SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA are proposing to amend the FAR to implement regulatory changes made by the Small Business Administration (SBA), in its final rule published in the **Federal Register** at 85 FR 66146 on October 16, 2020. SBA initiated a review of its regulations in response to the prior administration’s government-wide regulatory reform initiative. As a result, SBA revised the 8(a) program regulations to more clearly articulate SBA’s intent with regard to certain aspects of the 8(a) program to eliminate confusion and decrease burdens on procuring activities and 8(a) participants.

II. Discussion and Analysis

This rule proposes to modify subparts 19.6 and 19.8 as follows:

- Modify FAR 19.601(c) to clarify that the certificate of competency program is not applicable to 8(a) sole-source awards (see 13 CFR 125.5(a)(1)).
- Modify the heading at 19.804-5 to add blanket purchase agreements (BPAs) and add text to require that BPAs issued under part 13, including orders placed under part 13 BPAs, must be offered to, and accepted by SBA (see 13 CFR 124.503(h)).
- Modify FAR 19.805-2 to clarify 8(a) participants’ eligibility criteria for two-step design-build competitive procurements (see 13 CFR

124.507(d)(3)); and FAR 19.808-1 to clarify eligibility criteria for 8(a) sole-source awards (see 13 CFR 124.501(g)).

- Revise 19.808-2 to add “follow-on 8(a) acquisitions”.
- New text is proposed at section 19.810(a) to specify that SBA may appeal a contracting officer’s decision that an acquisition previously procured under the 8(a) program is a new requirement not subject to the release requirements set forth in 13 CFR 124.504(d) (see 13 CFR 124.505(a)).
- Modify the heading at 19.815 to add notification requirements.
- Add new text at 19.815(d) and 19.815(e) to address notification requirements when a contracting officer decides that a requirement, previously procured under the 8(a) program, is a new requirement and not a follow-on requirement to an 8(a) contract; and when the procuring activity intends to procure a follow-on requirement using an existing limited competition contracting vehicle that is not available to all 8(a) participants and the current or previous 8(a) contract was available to all 8(a) participants.
- Add new text at 19.815(f) to address notification requirements when a mandatory source will be used for a follow-on requirement to an 8(a) contract (see 13 CFR 124.504(d)(4)(ii)).
- Modify 19.816(c) to add a reference to SBA’s eligibility criteria.

III. Applicability to Contracts at or Below the Simplified Acquisition Threshold (SAT) and for Commercial Products, Including Commercially Available Off-the-Shelf (COTS) Items or for Commercial Services

This rule does not create new solicitation provisions or contract clauses or impact any existing provisions or clauses.

IV. Expected Impact of the Rule

This proposed rule implements SBA’s final rule issued on October 16, 2020 (85 FR 66146) to update and clarify requirements associated with the 8(a) program. The changes are intended to clarify 8(a) program requirements and eliminate confusion among 8(a) concerns and procuring activities. The proposed rule will require contracting officers to submit BPAs issued under FAR part 13 and FAR part 13 BPA orders in the 8(a) Program to SBA for acceptance. Contracting officers will also be required to notify SBA of follow-on, non-8(a) procurements, and should notify SBA when a mandatory source
