

to all Members who transact Non-Priority Customer Complex Orders that take liquidity from the Complex Order Book, including Exposure Complex Orders and Exposure Only Complex Orders, when executed against Priority Customer Complex Orders, excluding Complex Orders executed in the Facilitation Mechanism, Solicited Order Mechanism, and Price Improvement Mechanism. Additionally, the criteria for assessing the surcharge would be uniformly applied to all Members for Taker Fees in both Select and Non-Select Symbols. Continuing to exclude Complex Orders executed in the Facilitation Mechanism, Solicited Order Mechanism, and Price Improvement Mechanism from the proposed Non-Priority Customer Complex Order surcharge is equitable and not unfairly discriminatory because those auction mechanisms are subject to separate pricing. The Exchange desires to continue to encourage participation within those auction mechanisms. Subjecting Exposure Complex Orders and Exposure Only Complex Orders pursuant to Options 3, Section 14(b)(13) and (14) to the note 8 surcharge is equitable and not unfairly discriminatory because there is no separate pricing for these order types that are entered into Complex Exposure within Supplementary .01 to Options 3, Section 14. These order types are exposed upon entry and may not be entered on the Complex Order Book. The Exchange believes it is equitable and not unfairly discriminatory to subject Exposure Complex Orders and Exposure Only Complex Orders to the same pricing as other orders entered into the Complex Order Book which would include the Non-Priority Customer Complex Order surcharge. Any Member may utilize the Facilitation Mechanism, the Solicited Order Mechanism, and the Price Improvement Mechanism³⁴ as well as Exposure Complex Orders and Exposure Only Complex Orders.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

³⁴ The Exchange notes that with respect to the Price Improvement Mechanism, an Initiating Order may not be a solicited order for the account of any Exchange Lead Market Maker, SQT, RSQT or non-streaming Market Maker assigned in the affected series. See Options 3, Section 13(a)(8).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act³⁵ and Rule 19b-4(f)(2)³⁶ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Background

1. The Trust is registered under the Act as an open-end series management investment company. Adviser is the investment adviser to the Funds, each of which is a series of the Trust. Adviser is registered as an investment adviser under the Investment Advisers Act of 1940.

2. Each Fund is a non-diversified exchange-traded fund ("ETF") that operates pursuant to Rule 6c–11 under the Act, which provides that shares of

an ETF can be purchased or redeemed directly from the ETF at net asset value solely by authorized participants ("APs") and only in aggregations of a specified number of shares. Shares of each Fund are listed on Cboe BZX Exchange, Inc. ("Cboe").

3. VanEck Russia ETF's investment objective is to seek to replicate as closely as possible, before fees and expenses, the price and yield performance of the MVIS® Russia Index (the "Russia Index"). VanEck Russia Small-Cap ETF's investment objective is to seek to replicate as closely as possible, before fees and expenses, the price and yield performance of the MVIS® Russia Small-Cap Index (together with the Russia Index, the "Underlying Indexes"). MarketVector Indexes GmbH suspended future rebalances of the Underlying Indexes on March 1, 2022.

4. Applicants state that the request for relief arises from the effect of geopolitical affairs on transactions in the Russian equity markets and on the relevant markets for Russian equity securities generally, and on related clearance and payment systems. As a result of these geopolitical affairs, virtually all of each Fund's direct and indirect holdings of Russian equity securities have become illiquid and are fair valued at or near zero.

5. Effective March 3, 2022 and March 2, 2022, RSX and RSXJ, respectively, temporarily suspended new creations of their shares until further notice due to concerns about newly imposed restrictions impacting the ability of U.S. investors to transact in securities in the applicable Underlying Index, among other reasons.¹ Prior to market open on March 4, 2022, Cboe halted trading of each Fund's shares in light of ongoing issues related to Russia's invasion of Ukraine.

6. Applicants anticipate that each Fund's shares will be delisted by Cboe on a date 15 days after the requested relief is granted and coinciding with the payment of the initial liquidating distribution by the Fund (or an earlier date if Cboe determines in its discretion to delist shares of the Fund, which may occur even if the requested relief is not granted). If shares of a Fund are delisted by Cboe, the Fund will not be able to continue to operate as an ETF, pursuant to Rule 6c–11.

¹ See Exchange-Traded Funds, Investment Company Act Release Number 33646 (Sept. 25, 2019) ("[A]n ETF generally may suspend the issuance of creation units only for a limited time and only due to extraordinary circumstances, such as when the markets on which the ETF's portfolio holdings are traded are closed for a limited period of time.").

