Safety Zones Update**

AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

Through this rulemaking, the current list of recurring safety zones is proposed to be updated with revisions, additional events, and removal of events that no longer take place. This proposed rule would reduce administrative costs involved in producing separate proposed rules for each individual recurring safety zone and serve to provide notification of the known recurring safety zones throughout the year. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before February 22, 2023.

ADDRESSES: You may submit comments identified by docket number USCG-2022-0928 using the Federal Decision Making Portal at <https://www.regulations.gov>. NPRM Notice of proposed rulemaking
§ Section

AOR Area of Responsibility

II. Background, Purpose, and Legal Basis

The Captain of the Port Sector Ohio Valley (COTP) proposes to amend section 165.801 of Title 33 of the Code of Federal Regulations (CFR) to update our regulations for annual fireworks displays and other events in the Eighth Coast Guard District requiring safety zones with respect to those in Sector Ohio Valley.

The current list of annual and recurring safety zones in Sector Ohio Valley's area of responsibility (AOR) is published under Table 1 of 33 CFR 165.801 for annual safety zones in the AOR.

The Coast Guard proposes to amend and update the safety zone regulations under 33 CFR part 165 to include the most up to date list of recurring safety zones for events held on or around navigable waters within Sector Ohio Valley's AOR. These events include air shows, fireworks displays, and other marine related events requiring a

limited access area restricting vessel traffic for safety purposes. The current list in 33 CFR 165.801 needs to be amended to provide new information on existing safety zones, and to include new safety zones expected to recur annually or biannually, and to remove safety zones that are no longer required. Issuing individual regulations for each new safety zone, amendment, or removal of an existing safety zone would create unnecessary administrative costs and burdens. This single proposed rulemaking would considerably reduce administrative overhead and provide the public with notice through publication in the **Federal Register** of the upcoming recurring safety zone regulations.

The Coast Guard encourages the public to participate in this proposed rulemaking through the comment process so that any necessary changes can be identified and implemented in a timely and efficient manner. The Coast Guard will address all public comments

accordingly, whether through response, additional revision to the regulation, or otherwise.

III. Discussion of Proposed Rule

Part 165 of 33 CFR contains regulations establishing limited access areas to restrict vessel traffic for the safety of persons and property. Section 165.801 establishes recurring safety zones to restrict vessel transit into and through specified areas to protect spectators, mariners, and other persons and property from potential hazards presented during certain events taking place in the AOR. This section requires amendment from time to time to properly reflect the recurring safety zone regulations in the AOR. This proposed rule would amend and update § 165.801 by revising the current Table 1.

This proposed rule would add the following 8 safety zones to the existing Table 1 of section 165.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area
1 day in June	Juneteenth/Black Complex of Louisville.	Louisville, KY	Ohio River, Miles 603.5–604.5 (Kentucky).
1 day in June	CMA Festival Fireworks	Nashville, TN	Cumberland River, Miles 190–191 (Tennessee).
1 day in July	Clarksville Independence Day Fireworks.	Ashland City, TN	Cumberland River, Miles 127–129 (Tennessee).
1 day in July	Gallatin Marina Fireworks	Gallatin, TN	Cumberland River, Miles 236.5–237.5 (Tennessee).
1 day in August	Music City Grand Prix Fireworks	Nashville, TN	Cumberland River, Miles 190–191 (Tennessee).
1 day in August	Nashville ASAE Fireworks	Nashville, TN	Cumberland River, Miles 190–191 (Tennessee).
3 Days in August	Music City Grand Prix	Nashville, TN	Cumberland River, Miles 190–191 (Tennessee).
1 day—Saturday before Memorial Day	Ironton-Lawrence County Memorial Day Fireworks.	Ironton, OH	Ohio River, Mile 328 (West Virginia).

These new recurring events would be reflected in the table in the general date order in which they will occur, and the

current recurring events would be reordered, as shown in the proposed regulatory text below.

This proposed rule would amend the following 4 safety zones to the existing Table 1 section 165.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area	Previously
1 day—within 2 weeks of Thanksgiving.	Pittsburgh Downtown Partnership/Light Up Night.	Pittsburgh, PA	Allegheny River, Mile 0.0–1.0 (Pennsylvania).	1 day—Friday before Thanksgiving.
1 day—First Sunday in June ..	West Virginia Orchestra/Symphony Sunday.	Charleston, WV	Kanawha River, Miles 59.5–60.5 (West Virginia).	1. 1 day—One weekend in June.
1 day—Last weekend in June or First weekend in July.	City of Point Pleasant Liberty Fest.	Point Pleasant, WV	Ohio River, Miles 265.2–266.2, Kanawha River Miles 0.0–0.5 (West Virginia).	City of Point Pleasant/Point Pleasant Sternwheel Fireworks.
1 day—First week or weekend in July.	Middleport Independence Day Celebration.	Middleport, OH	Ohio River, Miles 251.5–252.5 (Ohio) ..	Middleport Community Association.

