These proposed rate adjustments do not impose an unfunded mandate on state, local, or Tribal governments in the aggregate, or on the private sector, of more than \$130 million per year. They do not have a significant or unique effect on State, local, or Tribal governments or the private sector. Therefore, the Department is not required to prepare a statement containing the information required by the Unfunded Mandates Reform Act (2 U.S.C. 1531 *et seq.*).

Takings (Executive Order 12630)

These proposed rate adjustments do not effect a taking of private property or otherwise have “takings” implications under Executive Order 12630. The proposed rate adjustments do not deprive the public, State, or local governments of rights or property.

Federalism (Executive Order 13132)

Under the criteria in section 1 of Executive Order 13132, these proposed rate adjustments do not have sufficient federalism implications to warrant the preparation of a federalism summary impact statement because they will not affect the States, the relationship between the national government and the States, or the distribution of power and responsibilities among the various levels of government. A federalism summary impact statement is not required.

Civil Justice Reform (Executive Order 12988)

This notice complies with the requirements of Executive Order 12988. Specifically, in issuing this notice, the Department has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct as required by section 3 of Executive Order 12988.

Introduction

Section 743 of Division C of the Consolidated Appropriations Act of 2010 (Pub. L. 111–117) requires civilian agencies to prepare an annual inventory of their service contracts. The analyses help inform agency managers whether contractors are being used appropriately or if rebalancing the workforce may be required.

In addition to the agency analyses, the process includes extracting contract data from the Federal Procurement Data

System (FPDS) and the System for Award Management (SAM) and the consolidated output file is posted for public use.

The Inventory provides information on service contract actions over \$25,000 that the Department made in FY 2020. The information is organized by function to show how contracted resources are distributed throughout the Department. The Department’s analysis of its Service Contract Inventory is summarized in the FY 2020 Service Contract Inventory Report. The 2020 Report was developed in accordance with guidance issued on December 19, 2011, and November 5, 2010, by the Office of Management and Budget’s Office of Federal Procurement Policy.
