BILLING CODE 9111-64-P

DEPARTMENT OF HOMELAND SECURITY

Transportation Security Administration

Intent To Request Extension From OMB of One Current Public Collection of Information: Transportation Security Officer Medical Questionnaire

AGENCY: Transportation Security Administration, DHS.

ACTION: 60-Day notice.

SUMMARY: The Transportation Security Administration (TSA) invites public comment on one currently approved Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0032, abstracted below, that we will submit to OMB for an extension in compliance with the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves using a questionnaire to collect medical information from candidates for the job of Transportation Security Officer (TSO) to ensure applicants are qualified to perform TSO duties.

DATES: Send your comments by March 31, 2023.

ADDRESSES: Comments may be emailed to TSAPRA@tsa.dhs.gov or delivered to the TSA PRA Officer, Information Technology (IT), TSA-11, Transportation Security Administration, 6595 Springfield Center Drive, Springfield, VA 20598-6011.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh at the above address, or by telephone (571) 227-2062.

SUPPLEMENTARY INFORMATION:

Comments Invited

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

- (1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

OMB Number 1652-0032; Security Officer Medical Questionnaire. TSA collects relevant medical information from TSO candidates who have successfully completed certain prior steps in the hiring process. This information is used to assess whether the TSO candidates meet the medical qualification standards the agency has established pursuant to 49 U.S.C. 44935. TSA currently collects this information using a medical questionnaire completed by TSO candidates. The medical questionnaire is used in concert with information collected during a physical medical exam to evaluate a candidate's physical and medical qualifications to be a TSO, including visual and aural acuity, and physical coordination and motor skills.

Historical data indicates that on average 22,500 candidates for TSO positions annually complete medical exams. The medical questionnaire takes approximately 45 minutes (0.75 hours) for the candidates to complete, resulting in an estimated burden of 16,875 hours. Also, TSA estimates the average round-trip travel time to a TSA-contracted physician's office to be 54 minutes (0.9 hours), for an estimated hour burden of 20,250 hours (22,500 × 54 minutes). The estimated total burden time for the completion of the medical questionnaire is 37,125 (16,875 + 20,250) annual hours.

Dated: January 25, 2023.

Christina A. Walsh,

TSA Paperwork Reduction Act Officer, Information Technology.

DEPARTMENT OF HOMELAND SECURITY

U.S. Citizenship and Immigration Services

[OMB Control Number 1615-0003]

Agency Information Collection Activities; Revision of a Currently Approved Collection: Application To Extend/Change Nonimmigrant Status

AGENCY: U.S. Citizenship and Immigration Services, Department of Homeland Security.

ACTION: 60-Day notice.

SUMMARY: The Department of Homeland Security (DHS), U.S. Citizenship and Immigration (USCIS) invites the general public and other Federal agencies to comment upon this proposed extension of a currently approved collection of information. In accordance with the Paperwork Reduction Act (PRA) of 1995, the information collection notice is published in the **Federal Register** to obtain comments regarding the nature of the information collection, the categories of respondents, the estimated burden (*i.e.*, the time, effort, and resources used by the respondents to respond), the estimated cost to the respondent, and the actual information collection instruments.

DATES: Comments are encouraged and will be accepted for 60 days until March 31, 2023.

ADDRESSES: All submissions received must include the OMB Control Number 1615-0003 in the body of the letter, the agency name and Docket ID USCIS-2007-0038. Submit comments via the Federal eRulemaking Portal website at <http://www.regulations.gov> under e-Docket ID number USCIS-2007-0038.

FOR FURTHER INFORMATION CONTACT: USCIS, Office of Policy and Strategy, Regulatory Coordination Division, Samantha Deshommes, Chief, telephone number (240) 721-3000 (This is not a toll-free number. Comments are not accepted via telephone message). Please note contact information provided here is solely for questions regarding this notice. It is not for individual case status inquiries. Applicants seeking information about the status of their individual cases can check Case Status Online, available at the USCIS website

at <https://www.uscis.gov>, or call the USCIS Contact Center at 800-375-5283 (TTY 800-767-1833).