This proposed rule would remove the following 4 safety zones from the

existing Table 1 section 165.801 as follows:

Date	Event/sponsor	Ohio Valley location	Regulated area
1 day—First weekend or week in July	Queen's Landing Fireworks	Greenup, KY	Ohio River, Miles 339.3–340.3 (West Virginia).

Date	Event/sponsor	Ohio Valley location	Regulated area
1 day—Labor Day	Portsmouth Labor Day Fireworks/ Hamburg Fireworks.	Portsmouth, OH	Ohio River, Mile 355.8–356.8 (Ohio).
1 day—Labor Day or first week of Sep- tember.	Labor Day Fireworks Show	Marmet, WV	Kanawha River, Miles 67.5–68 (West Virginia).
1 day—One weekend in September	Boomtown Days—Fireworks	Nitro, WV	Kanawha River, Miles 43.1–44.2 (West Virginia).

The effect of this proposed rule would be to restrict general navigation in the safety zones during the events. Vessels intending to transit the designated waterway through the safety zones would only be allowed to transit the area when the COTP, or a designated representative, has deemed it safe to do so or at the completion of the event. The proposed annually recurring safety zones are necessary to provide for the safety of life on navigable waters during the events.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB).

The Coast Guard expects the economic impact of this proposed rule to be minimal, therefore a full regulatory evaluation is unnecessary. This proposed rule would establish safety zones limiting access to certain areas under 33 CFR part 165 within Sector Ohio Valley’s AOR. The effect of this proposed rulemaking would not be significant because these safety zones would be limited in scope and duration. Additionally, the public would be given advance notification through the **Federal Register**, and/or Notices of Enforcement and, thus, will be able to plan operations around the safety zones. Broadcast Notices to Mariners, Local Notices to Mariners, and Safety Marine Information Broadcasts would inform the community of these safety zones. Vessel traffic would be allowed to request permission from the COTP or a designated representative to enter the

restricted areas. Broadcast Notices to Mariners, Local Notices to Mariners, and Safety Marine Information Broadcasts would inform the community of these safety zones. Vessel traffic would be allowed to request permission from the COTP or a designated representative to enter the restricted areas.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section IV.A above this proposed rule would not have a significant economic impact on any vessel owner or operator.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this proposed rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the proposed rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please call or email the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the potential effects of this proposed rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1,

associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A preliminary Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to call or email the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and

will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

Public comments will also be placed in our online docket and can be viewed by following instructions on the <https://www.regulations.gov> Frequently Asked Questions web page. We review all comments received, but we will only post comments that address the topic of the proposed rule. We may choose not

to post off-topic, inappropriate, or duplicate comments that we receive.

Personal information. We accept anonymous comments. Comments we post to <https://www.regulations.gov> will include any personal information you have provided. SUPPLEMENTARY INFORMATION:

The Postal Service is proposing to revise subsection 503.2.1 to require commercial cash deposits over \$500.00 be sent using Registered Mail® service.

As more business customers look to the Postal Service to mail their cash deposits, it has become necessary to determine the most appropriate method to meet this mailing need. As a result, the Postal Service has determined that requiring commercial cash deposits over \$500.00 be sent using Registered Mail, our most secured service, would benefit both customers and the Postal Service.

In addition, the Postal Service is proposing to add new subsection 601.1.3, Mailing Currency, to provide clarity in the mailing of currency including the requirement to send commercial cash deposits over \$500.00 as Registered Mail.

The Postal Service is proposing to implement this change effective March 1, 2023.

The Postal Service believes this proposed revision will provide customers with a safe and secure service for their mailing needs.

Although exempt from the notice and comment requirements of the Administrative Procedure Act (5 U.S.C. 553(b), (c)) regarding proposed rulemaking by 39 U.S.C. 410(a), the Postal Service invites public comment on the following proposed revisions to Mailing Standards of the United States Postal Service, Domestic Mail Manual (DMM), incorporated by reference in the Code of Federal Regulations. See 39 CFR 111.1.

We will publish an appropriate amendment to 39 CFR part 111 to reflect these changes.
