14 CFR Part 71

[Docket No. FAA-2022-1440; Airspace Docket No. 21-AWP-44]

RIN 2120-AA66

Proposed Establishment of Class E Airspace; New Coalinga Municipal Airport, CA

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to establish Class E airspace extending upward from 700 feet above the surface at New Coalinga Municipal Airport, CA. This action will support the airport's transition from visual flight rules (VFR) to instrument flight rules (IFR) at the airport.

DATES: Comments must be received on or before January 30, 2023.

ADDRESSES: Send comments on this proposal to the U.S. DOT, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12-140, Washington, DC 20590; telephone: (800) 647-5527, or (202) 366-9826. You must identify "FAA Docket No. FAA-2022-1440; Airspace Docket No. 21-AWP-44," at the beginning of your comments. You may also submit comments through the internet at www.regulations.gov.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code (U.S.C.). Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would establish Class E airspace at New Coalinga Municipal Airport, CA, to support IFR operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA-2022-1440; Airspace Docket No. 21-AWP-44." The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive

public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S. 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022. FAA Order JO 7400.11G is publicly available as listed in the **ADDRESSES** section of this document. FAA Order JO 7400.11G lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

This action proposes to establish Class E airspace extending upward from 700 feet above the surface at New Coalinga Municipal Airport to contain departing aircraft until reaching 1,200 feet above the surface and arriving aircraft below 1,500 feet above the surface.

The Class E5 airspace designation is published in paragraph 6005 of FAA Order JO 7400.11G, dated August 19, 2022, and effective September 15, 2022, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in FAA Order JO 7400.11, which is published annually and becomes effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial, and unlikely to result in adverse or negative comments. It therefore: (1) is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT regulatory policies and procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, Environmental Impacts: Policies and Procedures, prior to any FAA final regulatory action.

SUPPLEMENTARY INFORMATION:

Background

I. Overview

This document contains proposed amendments to 26 CFR part 1 under sections 1502 and 7805(a) of the Code (the “proposed regulations”).

II. Sections 1501 and 1502

Pursuant to section 1501, an affiliated group of corporations may elect to file a U.S. Federal income tax (“U.S. tax”) return on a consolidated basis (such return, a “consolidated return”). Groups electing to file consolidated returns include all members’ income items on a single return, in lieu of filing separate returns for each member.

Section 1502 authorizes the Secretary of the Treasury or their delegate (“Secretary”) to prescribe regulations for an affiliated group of corporations that join in filing (or that are required to join in filing) a consolidated return (such a group, a “consolidated group,” as defined in § 1.1502–1(h)) to clearly reflect the U.S. tax liability of the consolidated group and to prevent avoidance of such tax liability. For purposes of carrying out those objectives, section 1502 also permits the Secretary to prescribe rules that may be different from the provisions of chapter 1 of subtitle A of the Code that would apply if the corporations composing the consolidated group filed separate returns. Terms used in the consolidated return regulations generally are defined in § 1.1502–1.

III. Sections 951(a)(1)(A), 951A(a), and 959

Sections 951(a)(1)(A) and 951A(a) subject each United States shareholder (within the meaning of section 951(b) or section 953(c)(1)(A), if applicable) (each shareholder, a “U.S. shareholder”) of a controlled foreign corporation (within the meaning of section 957 or section 953(c)(1)(B), if applicable) (a “CFC”) to