7. If the order requested in the Application is granted, pursuant to the Plan of Liquidation and Termination of Series (the "Plan of Liquidation") approved by the Board of Trustees of the Trust (the "Board"), each Fund will distribute in liquidation all of its assets to shareholders, less a reserve in an amount estimated to meet the Fund's outstanding liabilities, the costs of the liquidation, taking into account the political and market uncertainties impacting the sale of Russian securities, and the expenses necessary for the continued limited operation of the Fund through its final termination. Following that distribution, each Fund will have no assets of realizable value (other than the amount so held in reserve), and the Fund's positions in Russian securities will not be transferable by the Fund. If some or all of those Russian securities were at some point before each Fund's final termination determined to have a greater value, it is possible that they would continue not to be transferable at that time. In addition, it is possible that even if Russian securities were able to be sold, local regulations may not permit the proceeds of any such sale(s) to be converted to U.S. dollars which are freely available to a Fund. Each Fund's remaining portfolio assets—the Russian equity securities—will therefore remain in the Fund until they can be sold and converted into U.S. dollars (with the proceeds distributed to the Fund's shareholders) or are permanently written off, in each case as determined by the Adviser and approved by the Board.

8. Applicants believe the requested relief will permit each Fund to liquidate its holdings in the manner described above without the risk that it might be required to meet redemption requests submitted potentially out of the reserve or otherwise when the Fund would have no or few assets to meet the redemption requests. In addition, applicants state that suspension of redemptions prior to the initial distribution in liquidation will ensure that shareholders submitting such redemption requests will participate in the liquidation and also will be entitled to share both in the January 2023 liquidating distribution and any subsequent liquidating distributions. Notwithstanding the present inability to dispose of Russian securities held by each Fund, Applicants have determined to seek the requested order at this time because Applicants believe that liquidation of the Fund is in the best interests of the Fund's shareholders. Without the requested relief, each Fund will be required to satisfy redemption requests

from APs, while other investors would be unable to trade the Fund's shares. Although the Funds have received no redemption orders since the invasion began, it is possible that redemption orders could be received at any time.

9. In addition, as noted above, the Cboe may determine in its discretion to delist shares of the Funds if the requested relief is not granted. A Fund will not be eligible to rely on Rule 6c-11 once the Fund's shares are delisted by Cboe. As a consequence, to the extent that a Fund is obligated to satisfy any individual redemption requests received from non-AP shareholders of the Fund, the Fund would be unable to accept or process such redemption requests from an operational perspective because the Fund and its service providers do not have the operational infrastructure to enable the Fund to engage in non-AP primary market transactions. Each Fund therefore would not, for its part, initiate delisting of the Fund's shares with Cboe until after the requested relief is granted.²

Relief Requested

1. Applicants request an order pursuant to section 22(e) of the Act to suspend the right of redemption with respect to shares of each Fund effective December 28, 2022, and postpone the date of payment of redemption proceeds with respect to redemption orders received on or after December 23, 2022 but not yet paid as of December 28, 2022, for more than seven days after the tender of securities to the Fund, until the Fund completes the liquidation of its portfolio and distributes all its assets to the shareholders, or until the Commission rescinds the order granted herein. Applicants believe that the relief requested is appropriate for the protection of shareholders of the Fund.

Applicants' Legal Analysis

1. Section 22(e)(1) of the Act provides that a registered investment company may not suspend the right of redemption or postpone the date of payment or satisfaction upon redemption of any redeemable security in accordance with its terms for more than seven days after the tender of such security to the company or its designated agent except for any period during which the New York Stock Exchange ("NYSE") is closed other than customary week-end and holiday closings, or during which trading on the NYSE is restricted.

²It is not anticipated that Cboe will delist a Fund's shares before the Fund's requested relief is granted by the SEC.

2. Section 22(e)(3) of the Act provides that redemptions may be suspended by a registered investment company for such other periods as the Commission may by order permit for the protection of security holders of the registered investment company.

3. Applicants submit that granting the requested relief would be for the protection of the shareholders of each Fund, as provided in section 22(e)(3) of the Act. Applicants assert that, in requesting an order by the Commission, the Applicants' goal is to ensure that all of each Fund's shareholders will be treated appropriately and fairly in view of the otherwise detrimental effect on the Fund of the illiquidity of the Fund's investments and the ongoing uncertainty surrounding the Russian equity markets. The requested relief is intended to permit an orderly liquidation of each Fund's portfolio and ensure that all of the Fund's shareholders are protected in the process.

Applicants' Conditions

Applicants agree that any order of the Commission granting the requested relief will be subject to the following conditions:

1. The Board, including a majority of the Independent Trustees,³ will adopt or has adopted the Plan of Liquidation for the orderly liquidation of each Fund's assets and distribution of appropriate payments to the Fund's shareholders.

