SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau plans to request clearance from the Office of Management and Budget (OMB) for the collection of data concerning the Housing Vacancy Survey (HVS) to be conducted in conjunction with the Current Population Survey (CPS). The Census Bureau sponsors the HVS, which collects data from a sample of vacant housing units identified in the monthly CPS sample. There are no changes to the proposed data collection since the previous clearance, which expires June 30, 2023.

Collection of the HVS in conjunction with the Current Population Survey began in 1956 and serves a broad array of data users. The HVS provides the only quarterly statistics on rental vacancy rates and homeownership rates for the United States, the four census regions, the 50 states and the District of Columbia, and the 75 largest metropolitan statistical areas (MSAs). Private and public sector organizations use these rates extensively to gauge and

analyze the housing market with regard to supply, cost, and affordability at various points in time.

Policy analysts, program managers, budget analysts, and congressional staff use these data to advise the executive and legislative branches of government with respect to the number and characteristics of units available for occupancy and the suitability of housing initiatives. These data are a component of consumer expenditure statistics. They also are used to project mortgage demand and to measure the adequacy of the supply of rental and homeowner units. In addition, investment firms use the HVS data to analyze market trends and for economic forecasting.

II. Method of Collection

The HVS is collected by both personal visit and telephone interviews in conjunction with the CPS interviewing. The Census Bureau conducts HVS interviews using computer-assisted interviewing with landlords or other knowledgeable people concerning vacant housing units identified in the monthly CPS sample and meeting certain criteria.

III. Data

Form Number(s): None.

Type of Review: Regular submission, Request for an Extension, without Change, of a Currently Approved Collection.

Estimated Number of Respondents: 72,000.

Estimated Time Per Response: 3 minutes.

Estimated Total Annual Burden Hours: 3600.

(This is not the cost of respondents' time, but the indirect costs respondents may incur for such things as purchases of specialized software or hardware needed to report, or expenditures for accounting or records maintenance services required specifically by the collection.)

Legal Authority: Title 13, United States Code, Section 182; and Title 29, United States Code, Section 1.
