

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

[NARA-22-0026; NARA-2023-011]

Records Schedules; Administrative Correction Notice**AGENCY:** National Archives and Records Administration (NARA).**ACTION:** Notice of administrative correction to a records schedule.**SUMMARY:** We are making the following administrative correction to DAA-0095-2018-0099 of the U.S. Forest Service for their Equipment Program Development Records. The schedule covers records related to the development and testing of new Forest Service equipment and equipment program administration. An administrative correction addresses errors or oversights to temporary items in an approved records schedule. We are adding a superseded item citation.**DATES:** We must receive responses on the schedules listed in this notice by January 30, 2023.**ADDRESSES:** You can find the records schedule subject to this proposed administrative correction on the Records Control Schedule page [<https://www.archives.gov/records-mgmt/rcs/>].

You may submit comments by the following method:

Federal eRulemaking Portal: <https://www.regulations.gov>. On the website, enter either of the numbers cited at the top of this notice into the search field. This will bring you to the docket for this notice which has a 'comment' button to submit a comment. For more information on *regulations.gov* and on submitting comments, see their FAQs at <https://www.regulations.gov/faq>.If you are unable to comment via *regulations.gov*, you may email us at request.schedule@nara.gov for instructions on submitting your comment. You must cite the control number of the schedule you wish to comment on.**FOR FURTHER INFORMATION CONTACT:** Kimberly Richardson, Strategy and Performance Division, by email at regulation_comments@nara.gov or by phone at 301-837-2902. For information about records schedules, contact Records Management Operations by email at request.schedule@nara.gov.**SUPPLEMENTARY INFORMATION:** An administrative correction is a change to a temporary item on an approved record schedule to address errors or oversights when the records were originally scheduled. This notice applies only to the change described, and not to other portions of the schedule. We invite

public comments on this administrative correction, as required by 44 U.S.C. 3303a(a). The submitting agency cannot implement the administrative correction until the comment period ends and NARA approves the change.

This administrative correction should be read in conjunction with the previously approved records schedule, DAA-0095-2018-0099 Item 0001, Department of Agriculture, U.S. Forest Service, Equipment Development Program Records. You can find this schedule on the Records Control Schedule at https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/departments-of-agriculture/rg-0095/daa-0095-2018-0099_sf115.pdf.**Proposed Change**We are making an administrative correction to Item 0001 Equipment Development Program Records to add a superseded item. Item 0001 was meant to supersede N1-095-10-010, item 157, Equipment Development Program records, which can be found on the Records Control Schedule at https://www.archives.gov/files/records-mgmt/rcs/schedules/departments/departments-of-agriculture/rg-0095/n1-095-10-010_sf115.pdf. The supersession did not appear in the Portable Document Format (PDF) version of the schedule because of a technical error. This error created an ambiguous disposition. DAA-0095-2018-0099-0001 will now supersede N1-095-10-010 item 157. Both the 2018 item and the superseded item have temporary dispositions, and the retention period is the same.**Laurence Brewer,**
Chief Records Officer for the U.S. Government.

BILLING CODE 7515-01-P**OFFICE OF THE DIRECTOR OF NATIONAL INTELLIGENCE****Notice of Establishment of the National Intelligence University (NIU) Board of Visitors (BoV)****AGENCY:** Office of the Director of National Intelligence (ODNI).**ACTION:** Notice.**SUMMARY:** The ODNI, announces the establishment of the NIU BoV by the Director of National Intelligence (DNI). The BoV will provide the DNI with independent advice and recommendations on matters concerning the NIU. Duration of this Board is for two years unless renewed by the DNI.**DATES:** The proposed NIU BoV Charter will be filed on December 26, 2022 unless comments are received that result in a contrary determination.**FOR FURTHER INFORMATION CONTACT:** Executive Vice President, NIU, ODNI, Patricia Larsen, 301-243-2121, excom@odni.gov.**SUPPLEMENTARY INFORMATION:****I. Background and Authority**

Pursuant to 50 U.S.C. 3227c, 41 CFR part 102-3, and the Federal Advisory Committee Act of 1972 (5 U.S.C. appendix, as amended), the ODNI, announces the establishment of the NIU BoV by the Director of National Intelligence (DNI).

The NIU is the Intelligence Community's (IC) sole accredited, federal degree-granting institution. Cleared government students, representing a mixture from federal agencies and all branches of the United States Armed Services, come to NIU to gain knowledge, drive debate, participate in collaborative learning and information sharing, and engage in research concerning intelligence and national security topics in a classified setting. Previously, NIU was part of the Defense Intelligence Agency (DIA). However, Congress subsequently mandated that the DNI and the Secretary of Defense work together to transition the NIU from the DIA and into the ODNI. See Section 5324(b)(1) of the National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2020 (Pub. L. 116-92).

