

assessed or enforced by VA, pursuant to the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended (the Act), for calendar year 2023. This correction addresses a typographical error in the published final rule.

DATES: This correction is effective January 17, 2023. The correction is applicable as of January 6, 2023.

FOR FURTHER INFORMATION CONTACT: Stephanie Li, Chief, Regulations Team, Loan Guaranty Service (26), Department of Veterans Affairs, 810 Vermont Avenue NW, Washington, DC 20420, (202) 632-8862. (This is not a toll-free number.)

SUPPLEMENTARY INFORMATION: VA is correcting its regulations published on January 6, 2023, in the *Federal Register* at 88 FR 986 in the final rule “RIN 2900-AR79, Federal Civil Penalties Inflation Adjustment Act Amendments”. The final rule submitted for publication contained a typographical error; specifically, two digits were transposed in the second amendatory instruction. The final rule lists the current amount at 38 CFR 36.4340 as “\$25,067”, but the current amount is “\$25,076”.

List of Subjects in 38 CFR Part 36

Condominiums, Housing, Individuals with disabilities, Loan programs—housing and community development, Loan programs—veterans, Manufactured homes, Mortgage insurance, Reporting and recordkeeping requirements, Veterans.

For the reasons stated in the preamble, 38 CFR part 36 is corrected by making the following correcting amendment:

PART 36—LOAN GUARANTY

■ 1. The authority citation for part 36 continues to read as follows:

Authority: 38 U.S.C. 501 and 3720.

§ 36.4340 [Amended]

■ 2. In § 36.4340, amend paragraphs (k)(1)(i) introductory text and (k)(3) by removing “\$25,076” and adding in its place “\$27,018”.

Jeffrey M. Martin,

Assistant Director, Office of Regulation Policy & Management, Office of General Counsel, Department of Veterans Affairs.

[FR Doc. 2023-00716 Filed 1-13-23; 8:45 am]

BILLING CODE 8320-01-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R09-OAR-2022-0439; FRL-9870-02-R9]

Air Plan Approval; California; San Diego County Air Pollution Control District

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve a revision to the San Diego County Air Pollution Control District’s (SDCAPCD or “District”) portion of the California State Implementation Plan (SIP). This revision concerns a negative declaration for the 2008 8-hour ozone National Ambient Air Quality Standards (NAAQS) in the ozone nonattainment area under the jurisdiction of the SDCAPCD and one volatile organic compound (VOC) rule covering transfer of organic compounds into mobile transport trucks. We are approving a local rule to regulate these emission sources under the Clean Air Act (CAA or “the Act”) and the negative declaration. We are also correcting sections in the Code of Federal Regulations (CFR) to reflect the current

status of certain provisions of the California SIP.

DATES: This rule is effective on February 16, 2023.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R09-OAR-2022-0439. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information. If you need assistance in a language other than English or if you are a person with disabilities who needs a reasonable accommodation at no cost to you, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Donnique Sherman, EPA Region IX, 75 Hawthorne St., San Francisco, CA 94105. By phone: (415) 947-4129 or by email at sherman.donique@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to the EPA.

- I. Proposed Action
- II. Public Comments and EPA Responses
- III. EPA Action
- IV. Incorporation by Reference
- V. Statutory and Executive Order Reviews

I. Proposed Action

On June 3, 2022 (87 FR 33697), the EPA proposed to approve the following submittals into the California SIP.

Local agency	Document title	Adopted/ amended	Submitted
SDCAPCD	Rule 61.2 Transfer of Organic Compounds into Mobile Transport Tanks	02/10/2021	04/20/2021
SDCAPCD	2020 Reasonably Available Control Technology (RACT) Demonstration for the National Ambient Air Quality Standards for Ozone in San Diego County, October 2020— <i>Negative Declaration for Non-CTG Major VOC Sources.</i>	10/14/2020	12/29/2020

As mentioned in our proposed action, these submittals correct deficiencies identified in the EPA’s December 3, 2020 (85 FR 77996) partial disapproval of SDCAPCD’s 2008 Eight-Hour Ozone Reasonably Available Control Technology Demonstration for San Diego County (“2008 RACT SIP”).

SDCAPCD Rule 61.2 is designed to decrease VOC emissions during the transfer of liquid compounds into mobile transport tanks. The submitted negative declaration is a formally adopted declaration that there are currently no sources of VOC emissions in the portion of the ozone

nonattainment area regulated by SDCAPCD that exceed the 100 tons per year VOC threshold for Moderate ozone nonattainment areas and are not covered by a Control Techniques Guidelines (CTG) document. We proposed to approve these submittals because we have determined that they comply with

the relevant CAA requirements. Our proposed action contains more information on the submittals and our evaluation.