SUPPLEMENTARY INFORMATION:

Comments

You may access the information collection instrument with instructions, or additional information by visiting the Federal eRulemaking Portal site at: <http://www.regulations.gov> and enter USCIS-2007-0038 in the search box. All submissions will be posted, without change, to the Federal eRulemaking Portal at <http://www.regulations.gov>, and will include any personal information you provide. Therefore, submitting this information makes it public. You may wish to consider limiting the amount of personal information that you provide in any voluntary submission you make to DHS. DHS may withhold information provided in comments from public viewing that it determines may impact the privacy of an individual or is offensive. For additional information, please read the Privacy Act notice that is available via the link in the footer of <http://www.regulations.gov>.

Written comments and suggestions from the public and affected agencies should address one or more of the following four points:

(1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

(1) *Type of Information Collection:* Revision of a Currently Approved Collection.

(2) *Title of the Form/Collection:* Application to Extend/Change Nonimmigrant Status.

(3) *Agency form number, if any, and the applicable component of the DHS*

sponsoring the collection: Form I-539 and I-539A; USCIS.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract: Primary:* Individuals and Households. This form will be used for nonimmigrants to apply for an extension of stay, for a change to another nonimmigrant classification, or for obtaining V nonimmigrant classification.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The estimated total number of respondents for the information collection Form I-539 (paper) is 217,000 and the estimated hour burden per response is 1.85 hours, the estimated total number of respondents for the information collection I-539 (electronic) is 93,000 and the estimated hour burden per response is 1 hour; and the estimated total number of respondents for the information collection I-539A is 114,044.

(6) *An estimate of the total public burden (in hours) associated with the collection:* The total estimated annual hour burden associated with this collection is 534,365 hours.

(7) *An estimate of the total public burden (in cost) associated with the collection:* The estimated total annual cost burden associated with this collection of information is \$69,874,000.

Dated: January 23, 2023.

Jerry L. Rigdon,

Deputy Chief, Regulatory Coordination Division, Office of Policy and Strategy, U.S. Citizenship and Immigration Services, Department of Homeland Security.

BILLING CODE 9111-97-P

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX23GS00EMMA900]

Request for Comments on Helium Supply Risk

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice of opportunity for public comment.

SUMMARY: In light of recent geopolitical events and concurrent with the return of primary helium data-collection responsibility from the Bureau of Land Management (BLM) to the U.S. Geological Survey (USGS), the USGS is soliciting input from the public, including domestic helium users, that will aid the USGS in analyzing whether

there is an increasing risk of helium-supply disruption; whether that risk stems from supply from countries that may be unwilling or unable to continue to supply the United States; and whether those risks pose a significant likelihood of increasing the Nation's import reliance or creating a concentration and risk of permanent or intermittent supply disruptions from a small number of international or domestic supply sources. The USGS is also soliciting input that will aid the USGS in analyzing whether potential disruptions to helium supply would jeopardize manufacturing or use of products vital to the defense, healthcare, aerospace, consumer electronics, and other industries.

DATES: Please submit written comments by March 16, 2023.

ADDRESSES: You may submit written comments online at <http://www.regulations.gov> by entering "DOI-2022-0012" in the Search bar and clicking "Search," or by mail to Request for comments on Helium Supply Risk, MS-102, U.S. Geological Survey, 12201 Sunrise Valley Dr, Reston, VA 20192.

FOR FURTHER INFORMATION CONTACT: James Mosley, (703) 648-6312, jmosley@usgs.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: Helium is important to the U.S. economy, with uses including magnetic resonance imaging, lifting gas, analytical and laboratory applications, electronics and semiconductor manufacturing, welding, engineering and scientific applications, and various minor applications.¹ At present, the United States is the world's leading helium producer and is a net exporter of helium. In 2021, fifteen plants in the United States extracted helium from natural gas and produced crude helium; two plants extracted helium from natural gas and produced Grade-A helium; and three plants purified helium from other sources to produce Grade-A helium. Helium production outside the United States was concentrated primarily in Qatar and Algeria. Both countries, as well as Canada, Russia, and Tanzania, have the