2. Pending liquidating distributions, each Fund will invest proceeds of cash dispositions of portfolio securities solely in U.S. government securities, money market funds that are registered under the Act and comply with the requirements of Rule 2a-7 under that Act, cash equivalents, securities eligible for purchase by a registered money market fund meeting the requirements of Rule 2a-7 under the Act with legal maturities not in excess of 90 days and, if determined to be necessary to protect the value of a portfolio position in a rights offering or other dilutive transaction, additional securities of the affected issuer.

3. Each Fund's assets will be distributed to the Fund's shareholders solely in accordance with the Plan of Liquidation.

4. Each Fund and the Adviser will make and keep true, accurate, and current all appropriate records, including but not limited to those surrounding the events leading to the requested relief, the Plan of Liquidation,

³"Independent Trustees" means trustees who are not "interested persons" of the Trust, as such term is defined in section 2(a)(19) of the Act.

the sale of Fund portfolio securities, the distribution of Fund assets, and communications with shareholders (including any complaints from shareholders and responses thereto).

5. Each Fund and the Adviser will promptly make available to Commission staff all files, books, records and personnel, as requested, relating to the Fund.

6. Each Fund and the Adviser will provide periodic reporting to Commission staff regarding their activities carried out pursuant to the Plan of Liquidation.

7. The Adviser, its affiliates, and its and their associated persons will not receive any fee for managing the Funds.

8. Each Fund will be in liquidation and will not be engaged and does not propose to engage in any business activities other than those necessary for the protection of its assets, the protection of shareholders, and the winding-up of its affairs, as contemplated by the Plan of Liquidation.

9. Each Fund and the Adviser will appropriately convey accurate and timely information to shareholders of the Fund, before or promptly following the effective date of the liquidation, with regard to the status of the Fund and its liquidation (including posting such information on the Fund's website), and will thereafter from time to time do so to reflect material developments relating to the Fund or its status, including, without limitation, information concerning the dates and amounts of distributions, and press releases and periodic reports, and will maintain a toll-free number to respond to shareholder inquiries.

10. Each Fund and the Adviser shall consult with Commission staff prior to making any material amendments to the Plan of Liquidation.

Commission Finding

Based on the representations and conditions in the application, the Commission permits the temporary suspension of the right of redemption for the protection of each Fund's shareholders. Under the circumstances described in the application, which require immediate action to protect the Funds' shareholders, the Commission concludes that it is not practicable to give notice or an opportunity to request a hearing before issuing the order.

Accordingly, in the matter of VanEck Russia ETF and VanEck Russia Small-Cap ETF, series of VanEck ETF Trust, and Van Eck Associates Corporation (File No. 812-15420),

It is ordered, pursuant to section 22(e)(3) of the Act, that the requested

relief from section 22(e) of the Act is granted with respect to each Fund until it has liquidated, or until the Commission rescinds the order granted herein. This order shall be in effect as of December 28, 2022, with suspension of redemption rights as requested by the Applicants to be effective as of December 28, 2022 and the postponement of payment of redemption proceeds to apply to redemption orders received on or after December 23, 2022 but not yet paid as of December 28, 2022.

By the Commission.

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-496, OMB Control No. 3235-0554]

**Submission for OMB Review;
Comment Request; Extension: Rule
6a-4, Form 1-N**

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995

(44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) has submitted to the Office of Management and Budget (“OMB”) a request for extension of the previously approved collection of information provided for in Rule 6a-4 and Form 1-N, as discussed below. The Code of Federal Regulation citation to this collection of information is 17 CFR 240.6a-4 and 17 CFR 249.10 under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*) (the “Act”).

Section 6 of the Act¹ sets out a framework for the registration and regulation of national securities exchanges. Under the Commodity Futures Modernization Act of 2000, a futures market may trade security futures products by registering as a national securities exchange. Rule 6a-4² sets forth these registration procedures and directs futures markets to submit a notice registration on Form 1-N.³ Form 1-N calls for information regarding how the futures market operates, its rules and procedures, corporate governance, its criteria for membership, its subsidiaries and affiliates, and the security futures products it intends to trade. Rule 6a-4 also requires entities that have submitted an initial Form 1-N to file: (1) amendments to Form 1-N in the event of material changes to the information provided in the initial Form 1-N; (2) periodic updates of certain information provided in the initial Form 1-N; (3) certain information that is provided to the futures market’s members; and (4) a monthly report summarizing the futures market’s trading of security futures products. The information required to be filed with the Commission pursuant to Rule 6a-4 is designed to enable the Commission to carry out its statutorily mandated oversight functions and to ensure that registered and exempt exchanges continue to be in compliance with the Act.

The respondents to the collection of information are futures markets.

The Commission estimates that the total annual burden for all respondents to provide periodic amendments⁴ to keep the Form 1-N accurate and up to date as required under Rule 6a-4(b)(1) would be 30 hours (15 hours/respondent per year × 2 respondents⁵) and \$200 of miscellaneous clerical expenses. The Commission estimates that the total annual burden for all