II. Public Comments and EPA Responses

The EPA's proposed action provided a 30-day public comment period. During the comment period we received one comment in support of the EPA's June 3, 2022 proposed action.

III. EPA Action

No comments were submitted that change our assessment of the submittals as described in our proposed action. Therefore, as authorized in section 110(k)(3) of the Act, the EPA is fully approving into the California SIP SDCAPCD's negative declaration for non-CTG major VOC sources for the 2008 RACT SIP Moderate area requirements and Rule 61.2. The February 10, 2021 version of Rule 61.2 will replace the previously approved version of this rule (amended July 26, 2000) in the SIP. The approval of these submittals stops all sanctions and Federal implementation plan clocks started by our December 3, 2020 (85 FR 77996) partial disapproval action on the SDCAPCD 2008 RACT SIP. We are also correcting an error in the CFR concerning another deficiency previously identified in the SDCAPCD 2008 RACT SIP that has since been addressed by the State of California. In our rulemaking promulgating that approval, we failed to remove the language in the CFR that codified the disapproval, which could result in public confusion about the status of the California SIP.

On October 22, 2021 (86 FR 58593), the EPA published a final rule entitled "Air Plan Approval; California; San Diego Air Pollution Control District" that approved revisions to the SDCAPCD portion of the California SIP. That rule approved the February 10, 2021 versions of Rule 67.6.1 and Rule 67.6.2 into the California SIP, replacing previously approved versions of these rules. The revision to Rule 67.6.1 fixed the deficiency identified in our partial disapproval of SDCAPCD's 2008 RACT SIP with respect to the requirement to establish RACT-level controls for sources covered by the "Control Techniques Guidelines for Industrial Cleaning Solvents" (85 FR 77996). However, the EPA's final rule inadvertently failed to include amendatory instructions to remove the industrial cleaning solvents category from the regulatory text at 40 CFR 52.237(b)(2)(i)(D), where it is listed as a disapproved element of SDCAPCD's

RACT SIP. This action corrects the regulatory text to reflect the current status of SDCAPCD's RACT SIP.

In this rule, the EPA will remove the industrial cleaning solvents CTG category from the regulatory text at 40 CFR 52.237(b)(2)(i)(D), as SDCAPCD has met its RACT SIP obligations with respect to this CTG category (86 FR 58593). The EPA has determined that this action falls under the "good cause" exemption in section 553(b)(3)(B) of the Administrative Procedure Act (APA) which, upon finding "good cause," authorizes agencies to dispense with public participation where public notice and comment procedures are impracticable, unnecessary, or contrary to public interest. Public notice and comment for this action is unnecessary because the underlying rules were already subject to a 30-day comment period, and this action is merely updating the regulatory text accordingly. Further, this action is consistent with the purpose and rationale of the final rules. Because this action does not change the EPA's analyses or overall actions, no purpose would be served by additional public notice and comment. Consequently, additional public notice and comment are unnecessary.

IV. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of SDCAPCD Rule 61.2, "Transport of Organic Compounds into Mobile Transport Tanks," revision adopted on February 10, 2021, which regulates VOC emissions during the transfer of liquid compounds into mobile transport tanks. The EPA has made, and will continue to make, these documents available through www.regulations.gov and at the EPA Region IX Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

V. Statutory and Executive Order Reviews

Additional information about these statutes and Executive orders can be found at <https://www.epa.gov/laws-regulations/laws-and-executive-orders>.

A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

This action is not a significant regulatory action and was therefore not

submitted to the Office of Management and Budget (OMB) for review.

B. Paperwork Reduction Act (PRA)

This action does not impose an information collection burden under the PRA because this action does not impose additional requirements beyond those imposed by state law.

C. Regulatory Flexibility Act (RFA)

I certify that this action will not have a significant economic impact on a substantial number of small entities under the RFA. This action will not impose any requirements on small entities beyond those imposed by state law.

D. Unfunded Mandates Reform Act (UMRA)

This action does not contain any unfunded mandate as described in UMRA, 2 U.S.C. 1531–1538, and does not significantly or uniquely affect small governments. This action does not impose additional requirements beyond those imposed by state law. Accordingly, no additional costs to state, local, or tribal governments, or to the private sector, will result from this action.

E. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the National Government and the states, or on the distribution of power and responsibilities among the various levels of government.

F. Executive Order 13175: Coordination With Indian Tribal Governments

This action does not have tribal implications, as specified in Executive Order 13175, because the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction, and will not impose substantial direct costs on tribal governments or preempt tribal law. Thus, Executive Order 13175 does not apply to this action.

G. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

The EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that the EPA has reason to believe may disproportionately affect children, per the definition of "covered regulatory action" in section 2–202 of the

Executive order. This action is not subject to Executive Order 13045 because it does not impose additional requirements beyond those imposed by state law.

H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act (NTTAA)

Section 12(d) of the NTTAA directs the EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. The EPA believes that this action is not subject to the requirements of section 12(d) of the NTTAA because application of those requirements would be inconsistent with the CAA.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations

The State did not evaluate environmental justice considerations as part of its SIP submittal. There is no information in the record inconsistent with the stated goals of E.O. 12898 of achieving environmental justice for people of color, low-income populations, and indigenous peoples.

K. Congressional Review Act (CRA)

This action is subject to the CRA, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

L. Petitions for Judicial Review

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by March 20, 2023. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this rule for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: December 16, 2022.
Martha Guzman Aceves,
Regional Administrator, Region IX.

Part 52, chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart F—California

■ 2. Section 52.220 is amended by adding paragraphs (c)(285)(i)(E)(2), (c)(565)(i)(A)(4), and (c)(584)(ii)(A)(4) to read as follows:

§ 52.220 Identification of plan—in part.

- * * * * *
- (c) * * *
- (285) * * *
- (i) * * *
- (E) * * *

(2) Previously approved on August 26, 2003, in paragraph (c)(285)(i)(E)(1) of this section and now deleted with replacement in paragraph (c)(565)(i)(A)(4) of this section, Rule 61.2, amended on July 26, 2000.

- * * * * *
- (565) * * *
- (i) * * *
- (A) * * *

(4) Rule 61.2, “Transport of Organic Compounds into Mobile Transport Tanks,” revision adopted on February 10, 2021.

- * * * * *
- (584) * * *
- (ii) * * *
- (A) * * *

(4) Negative Declaration for Major Non-CTG Stationary Sources of VOC, as submitted in the 2020 Reasonably Available Control Technology Demonstration for the National Ambient Air Quality Standards for Ozone in San Diego County, adopted on October 14, 2020, for the 2008 ozone NAAQS.

* * * * *

■ 3. Section 52.222 is amended by revising paragraph (a)(5)(ii) to read as follows:

§ 52.222 Negative declarations.

- (a) * * *
- (5) * * *

(ii) The following negative declarations for the 2008 ozone NAAQS were adopted by the San Diego County Air Pollution Control District.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R09-OAR-2022-0962; FRL-10505-01-R9]

Finding of Failure To Submit State Implementation Plan Revisions Required Under Clean Air Act Section 185; California; Sacramento Metro Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final action.

SUMMARY: The EPA is taking final action finding that the state of California has failed to submit state implementation plan (SIP) revisions for the Sacramento Metro nonattainment area to satisfy certain requirements of the Clean Air Act (CAA) for the 2008 8-hour ozone National Ambient Air Quality Standards (NAAQS). Specifically, these requirements pertain to the assessment and collection of fees under CAA section 185. This action triggers certain CAA deadlines for the imposition of

sanctions if California does not submit the required SIP revisions within the specified timeframes. This finding also establishes a CAA deadline for the EPA to promulgate federal implementation plans (FIPs) to address the CAA section 185 requirements if the State does not submit or the EPA does not approve the State’s section 185 SIP revisions.

DATES: This action is effective on February 16, 2023.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R09-OAR-2022-0962. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov>, or please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional availability information. If you need assistance in a language other than English or if you are a person with disabilities who needs a reasonable accommodation at no cost to you, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section.

FOR FURTHER INFORMATION CONTACT: Mae Wang, EPA Region IX, 75 Hawthorne

St., San Francisco, CA 94105. By phone: (415) 947-4137 or by email at wang.mae@epa.gov.

SUPPLEMENTARY INFORMATION:

Throughout this document, “we,” “us” and “our” refer to the EPA.

I. Background

A. The Sacramento Metro Ozone Nonattainment Area

The Sacramento Metro ozone nonattainment area in California consists of Sacramento and Yolo counties and portions of El Dorado, Placer, Solano and Sutter counties. For a precise description of the geographic boundaries of the Sacramento Metro area for the 2008 ozone NAAQS, see the Code of Federal Regulations (CFR) at 40 CFR 81.305. Several local air agencies have jurisdiction in this area. Sacramento County is under the jurisdiction of the Sacramento Metropolitan Air Quality Management District (Sacramento Metropolitan AQMD). Yolo County and the eastern portion of Solano County comprise the Yolo-Solano Air Quality Management District (Yolo-Solano AQMD). The southern portion of Sutter County is
