Needs and Uses: In a memo dated 26 February 2021, the Secretary of Defense required the Military Departments to ensure that at least half of their identified violence prevention workforce receives initial training by 31 December 2021, with the entire workforce trained by 30 June 2022. To meet this need, the Office of Force Resiliency’s Violence Prevention Cell has developed an integrated violence prevention curriculum, titled DoD SPARX Knowledge, to establish a common base of knowledge within the prevention workforce. The purpose of this information collection is to evaluate the effectiveness of the DoD SPARX Knowledge training program and make improvements to the program, as needed. The curriculum is appropriate for Service Members and DoD civilians serving in violence prevention roles and is broken into modules that align with the prevention process of the Prevention Plan of Action and the data-informed actions of the Integrated Prevention Policy. The overarching goal of the DoD SPARX Knowledge training is to equip the prevention workforce with the appropriate knowledge, skills, and resources to select, implement, and evaluate research-based prevention activities.