The NIU BoV shall provide the DNI independent advice and recommendations on NIU matters, including, but not limited to, mission, policy, accreditation, faculty, students, facilities, curricula, educational methods, research, and administration. The BoV fulfills a key element of the NIU's accreditation in ensuring that its primary purpose is educational and that it operates as an academic institution with appropriate autonomy. As such, its functions cannot be performed by the ODNI, another existing committee, or other means.

The NIU BoV is essential to the NIU's administration and continued accreditation. As the IC's sole degree-granting institution for intelligence education, in-depth research, and interagency engagement. NIU's continued service to the national security community, under BoV guidance, is in the public interest.

II. Structure

The Board shall consist of up to 12 members, including the Chair. Members

are appointed to provide advice on the basis of their best judgment without representing any particular points of view and in a manner that is free from conflict of interest.

The members and chair shall possess extensive professional experience in the fields of national intelligence, national defense, or academia.

As necessary, subordinate subcommittees may be established with the approval of the DNI or designee to perform specific functions within the Board's purview.

Members shall be invited to serve for consecutive terms of one year, for a total not to exceed six years.

Meetings shall be held a minimum of two times per year at the call of the Designated Federal Official or designee who shall approve the agenda and shall be present at all meetings.

III. Compensation

NIU BoV members who are not Regular Government Employees (RGE) will not be paid salaries, wages, or compensation attributable to their services. If necessary and if requested, members may be reimbursed for travel and daily expenses incurred in connection with their service in accordance with the Federal Travel Regulations. Participating RGEs will continue to receive their government salary and may receive government per diem and travel allowances for any applicable NIU BOV-related work.

Dated: December 7, 2022.

Robert A. Newton,

Deputy Chief Operating Officer.

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request.

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to establish this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by February 13, 2023 to be assured consideration. Comments

received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite E7400, Alexandria, Virginia 22314; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: National Science Foundation (NSF) Directorate for Technology, Innovation and Partnerships (TIP) Reviewer Request Form.

OMB Control No.: 3145-New.

Expiration Date of Approval: Not applicable.

Abstract: NSF has advanced the full spectrum of fundamental research and education in all fields of science, technology, engineering and mathematics, or STEM, for more than 70 years—from foundational, curiosity-driven research that has led to new knowledge about our world, to use-inspired, solution-oriented research that has directly impacted people's everyday lives. At every stage, investments across this spectrum have been deeply intertwined.

NSF's Directorate for Technology, Innovation, and Partnerships (TIP) doubles down on the agency's commitment to support use-inspired research and the translation of research results to the market and society. In doing so, the new directorate strengthens the intense interplay between foundational and use-inspired work, enhancing the full cycle of discovery and innovation. This is best illustrated through the programs within the TIP Directorate portfolio—America's Seed Fund, Convergence Accelerator, Innovation Corps (I-Corps), Partnerships for Innovation, Pathways to Enable Open-Source Ecosystems, and Regional Innovation Engines—all reflect and represent the various phases of the technology transition/translation spectrum, while accentuating the core theme of use-inspired and solution-oriented research.

Due to the specialized nature of these programs, it is necessary for the TIP Directorate to refine its reviewer recruitment efforts and reach out to individuals that have the adequate and appropriate combinations of expertise and experience to serve as proposal

reviewers for these programs. To recruit cognizant reviewers that have the set of unique skills and credentials—ones that meet and align well with the needs of these programs, the NSF TIP Directorate requests the Office of Management and Budget (OMB) approval of a customizable, directorate-wide *Reviewer Request Form* to collect information that is germane and bespoke to each program within the TIP Directorate.

There are two parts to the Form. The first part is similar to the agency-wide Reviewer Request Form (NSF 428A), in that information pertaining to the individual's name, contact information, demographics, education level, and professional experience will be asked. The second part will vary based on the program, as some programs in TIP are more topically-driven, and/or theme-focused than others. The information collected on the second part encompasses, but is not limited to, the following areas: type of employing institutions, areas of expertise, provision of the individual's LinkedIn or professional web page, and potential conflict of interests. Such data collection will enable the Program Directors to better assess whether the combination of experience, expertise, and skills of the interested individuals are adequate and well-suited to help the programs to evaluate proposals through the merit review criteria as set forth by the agency and the National Science Board. (For more information on NSF merit review principles and criteria, please consult the NSF Proposal & Award Policies & Procedures Guides (PAPPG), Chapter III.A.)

Following standard OMB requirements, NSF will require OMB approval in advance and provide OMB with a copy of the form containing these questions and/or data fields. Data collected will be used strictly for reviewer recruiting purposes. The data collection burden to the individuals will be limited to no more than 10 minutes of the respondents' time in each instance.

Respondents: The respondents generally have the education and/or experience level commensurate to a university assistant professor.

Estimated Number of Annual Respondents: 3,500.

Burden on the Public: The overall annualized cost to the respondents is estimated to be \$25,718. The following table shows the annualized estimate of costs to the respondents who generally have the education and/or experience level commensurate to university assistant professors. This estimated hourly rate is based on a report from the American Association of University
