be redesigned in the 300-foot section of First Creek due to two new areas of pavement crossing the creek.
- The Resolute Paper Mill in Fort Frances, Ontario has since closed and has decreased rail traffic.

GSA is preparing an SEIS to assess the potential impacts of these updates, which were not assessed in the 2011 EIS.

Alternatives Under Consideration

GSA has preliminarily identified one action alternative that may be assessed in the SEIS:

- **Alternative 1: Full Build**—Construct the facilities as described in the Preferred Action Alternative assessed in the 2011 EIS and modified by the 2018 project updates.

The No Action Alternative will also be considered to satisfy federal requirements for analyzing “no action” under NEPA. Analysis of this alternative will provide a baseline for comparison with impacts from Alternative 1.

The SEIS will address the potential environmental impacts of the proposed alternatives on environmental resources including geology and soils, water resources, biological resources, air quality and climate change, noise, traffic and transportation, land use and visual resources, cultural resources, utilities, and human health and safety. The EIS will also address the socioeconomic effects of the project, as well as impacts on environmental justice populations. Impacts may occur from air emissions, noise, and traffic delays associated with construction; as well as soil disturbance from earth moving activities and resultant sedimentation of nearby waterways. Long term benefits to traffic and transportation, air quality, and the local economy are expected from operations of the expanded and modernized LPOE and associated improved traffic flows.

William Renner,

Director, Facilities Management and Services Programs Division, Great Lakes Region 5, U.S. General Services Administration.

Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended, and the Determination of the Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, CDC, pursuant to Public Law 92–463. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Disease, Disability, and Injury Prevention and Control Special Emphasis Panel (SEP)—RFA–OH–22–001, Panel B, Occupational Safety and Health Education and Research Centers (ERC).

Dates: February 23–24, 2023.

Times: 12:00 p.m.–5:00 p.m. EST.

Place: Video-Assisted Meeting.

Agenda: To review and evaluate grant applications.

For Further Information Contact: Dan Hartley, Ed.D., Scientific Review Officer, Office of Extramural Programs, National Institute for Occupational Safety and Health, CDC, 1095 Willowdale Road, Morgantown, West Virginia 26505; Telephone: (304) 285–5812; Email: DHartley@cdc.gov.

The Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Kalwant Smagh,

Director, Strategic Business Initiatives Unit, Office of the Chief Operating Officer, Centers for Disease Control and Prevention.
